

Fessenden's weekend programming is unparalleled, with dozens of options every weekend (and more than 800 over a school year). Here is a glimpse of our most recent weekend trips!

## The Program

Fessenden's weekend programming is the best in the country. With **20 to 25 options offered each weekend**, boys choose from professional and collegiate sporting events; festivals and cultural happenings in and around Boston, including visits to world-renowned museums and historic sites; world-class music and theatrical performances; skiing, sailing, fishing, and hiking—or maybe just dinner and a movie at a dorm family's apartment.
