ANNUAL REPORT

MISSION

By providing a supportive community and close personal attention to its students, Vermont Academy develops confident, active learners and respectful citizens.

Vermont Academy

“Since March of last year, nothing has gone as planned. Yet time and time again, our community has adjusted, has learned, has coped, and has succeeded in finding light and passion and success during a time when many have not.”

—DR. JENNIFER L. ZACCARA, Head of School

Dear Vermont Academy Community,

Our country's second President, John Adams, famously said, “Every problem is an opportunity in disguise.” This past year surely tested this adage – and I firmly believe it to be true. I have watched my administrative team, faculty, and students wrestle with problems that, in the end, have made us all better.

So, as I share this year's annual report with you, one word comes to mind: Grateful.

Since last winter, I have seen so many wonderful acts of kindness and generosity. I have witnessed so many people striving to be their best selves. While it might be easy to feel overwhelmed, I am hopeful and grateful.

I am grateful for the amazing work completed by our faculty and staff. Last spring, when the COVID-19 pandemic spread quickly and the Governor of Vermont shut down schools for the remainder of the year, our faculty and staff rallied. They created an online curriculum that gained high praise from parents and students alike. They developed virtual student life activities that maintained our community connection across time zones. A core group met tirelessly for hours on end, month after month, to reopen the school in a safe and healthy way. Countless investments were made to the campus, including temporary outdoor classrooms, personal protective measures like plexiglass shields in bathrooms, and the donation of antigen testing machines to allow for rapid Covid-19 testing. We created new outdoor traditions like movies and video games projected on Horowitz Performing Arts Hall and glow-in-the-dark volleyball tournaments. The result: Our student body has never been healthier! And we have not had a case of Covid-19 on campus this year.

I am especially grateful for the generosity of our supporters. While the world's economy ground to a halt with factories and businesses shuttered, while unemployment figures climbed to record highs, and while financial markets faced a questionable future, our alumni, faculty, staff, parents and students helped us shatter our fundraising records. Our “One Day for VA” fundraising event on May 5 raised over \$178,000 with 369 donors – well over twice the amount raised the previous year! Mr. Dick Whitcomb '55 gave a generous \$50,000 match that compelled others to dig deep, and he deserves special thanks, as does Herb Ellis '53, whose significant gift pushed us over the top! The success of this day and the willingness of our supporters to stretch and donate more than ever before pushed our annual fund past its \$850,000 goal to \$1,021,836 – a new record! Thank you so much for your support.

I am grateful for our school's core beliefs. Two specific ones come to mind: “Each member of the Vermont Academy community cultivates strengths and seeks to overcome challenges,” and “Each member of the Vermont Academy community seeks and gives help when appropriate.” Since March of last year, nothing has gone as planned. Yet time and time again, our community has adjusted, has learned, has coped, and has succeeded in finding light and passion and success during a time when many have not. Our students will only become stronger by living through these times and by watching us overcome the challenges we face, whether through our own strengths or through the help of others like you.

Thank you for being a member of the Vermont Academy family. Your role in our campus, your voice, and your energy and support helps us plan for the future of our school.

Warm Regards,

“Vermont Academy was the place I learned to be independent and exist without my parents. I developed my sense of self there. It’s the place where I learned to value education and learn the impact of a good teacher on a student.”

—MATT NEUMAN '03

“Vermont Academy was the place where I started creating real relationships. Living there felt like family. Living in Jones, my third-floor hallmates became my best friends. It was a very close-knit group. Athletics changed my life. A very insecure child became a confident young adult through sports and especially my coach. The attention he paid to me and the resulting success on the field made a huge difference for me at Vermont Academy and in my life.”

—DEBORAH WIJNHOFEN '86, CURRENT VERMONT ACADEMY TRUSTEE

“I don’t know where to start when it comes to talking about why I chose to come to VA. Aside from the people, the on-campus ski hill, and the hundreds of acres of all time bike trails, when I had finished my tour I got the feeling that I just belonged here. The people were all so friendly, the students all looked happy and personally said they love it here. Also the nature that the campus is embedded on is nothing you could get tired of.”

“Vermont Academy’s community is so welcoming and has allowed me to try new things and branch out. In this community, students aren’t just good at one thing, they’re athletes, scholars, and artists all at the same time. Vermont Academy has helped me grow in the classroom because my teachers make learning fun, it has helped me become an all around athlete, and a better photographer. VA is a great place to learn new things and better yourself.”

We Ascend Together

THE CAMPAIGN FOR VERMONT ACADEMY'S FUTURE

The steeper the climb, the sharper our focus.

Today's students are growing up during a time of significant unrest and uncertainty, facing challenges that some of us would find insurmountable. At the same time, we recognize how Vermont Academy students answer the call to overcome, to climb, to pursue their dreams with an irrepressible sense of determination.

A Vermont Academy education has never been more relevant than it is today. The demand for innovative thinkers has never been greater. Solving the big problems our world faces has never been more urgent.

As we ascend toward our future together, we look to become the pre-eminent New England small college-preparatory school that successfully traversed the difficult obstacles of today and rose above, better prepared for tomorrow.

You are a catalyst.

Vermont Academy is a destination for explorers, thinkers, doers — students who want to make something happen. The same can be said of our alumni, families, and supporters. You seek impact, to light a spark or solve a problem.

Delivering on the future.

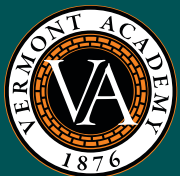

We stand at a pivotal moment in educational history. The economic crisis from the global pandemic has caused significant stress on our students, their families, and, as a result, the School. Your financial support will allow us to invest deeply in our foundation, which will best position us to secure Vermont Academy's future.

To fortify this mission while leading our students on their educational journey in the safest and most accessible space, **we need your support – and flexibility – with gifts today.** We need our supporters to accelerate giving, investing directly – immediately – in the student experience to deliver on our mission at this critical time.

We will begin building our future together with a two-year, \$8 million campaign focused on:

- Shaping the Future with Scholarships
- Reaching New Heights with Program Leadership and Development
- Revitalizing Our Campus with Pride

We invite your partnership and support. Find out more at <http://www.vermontacademy.org/ascend>.
