Bus Service 2012-2013

Policies & Procedures

• Door-to-door service to most areas
• One-way or round-trip service available
• Family savings for two or more children
• Complimentary late bus for round-trip riders and afternoon only riders
• Express bus to several cities
• Service available for children five years and older
Pine Crest maintains an extensive transportation service with 52 vehicles. The buses, all two-way radio and G.P.S. equipped, serve our students to and from homes and school and for athletic team events and class field trips. Our fleet is maintained by Pine Crest mechanics in our own garage. The Transportation Office telephone number in Fort Lauderdale is (954) 492-4150.

Most students are transported door to door. If that cannot be arranged, the family will be given a specific pick up/delivery point. Routes are subject to change. Special savings for families sending more than one rider from the same address are described in this flyer. See last section of this flyer for the location of express bus service.

One-way bus transportation is available. We have calculated the rates to include savings for additional children in the same family using the service.

Transportation is contracted on a half-year basis and charged accordingly. If the transportation contract is cancelled during a half-year period, the charges will be adjusted on the basis of $23.00 per school day for one-way riders and $46.00 per school day for two-way riders from the beginning of the contract until the day the Director of Transportation is notified in writing of the cancellation by the parent. Students not contracted for transportation will pay $23.00 each way for all rides.

We try to collect students as quickly as possible and keep rides as short as possible. Children who are picked up first are usually returned first. Children who are picked up last are usually returned last. This tends to even out the amount of time traveled in each direction. Buses usually arrive at Pine Crest by 7:45AM and leave by 3:55PM.

Four late buses help students participate in extracurricular activities, use campus facilities such as libraries and make use of teachers’ special help sessions. Late bus service is free to round-trip riders and P.M. only riders. A.M. only riders pay $16.00 per use. All other riders will be charged $23.00 per ride. Late buses leave at 6:15PM from the parking garage. Specified group delivery points along the four late bus routes are announced each fall.

SERVICE FOR HALF-DAY CLASSES
On the dates when classes end at noon, buses will depart campus at 12:15. (The Extended Day Program does not operate on half-days.)
