It Happened Here in Norfolk: The World War I Great Potato Harvest – June 21, 1917

“More than 600 Boy Scouts from all over Virginia, including scouts from Norfolk, gathered at the ferries in Norfolk and Old Point (Hampton) to head to the Eastern Shore to answer the call to help save the potato crop and do their patriotic duty. The potato farmers on the Eastern Shore were desperate for help due to a lack of laborers to harvest the annual crops. The farmers appealed to the State for help because the Eastern Shore was the major supplier of potatoes for the eastern part of the United States. Their crop was extremely important to the country and the farmers would lose millions of dollars if the potato crop rotted away. Unfortunately, most of the scouts returned home by July 4th due to lack of supplies from the farmers and appalling living conditions, which consisted of sleeping on damp dirt floors and eating canned beans after working in the fields all day. The few scouts who were able to find better living conditions stayed on to harvest the potatoes.”

What do these sources show you about the willingness of citizens to help the cause?

Part 5 Assessment

Write up a short essay response addressing the origins and nature of twentieth century US government propaganda. Tie this to the expansion of governmental powers during World War One. How and why did the government try to shape the behavior and attitudes of citizens? To what extent were these attempts effective?
