What is a Teen Science Café?

Teen Science Café out-of-school programs are a free, fun way for teens to explore the big advances in science and technology affecting their lives. Teens and STEM experts engage in lively conversations and activities to explore a topic deeply. Learn more: www.teensciencecafe.org

Dallas Zoo Teen Science Café
Invites all High School Students to
*The Mighty Atom: From Discovery to Molecular
Architecture*

Starring Prof. John Sibert, a chemistry professor at the University of
Texas at Dallas.

Come to the FREE Event

There will be Fun

There will be Learning

And Equally Important...

There will be food

Come to the Dallas Zoo | Sunday, Nov. 13 | 4-6 pm
