MIDDLE SCHOOL AND UPPER SCHOOL CAMPS AND CLASSES - GRADES 5-8

2D DIGITAL ART
GRADES 4-8
WEEKS 4, 7
In this camp, students will create 2D Graphics and Animations using Gimp Software. Students will use the tools available in Gimp to make their own characters, objects, backgrounds, and components for future or current games. Students will get the opportunity to make their own art using gimp through different hands-on activities, projects, and tasks set by the teacher. Students will practice creating their own unique components as well as editing created graphics to learn how to customize or create the art they want. You don’t have to be born an artist to make art with Gimp. Students are strongly encouraged to bring a laptop to camp each day.
INSTRUCTORS: Rex Programming
SCHEDULE: June 15-19, 12:30 pm-3:30 pm, July 6-10, 9:00 am-12:00 pm
COST: $205

2D GAME PROGRAMMING
GRADES 4-8
WEEKS 4, 6, 10
Are you interested in going beyond just playing video games? Are you interested in learning how games are created? In this camp students will create 2D games using online coding resources used by professional game designers. Along with learning how to create your own game, you will also learn professional concepts and vocabulary used by programmers and game developers. Students are strongly encouraged to bring a laptop to camp each day.
INSTRUCTORS: Rex Programming
SCHEDULE: June 15-19, July 27-31, 9:00 am-12:00 pm; June 29-July 3, 12:30 pm-3:30 pm
COST: $205

ACTING, STORYTELLING & IMPROV
GRADES 5-8
WEEK 5
Calling all creative thinkers! Join us on a journey to the unknown as we develop our sense of humor and create something amazing. We will engage in storytelling, acting, directing and improv. This camp will help you develop confidence, become a greater team player, increase your ability to focus and become a better listener, as well as improve your ability to speak in public. On the final day, we will show off our skills to our family and friends.
INSTRUCTOR: Greg Browne-Nichols, Greenhill School
SCHEDULE: June 22-26, 9:00 am–3:00 pm
COST: $330

ACTS OF KINDNESS
GRADES 3-5
WEEKS 8, 9
GRADES 5-9
WEEK 2
This week in camp we will learn about each other and what makes each of us unique, talented, giving, and special. We will show kindness to different organizations throughout the week. Charities such as Scottish Rite Hospital or Children’s Medical Center (making blankets), The Birthday Party Project (helping give homeless children birthday parties), Operation Kindness (making toys, walking, and reading to homeless animals), Addison Police/Fire Department or the Austin Street Shelter (making sandwiches and kindness notes).
INSTRUCTOR: Gabby Moscetta, CDC, Greenhill School

COST: $330

ADVANCED INTERNET OF THINGS (IOT): HOME MODIFICATION
GRADES 8-12
WEEK 3
In this IoT Home Automation camp students will learn the science and computer programming that runs our ever-connected world. The Internet of Things (IoT) is the network of physical devices, home appliances, and other items embedded with electronics, software, sensors, actuators, and network connectivity which enables these objects to connect and exchange data. Students will create their own versions of some of the common home automation such as motion detecting cameras and lights that can be programmed to “dance” to music. Core concepts in both machine learning and computer programming will be taught as students both build and program their home automation devices.
INSTRUCTORS: Rex Programming
SCHEDULE: July 8-12, 12:30 pm-3:30 pm
COST: $275

AERIAL YOGA & ART
GRADES 3-6
WEEK 3
In Fly Kids Camp, we’ll experiment with science that pops, fizzes and erupts while exploring how the brain works. During the week we’ll practice self-regulation through yoga, breathing, mindfulness, meditation, mixed in with some art and science projects. We’ll begin the day with an hour of yoga fun on the floor as a warm-up followed by stretching, strength building, inversions and tricks in the Aerial hammocks. For the remainder of the camp, we’ll practice mindfulness, learn how to meditate, play games, and, engage in art or science activities.
INSTRUCTOR: Nikole Swize, Greenhill School
SCHEDULE: June 8-12, 9:00 a.m.-12:00 p.m.
COST: $250

ALL SPORTS
GRADES 2-7
WEEKS 2, 4, 8, 9
This exciting camp provides an opportunity for boys and girls to participate in a variety of sports. Emphasis will be placed on learning the fundamentals and strategies in soccer, basketball, baseball, tennis, volleyball, swimming, floor hockey and much, much more. Players will be grouped by age, gender, and skill level. No student knows too much or too little to enjoy this fun filled camp that stresses knowledge, skill development and appreciation of sports. Additionally, we will take field trips to other facilities to challenge our skill levels by swinging at golf balls at the driving range or cooling off watching a sports movie at the local theater. Required equipment: swimsuit and towel.
COACH: Herman Card, Greenhill School
SCHEDULE: June 1-5, June 15-19, July 13-17, July 20-24, 9:00 am-3:00 pm
COST: $330

ANATOMY FACTS
GRADES 3-5
WEEKS 2, 4, 10
Do you know how fast the nerve signal travels through the body? Can you imagine that a human cell’s DNA, if stretched out, totals about 3 meters in length? Would you believe that our heart moves about 2000 gallons per day? Join us for one-of-a-kind day camp where we gain hands-on experience about human body creating models of cells, organs, and systems.
INSTRUCTOR: Olga Langley, Substitute Teacher, Greenhill School
ANIMATIONS AND PROGRAMMING WITH ALICE
GRADES 5-8 WEEKS 3, 5
In this camp students will create animations and games using the Alice programming language. Noted for its ease and simplicity, Alice was designed at Carnegie Mellon for use in introductory programming classes in high school and college. As they create animated scenes and games using our guided lessons, campers will also learn basic programming theory, computational thinking, debugging techniques, and other fundamental programming skills. This camp is suitable for both experienced and beginning programmers. Students are strongly encouraged to bring a laptop to camp each day.
INSTRUCTORS: Rex Programming
SCHEDULE: June 8-12, 12:30 pm-3:30 pm, June 22-26, 9:00 am–12:00 pm
COST: $205

ART MASH-UP – MIXED MEDIA ADVENTURES
GRADES 6-9 WEEKS 8, 9
Mixed media provides opportunities for campers to express their unique personalities in a variety of ways. Students will use various materials and techniques, such as collage, printmaking, bead making, washi tape silhouettes, and stencil work. We will also work with printmaking supplies, acrylic paint, and watercolors. We will create works of art, cards, and journals for art-making adventures well after the class is over. Each week we’ll create different projects, so plan to attend both classes.
INSTRUCTOR: Rebecca Shuman, Greenhill School
SCHEDULE: July 13-17, July 20-24, 9:00 am–12:00 pm
COST: $190

ART SMART
GRADES 3-5 WEEK 6
Art Smart Summer Camp will provide children an opportunity to discover their creativity in a nurturing environment that encourages self-expression. They will explore a variety of mediums in the visual arts. Campers will have daily activities and projects. Students will be introduced to Drawing and Painting, Ceramics, Storybook Making, and Crafts. They will also develop long lasting friendships and have fun while creating art.
INSTRUCTOR: Rima Zachariah, Greenhill School
SCHEDULE: June 29—July 3, 12:30 pm–3:30 pm
COST: $190

ARTIFICIAL INTELLIGENCE I
GRADES 3-5 WEEK 9
In this computer science camp students will learn about how Al (Artificial Intelligence) is changing the way people interact with technology. We will gain hands-on experience with AI as we program our very own AI and machine learning projects (such as facial recognition) using the Scratch programming language's age-appropriate programming languages and tools. By the end of the camp students will learn how computers learn and begin to think critically about the technology that surrounds us. Students are strongly encouraged to bring a laptop to camp each day.
INSTRUCTORS: Rex Programming
SCHEDULE: July 20-24, 12:30 pm-3:30 pm
COST: $205

ARTIFICIAL INTELLIGENCE II
GRADES 4-8 WEEK 10
In this camp on artificial intelligence students will build and program actual working examples of artificial intelligence processes and software. They also explore the ethical and philosophical implications of AI. The goal of this camp is to gain practical experience with AI technology and gain a greater understanding of its role not only in today’s society but also in tomorrow’s. Students are strongly encouraged to bring a laptop to camp each day.

BABYSITTING 101 - SAFE SITTER
GRADES 5-8 WEEK 3
Gain the basic and essential skills necessary to jumpstart your teenage career in babysitting. We will learn how to pack the perfect babysitting bag, change a diaper, plan fun activities and games, prepare simple meals, feed a baby, and learn basic baby sign language. By the end of the week, you’ll learn how to provide a safe and nurturing environment for the children who are in your care. Basic CPR and first aid training will be provided by a professional.
INSTRUCTOR: Rhiaonnon Reyes, Greenhill School
SCHEDULE: June 8-12, 9:00 am–12:00 pm
COST: $190

BASKETBALL CAMP - ELITE
GRADES 5-9 WEEK 3, 7
Our Basketball Camp is based on a few simple philosophies. We believe athletes should enjoy a lot of game play—each camper has three league games per day. Students need to have a basketball in their hands frequently—our campers have two sessions of ball handling and dribble-move work daily. Campers will receive focused daily instruction on two major fundamentals, rather than scratching the surface with multiple fundamentals, to create more positive results. In addition to game play,
our campers participate in an individual skills contest and in a weeklong team skills competition.

**COACH:** Joey Sims, Greenhill School  
**SCHEDULE:** June 8-12, July 6-10, 9:00 am–3:00 pm  
**COST:** $330

**BEADING GALORE**  
**GRADES 4-6**  | **WEEK 4**
---|---
Grab a friend and join us for a wonderful week of beading galore. We’ll create your very own wearable friendship bracelets, necklaces, and anklets. We’ll do some basic bead stringing, memory wire, bracelets, and necklaces. This class will spark your imagination and bring out your creative side.

**COST:** $190

**BIKING AND RECREATIONAL SWIMMING — ALL SKILL LEVELS**  
**GRADES 1-8**  | **WEEKS 1-11**
---|---
Ready to improve your biking skills? Beginner, intermediate or advanced cyclists are welcome. We’ll divide campers into appropriate groups depending on your skill level. This camp will teach you new skills above your current level as we ride on paths around Greenhill’s 78-acre campus and Addison trails in the surrounding area. Each day we’ll take time to cool off and have fun in our indoor pool. Flotation belts will be provided for students unable to swim the 25 yards. We’ll work to improve our stopping, turning, braking, balance, and riding skills. Campers will need a bike and helmet, swimsuit, swim cap, goggles and a towel. Bikes will be locked each day and stored on campus. We encourage beginner campers to come without training wheels. Please pack a snack and a refillable water bottle.

**COACHES:** Amanda Clarke and Experienced Instructors, Greenhill School  
**SCHEDULE AND COST:** May 26-29 (off May 25, Memorial Day), $160 and weekly from June 1-August 7, 9:00 am–12:00 pm, $200

COOKING WITH TEXTURE
GRADERS 5-8  
WEEK 8
Your chefs-in-the-making will have a great time exploring food and its many textures. How food looks and feels can change when depending on how it’s stored and how it’s prepared. We will enjoy creating and changing the qualities of food while also learning about kitchen safety, proper food handling, and various cooking and baking techniques. Chewy, buttery, or toasted — which will be their favorite?

INSTRUCTOR: Jenny Charney, Former Teacher, Levine Academy  
SCHEDULE: July 13-17, 9:00 am-12:00 pm  
COST: $190

COOL STUFF IN MIDDLE SCHOOL SCIENCE
GRADERS 5–8  
WEEKS 4, 6
We will investigate science in the world around us, each day focusing on something different. On day one, we will use forensic analysis to solve a whodunit using light microscopy and pollen samples. Day two is a look at foods, from DNA in strawberries to the explosive potential of gummy bears. As a snack, we will make our own root beer. Days three and four produce some eye-popping chemistry demonstrations after students learn how to balance reactions. Finally, on day five we will look at physical properties, from seeing carbon dioxide in all three phases to biting marks — as well as a fiber flame test. After looking through all our evidence, we will use the information to solve the crime and figure out who did it! Come join us for a week of fun and exploration.

INSTRUCTOR: Mike Krueger, Greenhill School  
SCHEDULE: June 15-19, June 29-July 3, 12:30 pm–3:30 pm  
COST: $190

CRAFT-A-LICIOUS
GRADERS 3-5  
WEEK 3
It is a perfect summer camp for creative students looking for fun and unique projects. We will use a hula-hoop to make a T-shirt rug, design and make a colorful zipper pouch out of duct tape, pin fabric squares into the foam balls to create woven ornaments, and much more. We’ll have numerous art pieces to take home or share with friends.

INSTRUCTOR: Olga Langley, Substitute Teacher, Greenhill School  
SCHEDULE: June 8-12, 12:30 pm–3:30 pm  
COST: $190

CREATIVE DRAWING FOR KIDS
GRADERS 4–6  
WEEKS 2, 3
This fun, the creative course will introduce aspiring artists to the wonderful world of drawing. You will learn the fundamentals of drawing using simple easy-to-follow methods for building artistic skills. As an artist, you’ll be encouraged to show your individual, creative expression as you form the artistic foundation that will equip you to draw anything you set your mind to.

INSTRUCTOR: Amanda Miller, Allen ISD  
SCHEDULE: June 1-5, June 8-12, 9:00 am–12:00 pm  
COST: $190

CREATIVE WRITING
GRADERS 6-8  
WEEK 10
Do you love to write and want to express yourself more clearly? This class is for everyone from dedicated writers to those struggling to put thoughts on paper. You will expand your writing skills by exploring three forms of writing: fiction, nonfiction, and poetry. Classes will stress the editorial process and include peer and student-teacher conferencing. You’ll also look at published writings for inspiration. You are encouraged to share your writing with the class and to illustrate.

INSTRUCTOR: TBD  
SCHEDULE: July 27-31, 9:00 am–12:00 pm  
COST: $190

CSI – THE CASE OF THE CONTAMINATED CREEK
GRADERS 5–8  
WEEK 2
Let’s try to figure out the mystery! Using scientific methods and investigative techniques, we will analyze macroinvertebrate species, hair samples, glass samples, lip prints, DNA data, and other assorted clues as they try to deduce the mysteries surrounding the case of Crystal Creek. After looking through all our evidence, we will use the information to solve the crime and figure out who did it! Come join us for a week of fun and exploration.

INSTRUCTOR: Sharon Charlebois, Greenhill School  
SCHEDULE: June 1-5, 9:00 am–3:00 pm  
COST: $330

CSI – THE CASE OF THE MISSING MASCOT
GRADERS 5–8  
WEEK 3
Let’s try to figure out the mystery! Using scientific methods and investigative techniques, we will analyze DNA results, use dichotomous keys to identify selected plants, analyze handwriting, fingerprints, and bite marks — as well as a fiber flame test. After looking through all our evidence, we will use the information to solve the crime and figure out who did it! Come join us for a week of fun and exploration.

INSTRUCTOR: Sharon Charlebois, Greenhill School

COST: $190

DISC GOLF FOR MIDDLE SCHOOLERS
GRADERS 5-8  
WEEK 8
Disc golf is one of the fastest growing sports in the country. It is played much like traditional golf, except instead of hitting a ball with a golf club,
a specially designed disc, like a Frisbee, is thrown into a hanging basket. We'll start the week off by constructing our own disc golf course on campus. Like traditional golf, the game develops upper and lower body conditioning, aerobics exercise, and mental stimulation. Concentration skills are increased by mastering shots and negotiating obstacles during play. Have fun with your friends playing and at the same time, build confidence and improve your play!

**COACH:** Jack Fisher, Greenhill School

**SCHEDULE:** July 13-17, 9:00 am–12:00 pm

ELITE SOCCER SKILLS —MIDDLE SCHOOL  
**GRADES 5-8**  
**WEEKS 3, 5**  
Camp focused on developing each player’s technical skills and tactical awareness. Additionally, the players’ physical fitness and psychological durability will develop as a function of the rigorous content of the sessions. This camp is designed for elite level players that are committed to training at the highest level. Although there will be some technique-focused activities, most of the development will come through players applying techniques in competitive small-sided contests and match-like scenarios. Portions of the camp will be filmed, and footage will be accessible through an online site. Players will swim on three of the camp days.

### STAR WARS
GRADES 5-8 WEEK 10
Long ago in a galaxy far, far away—and coming soon to Greenhill School—Star Wars Camp! George Lucas completed his six-movie saga back in 2005, but Disney has kept series going with new films and new
characters that we all love. You’ll create interesting art projects, cook from several Star Wars themed recipes and enjoy watching all the Star Wars movies to date. We will talk about and explore the entire film series, from the storylines and character arcs to the bloopers that often go unnoticed throughout the movies. We will learn how to use a lightsaber (and make one), find out what a Wookie really is, and understand why Anakin Skywalker ultimately turned to the dark side to become Darth Vader! We’ll practice our favorite scenes and re-enact them for a short video production that everyone will receive once camp ends. You will enjoy movies so amazing and other fun and energetic activities too. This is the camp you won’t want to miss!

INSTRUCTOR: Johnny Thompson, Greenhill School
SCHEDULE: July 27-31, 9:00 am–3:00 pm
COST: $330

STAR WARS: THE ROLE-PLAYING GAME
GRADES 5-8  WEEK 3
From the Outer Rim to the Imperial City on Coruscant, the galaxy rolls with the conflict of Empire and Rebellion. In this camp, you’ll play the Star Wars tabletop role-playing game (RPG), experiencing adventures that will call for critical thinking, communication, teamwork, and creative problem-solving. If you love to play tabletop games, if you have never played an RPG and would like to learn how, or even if you just like telling stories and using your creativity, this camp is for you! Included in the cost of camp is a game notebook and custom pencils to remember camp by!

SUMMER PERFORMING ARTS ACADEMY
LEADING PLAYERS PROGRAM
GRADES 5-12  WEEKS 8-9
SOTH’s Summer Performing Arts Academy. Be bold, be expressive! Greenhill’s Summer Performing Arts Academy (SPAA) presents the Leading Players Program. Under the oversight and direction of Terry Martin, Greenhill’s Head of Fine Arts and award-winning actor, director, and professional acting teacher our newly designed Summer Performing Arts Academy (SPA) is a concentrated young-actor training program open for pre-kindergarten through high school students. SPA’s offers age-appropriate instruction focused on core acting and performing subjects which teach skills such as self-confidence, self-discipline, collaboration, and resilience. Each day, SPA students rotate through a series of sessions including focused subjects such as Improvisation, Musical Theatre, Story Telling, Puppetry, Scene Study, Stage Movement, Dance and more. All SPA classes focus on process, not product. By participating in SPA, students gain confidence, boldness, and expressiveness. At the end of a class session, SPA students share their work in an “open-class” style presentation for family and friends

**TEXAS BLUEBONNET BOOK BONANZA!**

**GRADES 3–5  WEEK 6**
The Texas Bluebonnet Program is a program that encourages reading for pleasure and is aimed at students in grades 3–6. Each year, 20 books are chosen as the “Texas Bluebonnet Award Master List” by the selection committee. In January, students who have read 5 books from the list vote for their favorite title. The author of the book receiving the most votes wins the Texas Bluebonnet Award. Participants will read and explore various books from the current Texas Bluebonnet booklist. They will have opportunities to complete activities that correlate with the books, view book trailers and author book talks, perform Reader’s Theatre and more! By the end of the week participants will have read the required number of books so they will be ready to vote for their favorite in January.

WEB DESIGN  
GRADES 4-8  
WEEKS 2, 7, 8

Ever wondered how web pages were built? Come join our web design camp and learn some HTML. Hypertext Markup Language, commonly referred to as HTML, is the standard language used to create web pages. Web browsers can read HTML files and compose them into web pages. Our goal with this camp is to get students to interact on a hands-on level with the technology that they use every day. Students learn HTML commands and syntax as they make and show-off their own webpage. Students are strongly encouraged to bring a laptop to camp each day.

WHAT COMES FIRST—THE CHICKEN OR THE EGG?  
GRADES 2-5  
WEEKS 8, 9

If you love animals and are interested in science, you will enjoy this unit on chickens. This in-depth study of eggs and chickens will answer questions such as, how long does it take a chicken egg to hatch? Can baby chicks breathe inside the egg? What is an incubator? What is an egg tooth? You will trace the egg from the farm to your kitchen table using hands-on activities, crafts, games, and experiments. These activities will cover embryology, comb identification, feather patterns, egg sizing, and comparisons. You will have the opportunity to set up incubators and monitor hatching of baby chicks.

YOGA & ART, GREENHILL STYLE  
GRADES 4-8  
WEEK 2

Yoga Camp: Greenhill Style is designed to help each practitioner understand the direct relationship to health and exercise through the whole body and mind, while collectively zoning in on their artistic side. This beginner class will establish a solid foundation for the practice of yoga and instill confidence through artistic practice. Children will practice physical poses (asanas) and meditative movement, and later take that focus obtained through yoga and apply it to their art. We will practice yoga salutations in order to increase heart rate and then cool down through gentle counter balancing stretches to build strength and flexibility. Students are then able to express themselves creatively through art. This class will aim to promote inner calm and focus while providing a safe haven to relax and have fun!
