STOP!!!! PLEASE DO NOT DELETE PERSONAL INFORMATION FROM THE ND WEBSITE.
There is a way to control who sees your personal information on the website without deleting important details that school personnel need for the mailing and emailing of critical information to our families. Here are the steps to follow if you want to control who sees your Profile information beyond the default settings that are already in place:

• Log into the ND website.
• Click on MY PROFILE in the left menu bar.
• At the bottom of the Profile page left column, click on Select information to be published in the online community.
• Under PUBLISH OPTIONS, Keep the radio button checked that reads Include my name and only the specific information selected below to those specific constituent types.
• Under PUBLISH INFORMATION, click on the various roles to see what that person can currently see.
• If you want to uncheck an item, under Personal Information, such as a phone number, or check an item to allow it to be viewed by that role, click EDIT at the top right, check or uncheck the items that you wish to change, and then click SAVE at the top right.
This preserves all of your important information that ND needs to have to keep active the communication to you and your children.
