Dorm Pack up Plan

General outline of the plan:

- **Your advisor or dorm parent will Facetime/Zoom/ Skype with you to sort out the belongings in your room.** (Anytime now through the end of May)

  You will work with your advisor or dorm parent to identify the things in your room that belong to you (vs. your roommate) and that you want to keep. Everything will be sorted and labeled. Someone will be in touch with you to set up a time for both you and your roommate to do this.

- **Housekeeping will pack your belongings for pickup, storage, or shipping** once they have been sorted. (May/June)

  In some circumstances, we may decide for you about furniture or furnishings that are better off discarded or recycled than stored. If you will be storing or shipping bedding, housekeeping will wash your bed linens before packing them. Any dirty clothing will also be laundered.

- **Picking up belongings from school** (May/June)

  Boxed items for pickup will be kept in Bartsch on the basketball courts. A schedule for pickup will be sent out once the packing is done, and you can then sign up for a time to drive by the gym to collect your things. The procedure for pickup will be outlined in the schedule. Because the campus most likely will still be closed still, you will not be allowed to enter any school building to pack or collect your things. We will provide curbside service at Bartsch.

- **Shipping some belongings home** (May/June)

  If you live too far away to return to campus to pick up your things, we can help to coordinate shipping some things to your home. Talk with your advisor about this and let Mr. Lin or Mr. Cabot know that you want to do this. The school will ship one large fixed-rate UPS box to you (651-1050 cu in), but any additional boxes will be shipped at your expense.

- **Shipping belongings to college for seniors** (May/June/July)

  If you would like your belongings to be shipped to you at college in the fall, we ask that you contact Dorm Room Movers through this link: Holderness School’s Student Portal
Once you have signed up, we will coordinate with them to ensure your belongings are ready for you in the fall at your college.

- **Storage (June)**
  We will pack and store your belongings over the summer and deliver them to your room next year. We do have limited storage space for furniture and refrigerators, but if they are not in good condition, we may elect to discard it. We will let you know if decide to put your couch in the dumpster! We will take due care with TVs and monitors but cannot guarantee them against breakage while in summer storage.
