- Constant encouragement

Teachers ensure that each student is **prepared** to work independently and without additional help.

TEACHING FACULTY

Wolfeboro stands alone from most summer academic programs retaining only proven, experienced teachers from highly respected schools. Teacher retention typically and proudly exceeds 90%.

Predominantly from private day and boarding schools, our faculty has many years at Wolfeboro. In fact, our campus serves as the “summer home” for many of our faculty who happily return with their families year after year. Our highly-trained residential personnel are outstanding young teachers, college students or recent graduates preparing for careers in schools.
