From the
Interim Head of School

Some of the most memorable moments in life are celebrated with Champagne. This is one of my preferred gifts to give, as it enriches a celebration; sealing the memory within our hearts and minds through a delectable and incandescent indulgence.

We have so much to celebrate. Together, we weathered the past year with resilience and ingenuity. We have accomplished much, and best of all, we have grown as a merged community — providing our students with more opportunities and perspectives!

It has been a privilege to return to Silicon Valley International School to serve as Interim Head of School this year. Over the course of my career, I have experienced two decades’ worth of Galas and witnessed first-hand, the generosity from our community. Gala brings together the different constituencies of our community in joy and laughter, which in and of itself is already a gift. However, the biggest gift our guests and supporters can give tonight is through their bids and support of our Fund-a-Need.

Tonight, we have our next Head of School, Barbara Greiner, in the room. This specific Gala is unique as it is a convergence of past, present, and future. This moment will never happen again. Funds raised tonight are in support of who we were, are, and will become. I urge everyone in attendance to take a sip of Champagne, raise their paddles high, and remember that your bids represent each of the 687 students at our school. It supports them and the upward trajectory of our school.

In closing, I wish to thank Véronique Micha, whom I have known for a very long time and who has given so much of her talents and effort to not only this Gala, but to our school as a whole over the years. I also wish to thank the Advancement Office staff and Patricia Colin, Chief Advancement Officer, for their hard work in putting this event together for our community.

Although I will return to retirement this summer and rejoin my wife in our home in France, I want you to know that each time I enjoy a glass of Champagne, the happy memories that I have had the honor of experiencing here at Silicon Valley International School will come to mind, as will the gratitude I have for each of you.

Our family relocated from France to the Bay Area in 2008 for a “short” mission, which we believed would only last two years. We toured several schools and immediately fell in love with the school (ISTP at the time), which provided our two boys (Arthur, 8, and Victor, 6) an opportunity to learn English as well as continue their French education. We didn’t realize then that the school would be one of the main reasons our family would stay in the Bay Area.

Over the years, we gained so much more than what we could ever have expected. Whether it is the vibrant, international, and diverse community; all the life long friendships we have developed, or all the unique events celebrating the tagline at the time, “Many Cultures, One World” (Arthur and Victor participated in the San Francisco Chinese New Year parade with the school); we understood the true value of a bilingual education which has set them up for success as they continued their education journey in an American high school and then to college.

We returned to the school two years ago so our daughter Marie (Class of 2030) could benefit from an outstanding bilingual education. The school we initially joined was renamed to Silicon Valley International School (INTL), and we are equally as thrilled to see that it has since grown. We were happy to see that school we loved now has an International Baccalaureate high school and a German Program!

My dear friends—as parents, we have goals and priorities for our children. When choosing INTL, we all believe that giving our children a bilingual education will help them achieve their dreams.

Gala is our biggest fundraiser event, and after two years of the pandemic, INTL needs all of us in this room to make this year more successful than ever. Our contribution will directly support the school’s ability to provide the best education for our kids.

Some lots tonight are very exclusive and won’t be offered anymore at our auction. Whether you are looking to book your next vacation, share an amazing meal with family and friends, or offer your child a unique experience, your bid is the most exciting way to support our school!

Raise your paddles often and bid high! Have a wonderful evening and enjoy the champagne!

Véronique Micha

Silicon Valley International is proud to present the Spirit of INTL Alumni Award. This award is to honor a member of our alumni community who not only embodies the mission of INTL but also gives back to the school through the gifts of their time and talent.

This year, the award honors Sophie Gassée Baxter, who attended INTL from 1988–1995 (at the school known as Peninsula French American School). She is not only an accomplished alumna but someone who has enrolled both of her children in our school, invested many hours of her own time to support INTL, and has supported INTL by fulfilling one of the most important volunteer roles: Annual Fund Champion.

Sophie began at INTL in preschool in 1988. Her parents wanted Sophie and her siblings to be educated in a program to keep them connected to their French roots, culture, and language. Sophie recalls her experience at INTL: “Stepping into that classroom was like stepping into a different world: it was much more than language acquisition, it was a full cultural immersion.”
For her, a particular moment stands out as especially pivotal. “I will never forget my first-grade year, taught by Hayat. I remember the day Hayat handed out our French reading textbook and the excitement I felt as I first learned to connect words and read my first sentence. That year, the world of books and love of reading opened up to me.”

After graduating from 5th grade at INTL, then graduating highschool from Castilleja, Sophie attended Stanford University where she earned her B.A. in Political Science with a focus on international relations. Sophie credits INTL for shaping her love of different cultures, which led to her choice to study international relations and seek out opportunities to travel. “INTL had a fundamental influence in my life. It was the place where I felt at home, because everyone else lived the same experience of sitting astride two cultures and languages.” Sophie was especially interested in issues regarding refugees, so she spent a summer working in a refugee camp in Botswana, and she also interned for the International Rescue Committee.

After completing her undergraduate studies at Stanford, Sophie worked with the Boston Consulting Group for several years, then attended Harvard Business school to earn her M.B.A. Sophie then moved on to Google, where she works today as a Director of Business Operations and Strategy.

Being bilingual helped Sophie conduct business across different cultures and countries. “It helped me in my consulting work when I could more easily work on France or Montreal-based projects due to my comfort with the language and culture.”

In addition to her successful career, Sophie lives in the Bay Area with her husband and has two children, both of whom now attend INTL! “INTL has played such an important role in shaping my world view and also in keeping my ties to my French heritage strong. And I am so grateful to be able to share that with our two children; it is a real joy to see them flourish in the same school.”

Sophie says that INTL was special to her because of the perspective it gave her to understand the world, and she wanted to ensure that her children would have the same gift.

“Walking my son to class on the Cohn campus, I noticed a quote by Charlemagne on one of the steps: ‘Parler une autre langue c’est avoir une autre âme’ (roughly translated: ‘to speak another language is to have another soul’). That quote struck me because bilingualism really feels like an expansion of the mind in that way—there are words and expressions in one language which simply don’t exist in any others. So, that is entire ideas or ways of thinking about something that you wouldn’t otherwise have access to. It is this ability to see things from different angles that made this multicultural, bilingual education such a powerful gift, and the reason we in turn send our children to the school today.”

Thanks to her international mindset and her dedication to sharing bilingualism and multiculturalism with the next generation, Sophie Gassée Baxter is a shining example of the values we hope to give to all of our students, the values that empower them to be truly multicultural and become global thinkers.

**Live Auction**
The Live Auction begins at 7:30 PM. A list of the Live Auction items is provided in this booklet. This booklet serves as your “paddle.” Your bidding number is on the back inside page of the booklet.
Important Auction Info

To bid on an item, please raise your booklet, showing your bidding number to the auctioneer. During the Live Auction, the highest bidder will be acknowledged by the auctioneer as the purchaser of auction item. This acknowledgement constitutes a binding contract to purchase the auction item.

Payment and Checkout at the Gala
With INTL’s ExpressCheck system, your auction purchases will be tallied and added to your “account” throughout the evening as you bid. Here’s how it works:

ExpressCheck
If you didn't sign up for ExpressCheck, you will need to sign up for ExpressCheck when you check in at the Gala. To complete the ExpressCheck process, you will need to provide us with a credit card number (Visa, Mastercard, Discover or Amex).

After the Auction
1. Once the auction has closed, we will tally your purchases and generate a detailed receipt for you.
2. Prior to leaving the Gala, you will need to check out at the cashier’s table. We will provide you with your detailed receipt.
3. If no purchases are made at the Gala, your credit card will not be charged and the information will be destroyed.

By attending the Gala, you recognize that all photos and video taken at the event are the property of Silicon Valley International School and may be used for marketing or advertisement purposes.
The items listed for purchase in this catalog, as may be amended by addendum or announcement, will be offered for sale by Silicon Valley International School (INTL) on the following terms and conditions.

1. All items are sold “as is.” INTL does not make any express or implied warranties or representations of any kind or nature with respect to the item or its value. In no event shall INTL be responsible for or be deemed to have made any representation or warranty of merchantability, description, genuineness, attribution, provenance or condition concerning the item, and no statement in the catalog, at the sale, in the bill of sale, in the invoice or elsewhere shall be deemed such a warranty, representation or assumption of liability by INTL. INTL shall not be liable for any incidental or consequential damages arising from the sale of any item.

2. The auctioneer and INTL reserve the right to withdraw any lot or to combine lots at any time before actual sale.

3. Unless otherwise announced by the auctioneer at the time of sale, all bids are per lot as numbered in the printed catalog and addendum.

4. Prices listed for auction are intended to be the fair market value based on the donor’s estimate of the approximate retail value or the low range of an appraised value. For live auction items, there will be a confidential reserve price, below which the auctioneer will not accept a bid and will retain the lot on behalf of INTL.

5. The highest bidder acknowledged by the auctioneer shall be the Buyer. The auctioneer has the right to reject any bid and to advance the bid at the auctioneer’s sole discretion and, in the event of any dispute between bidders, to determine the successful bidder or to re-offer and resell the article in dispute. Should there be any dispute after the sale, the record of final sale shall be conclusive. Upon the auctioneer deeming the lot to be sold to the Buyer, the Buyer assumes full risk and responsibility for the lot and may be required to sign a confirmation of purchase, supply their name and address, and pay the full purchase price. If the Buyer fails to comply, the lot may at the auctioneer’s discretion be put up for bidding and re-sold.

6. All Live Auction items must be removed from the premises by the Buyer on April 2, 2022. If the Buyer fails to fully comply with all the applicable conditions herein, in addition to other remedies available to INTL by law, including without limitation, the right to hold the Buyer liable for the final bid price, INTL at its option may either:
   a. Cancel the sale, retaining as liquidated damages all payments made by the Buyer, or
   b. Resell the property for the account of and at the risk of the Buyer, either publicly or privately, and in such event the Buyer shall be liable for the payment of any deficiency plus all costs of resale and incidental damages.

7. Payment may be made with cash, MasterCard, Visa, Amex, Discover, or personal check. All checks should be made payable to the “Silicon Valley International School”.

8. Payment must be made and Buyer must have an auction receipt before taking possession of the purchase.

9. Dates for services, trips, vacation homes, and any other items, that must be used on a particular date or dates, are to be arranged by mutual agreement between donor and Buyer. If Buyer has difficulty scheduling such items, please call INTL at (650) 251-8502. Unless otherwise specified, any such auction item MUST be used prior to March 24, 2023.
Thank You

Lot 3: A Taste of Spain: Paella Culinary Lesson

Learn how to cook an ultra-authentic paella de marisco (seafood paella) just like they make it at L’Albufera, the freshwater lagoon near Valencia, Spain, where the dish originated.

Your instructors, INTL parents Sean and LeAnn Pipkins, would love to share this classic Spanish recipe with you! Under their guidance, you and five guests will pair up and have your own delicious version of the national dish of Spain.

LeAnn’s mother is from Valencia and, over the years, has taught Sean and LeAnn the technique for making authentic paella and, seemingly, how to love cooking it! They’ll even be using the hand-hammered paella pan of LeAnn’s Valencian grandfather for your lesson. It’s been passed down through the generations and has probably cooked thousands of paellas.

For Sean and LeAnn, cooking paella de marisco has become a family tradition, and they will be thrilled to share this tradition with you!

Using clams, mussels, shrimp, calamari, scallops, and fish stock, you will learn all the tips, tricks, and secrets needed to make a true, colorful, and deliciously flavored Valencian paella.

While preparing the paella, you will also enjoy tapas and wine and exchange stories with Sean and LeAnn about their time living in Spain, and when it is ready, you will savor the flavors of your very own paella—paired with a fine Albariño, a white wine from Galicia that is an absolutely exquisite match for seafood.

If you love cooking, great wine, and delicious Spanish cuisine, then you will be in for a fantastic time!

**Inclusions:**
- Paella de Marisco cooking lesson for 6 guests (paired up into three groups)
- Tapas and wine, including a fine Albariño

**Limitations:**
- Expires September 30, 2022
- To be scheduled on a mutually agreed upon date
- Purchase limited to INTL community

**Donors:** Sean & LeAnn Pipkins

Lot 10: Castello di Amorosa: Tour the Castle, Taste the Wine, and Treasure this Vertical

Castello di Amorosa, the dream of its owner, Dario Sattui, is an authentically reproduced 13th century Tuscan castle and winery located in the heart of the gorgeous Napa Valley.

You and 5 guests will embark on a guided tour exploring the extensive grounds of the 136,000-square-foot structure, ranging from sweeping vineyard vistas atop the truncated tower to the roughly 900 feet of caves that wind underneath the adjacent hillsides. The Castello was built using authentic medieval architecture, and Sattui missed no detail; if you’d find it in a real castle, you’ll find its reproduction here. It has a moat, a drawbridge, defensive towers, an interior courtyard, a torture chamber, a chapel, a knights’ chamber, and a great hall.

The tour concludes in the private tasting room, where guests can sample from the wide array of award-winning wines offered at the Castello, all crafted in the Italian style and available only at the winery.

In addition to the wonderful tour and tasting, you will also receive a vertical of Il Barone (2011–2016) in a special wooden collection box with a message from the owner engraved inside.
Il Barone is a reserve Cabernet Sauvignon with excellent long-term aging potential and sourced from top vineyards throughout Napa Valley. These wines are loved by critics and, from the wines in this vertical alone, they have won four double-gold, one gold, and one silver awards in the San Francisco Chronicle Wine Competition. In addition, the 2014 Il Barone is particularly special, for it is an extremely rare wine due to losses in the Glass Fire of 2020. They don’t even sell it in the tasting room anymore!

You will love experiencing this hillside Tuscan castello overlooking the Napa Valley, and the tasting will leave you absolutely stunned.

In addition, you’ll have plenty of Il Barone to share, but after your first sip you’ll want to save it all for yourself!

And now, you and a golfing partner can enjoy some of the best courses in the world by playing at the most private championship golf clubs of Paris—as members, no less!

You and your golfing partner will be chauffeured to a private championship golf club, where a golf concierge will have planned your day, including a warm-up session followed by your own private round of golf on your choice of the following renowned championship courses: Fontainebleau, Saint-Germain, Chantilly, or Le Golf National. You will be accompanied on the course by an English-speaking caddie from Private CADDIE, and in addition, you will be golfing “as members,” giving you and your partner full access to the facilities, including the lockers, practice areas, pro shop, and restaurant.

Fontainebleau GC is set within the ancient Fontainebleau forest and hosts the French Amateur Championship every spring. This course, designed by Tom Simpson, has a wonderful atmosphere and a sterling reputation, ranking in Europe’s top 10 golf courses.

Since hosting the French Open, Saint-Germain GC is the host to numerous international tournaments every year. Here, you can experience a British clubhouse and one of the finest courses designed by the legendary Harry Colt.

Chantilly GC has been hailed many times as the number 1 golf course in France by Golf World and features a clubhouse of beautiful Scottish architecture set in the
Royal Chantilly forest. Having hosted 10 French Opens, Chantilly’s challenging championship course Vineuil is where many have become golfing legends.

**Le Golf National** hosted the 2018 Ryder Cup, currently hosts the yearly French Open, and will host the champion golfers of the 2024 Olympics. Here, you will play the challenging Albatros course, famous for demanding great skills from the first swing all the way to its stadium finishing holes.

During your incredible day of golf, you will dine in the clubhouse and partake of a 2-course lunch with wine. After holing your last shot, you will also be treated to celebratory drinks on the course before your chauffeur drives you back to your hotel.

Play golf like the champions, and overcome the challenges of a legendary course; this private experience is a true joy for passionate golfers.

**Inclusions:**
- Private experience provided by Private CADDIE for 2 golfers
- Warm up at driving range and short game areas

Lot 22: Fund-a-Need:  
The Charlotte de Géry Endowment

During his over two decades of service to Silicon Valley International School, Philippe Dietz has done so much to ensure the continued growth and success of our school.

In 2007, Philippe originally spearheaded the creation of the Charlotte de Géry Endowment with the purpose of ensuring a long-term stable financial foundation. The full maturation of the Endowment would catapult our school into another quarter century of success, giving Philippe the gift of reassurance as he finally retires from the community he loves so much.

Our Endowment is a long-term investment in the school’s future. Gifts to the Endowment are usually larger than Annual Fund donations and can be paid over a period of a few years. Named after one of our school’s founders, the Charlotte de Géry Endowment Fund is dedicated towards her vision for the bilingual, bicultural student of the 21st century.

The mature Endowment would generate around $200,000 in interest each year, which would go directly into the budget. This funding will be put towards teacher salaries, to help us attract and retain the best teachers while balancing the cost of living here in Silicon Valley. The extra room in each year’s budget would also give us the flexibility to enrich your child’s education even more. We have added MakerEd and design thinking, enhanced our computer science program, as well as added VR and digital art, and parcours and outdoor learning spaces in the past few years alone. Just imagine what else $200,000 extra each year could do to further enrich your child’s experience at school.
Philippe says, “As I return to retirement, I inevitably look back, but I also think about the future of this school that means so much to me.

I have been able to see generations of students pass through our halls and the merger of two great schools, and my dearest wish is that many future generations of students will have this same opportunity for a bilingual, international education.”

So, let’s come together as a community and do this for our school – for our past, our present, and our future.

For what we have been, what we are now, and what we can be.

For our students, our teachers, and our community.
Lot 23: The Instant Wine Cellar

If the saying “one can never have enough wine” rings true, then this lot is for you.

Returning to Gala for the third year, here’s your chance to take home an entire cellar’s worth of wines thanks to INTL’s Instant Wine Cellar, featuring a surprise selection of delicious and varied vintages which are sure to evoke every form of flavor, texture, and style.

Each Gala guest was asked to contribute one special bottle of wine to our Instant Cellar, something they would bring to a friend’s house for dinner—there may be as many as 75 bottles (or more!) in this collection. In addition, each guest was asked to provide a personal message with a story or explanation for why they picked it.

Be the winning bidder who goes home with a stockpile of delectable wines and a story to share each time you bring out a personalized bottle to enjoy.

With such a unique and diverse collection, the winner of this lot will surely be the “toast of the town!”

- 2015 Chateauneuf du Pape Raymond Usseglio
- 2019 Quilceda Creek Cabernet
- Louis Roederer Brut Premier Champagne

Donors: Thank you to the many Gala attendees who contributed a bottle of wine to make this fabulous auction lot possible.

Lot 25: Ask-Me-Anything Lunch with Venture Capitalist Bill Tai

You will enjoy a one-on-one AMA (ask me anything) session with Bill Tai, INTL parent and venture capitalist who has funded over 20 companies at their earliest stages that later grew to become publicly listed.

Bill has had a successful career of over 30 years as a venture capitalist and company builder.

He has been an angel investor—someone who provided an investment while a company was still in its initial startup phase—across waves of technology from silicon to internet, mobile apps, SaaS infrastructure, and digital assets. Bill was Zoom Video’s first backer, and he was also a key angel investor behind companies like Canva, Dapper Labs, Tweetdeck, and more. Bill is also the founder of ACT AI Global, a nonprofit that is a collective of athletes, conservationists, technologists, artists, and innovators supporting environmental conservation and economic empowerment via entrepreneurship and the Extreme Tech Challenge, the world’s largest impact-oriented startup competition aligned with the United Nations Sustainable Development Goals.

He is all about pushing innovation forward while also having a positive social and environmental impact.
Bill will buy you lunch at Quattro in the Four Seasons Hotel so you will enjoy delicious fine dining during your conversation. He would be happy to talk with you about a variety of topics like the current tech wave of digital assets and NFTs, or the general lessons learned during his long, successful career as a venture capitalist. Lot 28: The Last of Its Kind:
3L Roederer Brut Premier

What’s a Champagne-themed gala without Champagne?

Get into the spirit of Gala with a three-liter Jeroboam of Louis Roederer Champagne Brut Premier. Roederer is one of the best non-vintage Champagnes, being synonymous with top-tier quality and scoring high marks from critics every time.

In addition, we can garner inspiration from the story of Roederer, for it is a story of recovery.

When WW1 destroyed most of the Louis Roederer estate, Léon Olry Roederer reconstructed the vineyards and began buying grapes to ensure the continuity of his House. Thus, the non-vintage wine Brut Premier was born. This wine was so successful that it lifted Roederer up into its current status as one of the gold standards of Champagne.

However, Brut Premier was discontinued this year! Don’t miss your last chance to enjoy this world-famous, classic Champagne.
