## Enjoys Teamwork and Helping Others

**Ali Lloyd '05** graduated from Brock University in 2009 with a degree in Physical Education and went on to enroll in the Georgian College Pre-Service Firefighter Education and Training Program, which she finished in 2011. Ali has always enjoyed being part of a team and likes helping others. She is now a volunteer Firefighter with the King Township Fire and Emergency Services Department. King City has just over 30 Firefighters in the department, only two of whom are women, so she is definitely viewed as a role model for girls in the community. Ali has been in this role for a little more than a year and enjoys the opportunity to be involved in King through public service and frequent training exercises. On average, she receives one page a day and because of her close proximity to the Fire Department (she lives across King Road from the station), is typically one of the first to arrive at the station in under two minutes. Ali's ultimate goal is to work as a career Firefighter.
