MISSION STATEMENT

Cushing Academy exists for students and develops curious, creative, and confident learners and leaders.

PORTrait OF A GRADUATE

The Portrait of a Graduate details and supports Cushing’s mission to educate the mind, shape the character, nurture the creativity, and foster the well-being of each student. As a lens through which we examine ourselves and our work, this portrait guides and informs all aspects of school life.

A Cushing graduate learns, lives, and leads by these ideals:

IN MY PERSONAL JOURNEY, I:
- strive to be self-aware, self-disciplined, and self-controlled.
- take initiative, adapt, and persevere.
- live with optimism, passion, a sense of humor, and humility.
- make informed choices for a healthy, balanced life.
- advocate for myself.
- pursue excellence in all areas of my life.

IN MY INTELLECTUAL JOURNEY, I:
- think critically, creatively, and reflectively.
- listen and communicate actively, thoughtfully, and effectively.
- take risks and grow through challenges.
- approach lifelong learning with openness and curiosity.

IN MY COMMUNITY JOURNEY, I:
- respect, support, and show gratitude.
- value, engage fully in, and contribute to the diversity of my communities.
- collaborate with others.
- understand social systems.
- serve others as an active citizen.

IN MY ETHICAL JOURNEY, I:
- act with empathy and compassion.
- act with integrity.
- act with personal and social responsibility.
- act with courage on behalf of others and myself.
TO THOSE ENTERING CUSHING

We extend our best wishes for your success and well-being here. If you are new to our community, you will likely encounter much that seems different and is unique to and special about Cushing. It will take you time to get your bearings and feel oriented and settled into life here; you should know that this is typical. Cushing is a welcoming community, and people will do their best to help you feel at home. Before long, you will find yourself part of the Academy—a valued member of our Cushing community.

All new students are assigned to faculty advisors, who will answer questions, explain our community norms, and help you feel at home. Don’t hesitate to go to your advisor, a proctor, returning student, dorm parent, coach, teacher, or anyone else in the community for information and advice. Furthermore, you should participate and fully engage in as many areas of school life as possible as the best way to experience and to know Cushing.

Your advisor is your first connection with all that the student experience at Cushing entails, and we hope you will feel free to discuss any important issues in your life here with your advisor. Early in the year we will help all students understand a few obvious opportunities and benefits, as well as the scope of this relationship. Go out of your way to get to know your faculty advisor well; you will find your advisor ready to help whenever you need assistance or guidance.

In the pages of this book you will find, among other things, most of the expectations and rules of the Academy. At first, they may seem somewhat overwhelming in number and detail, but over time and through experience, you will find that most of them are determined by common sense. The basic principle of all Cushing’s institutions is that of honesty. Cushing students are expected to act with integrity, respect, support, and show gratitude and take risks and grow through challenges. All work assigned relates to the honor system; you will be assigned work to do on your own, and you pledge that you acted in accordance with the Honor Code—that you have neither given nor received assistance that isn’t otherwise cited.

If you use consideration and common sense, you should have little difficulty with the rules. If there are rules or procedures that you do not understand, feel free to stop by the Office of Student Affairs to speak with Mr. Josh Doyon, Director of Student Affairs, or Ms. Jeanine Eschenbach, Associate Director of Student Affairs.

This handbook is intended to provide information and guidance to all members of the Cushing Academy community. It is not a contract, however, provisions may be changed at any time at the sole discretion of the administration of Cushing Academy.

Greetings,

I extend a warm welcome to all for the 2018-2019 school year. I hope your summer passed slowly with plenty of relaxation, fun, and adventure, and that you are excited to begin the new academic year. I know that the faculty, staff, and I are eager for your arrival in just a few weeks.

I am proud to be a Penguin and am looking forward to getting to know you this year. As individuals, each of you will grow in numerous ways, and as a community, we are excited to celebrate your successes and to embark on this journey with you. In the upcoming months you will reunite with old friends and meet new ones; establish habits that instill lifelong learning skills; and achieve (and hopefully exceed) your personal goals. As you settle back into early mornings and the familiar routines of school life, I urge you to take advantage of the many opportunities available to you at Cushing. We certainly will do our best to encourage you to try new things, expand your boundaries, and step outside your comfort zone.

Our mission statement proclaims that Cushing “exists” for students, which means that the faculty, staff, and I are here to support and challenge you in your journey. Your course work, artistic pursuits, rehearsals, practices, games, and community involvement will stretch and enrich you, and your teachers, coaches, dorm parents, and advisors will support you as needed. We want you to grow in ways that will allow you to attain your personal and academic goals, and to create strong bonds within our community.

Included in the following pages are the guidelines for how we will live and learn together this year. As we come together from near and far to create a strong community, clear expectations and procedures are necessary to shape our culture and to ensure that everyone understands our school’s values and the desire to serve our student body in the best ways possible. As you read these pages, I hope that you will come away with an understanding of our community’s values and ideals, as well as the ways in which you can work together with others to uphold them while also striving to achieve your own goals.

I hope you share my enthusiasm for the opening of the new school year and the many opportunities before you. I am deeply honored to be a member of this community and all that Cushing Academy represents. Please join me on the exciting journey ahead as we create memories that will last a lifetime.

All my best,

Randy R. Bertin, Ed.D.

HONOR CODE

Cushing Academy’s Honor Code was established and written by students to create and maintain a culture of trust and integrity. It places in the hands of all members of the community the responsibility to uphold respectful and honorable conduct in all aspects of life, academic and otherwise. A student who attends Cushing must be willing to recognize and accept that trust and honesty form the foundation of our community.

As a member of Cushing Academy’s diverse student body, I recognize that trust and honesty form the foundation of our community. Therefore, I pledge to uphold the Honor Code in all aspects of my life: I will be truthful in my interactions and will demonstrate respect for others and their belongings, as well as those of the Academy. Furthermore, I will maintain high standards of academic honesty in accordance with Cushing’s policies and the expectations of my teachers and peers. If I observe or become aware that a member of the community has violated or intends to violate the Honor Code, I will act decisively to preserve the integrity of the Academy.

I seek an environment in which all individuals can live and learn together in ways that protect personal freedom and community standards. Therefore, as a student at Cushing Academy, I accept my responsibilities as outlined in the Honor Code and will do my utmost to uphold its precepts.

At the beginning of each academic year, the entire student body gathers to affirm shared values and to uphold the precepts of the Cushing Honor Code, which is overseen by the Student Honor Council. During the formal ceremony each new student signs his/her name in the Honor Code book as a permanent record and commitment; and every student, new and returning, signs his/her name to an Honor Code pledge agreement to be stored as part of his/her academic history.

- Cushing Class of 2011
THE ACADEMIC PROGRAM: OVERVIEW

Students are challenged to think critically and creatively, write effectively, express ideas persuasively, and collaborate with dynamism and respect. Everything we do begins and ends with inquiry. We challenge and support each student through intentional collaboration, feedback, and reflection. Through authentic and complex questions developed by both students and teachers, students gain a sense of purpose in and control over their own learning. They learn to leverage their strengths and grow through challenges: through exploration and imagination, they discover and create new approaches to unsolved problems. By solving problems, answering questions, and understanding paradox, they synthesize information and apply it in new ways. Finally, Cushing students are self-motivated, launching from one understanding into next inquiry with creativity and discovering new approaches to solve problems with confidence as they embrace and grow through challenges.

At Cushing, we care deeply about our students’ academic success; we recognize the diverse learning styles of adolescents, and we challenge and support them to work to the best of their ability. We are a community of learners and thus, in support of our commitment to take care of ourselves, take care of each other, and take care of our community, teachers dedicate the whole of themselves to educating the whole student. Cushing Academy’s forward-thinking college preparatory program is designed to ensure that our students are comfortable in environments that evolve and that they are equipped with the skills, knowledge, and habits of mind to develop into curious, creative, and confident learners and leaders.

We are all participants in a new era of thinking and learning, where change is a constant and the pace is rapid. Through a combination of foundational courses and innovative, targeted programming, Cushing creates a learning experience that is transformative for every student, at every level. This is how we define academic excellence. No matter how you learn or what interests you most, Cushing will help you recognize your strengths, build vital connections among academic disciplines and with the wider world, and prepare for success at college and beyond.

DIPLOMA REQUIREMENTS

Each student coordinates with the appropriate Academic Dean (who ensures that each student meets all diploma requirements) to construct a program of study. Students must complete a minimum of 20 credits in order to receive a Cushing diploma. One major credit is awarded for successful completion of each yearlong course. One-half of a credit is awarded to successful completion of a semester (one-term) course. Students are strongly encouraged to explore as many disciplines and offerings as possible and to take the most challenging courses available.

English - Four years (minimum of one per year while enrolled)
Math - Four years (minimum completion of Algebra II; students who have completed math through AP Calculus may be exempt from a fourth year of math)
Science - Three years (Biology is required; an additional year of Chemistry and Physics is recommended)
History - Three years (one year of World History and one year of US History required)
Language - Three years (minimum of two years within the same language)*
Visual & Performing Arts - One term of Visual or Performing Arts required per year of enrollment at Cushing

Other Diploma Requirements:

- All students are expected to take five major courses each year to be considered "fully enrolled." The Academic Office will work with students individually, and in conjunction with the College Counseling Office and with the Academic Support Department when applicable, to determine an appropriate course of study.
- Post-graduates must earn a minimum of 5 total credits in order to be eligible to receive a Cushing diploma (unless a modified schedule has been recommended by the Academic Support Department and approved by the Academic Office).
- An underclassman who fails a yearlong course will be required to follow through on an agreed upon plan for credit remediation.
- With the exception of post-graduate students, one-year seniors, or mid-year junior admits, all other students must complete a minimum of four semesters of school at Cushing (leading up to graduation) in order to be considered eligible to receive a Cushing diploma.

*Cushing Academy will honor for any student a language waiver which has been documented by testing no older than 3 years from a certified professional.

THE ACADEMIC PROGRAM AND PROCESS

Returning students meet individually with Academic Deans in the Academic Office each spring to determine their course of study for the following year. Consideration is given to current teacher recommendations, satisfaction of course prerequisites, graduation requirements, individual student academic goals, and an overall mindfulness of an appropriate totality of challenge and rigor. Rising seniors are required to have the College Counseling Office approve their proposed schedule.

ADDING OR DROPPING A COURSE - At the beginning of each semester there is a designated period of time during which students may add or drop a course without consequence. After add/drop ends, students will no longer have the ability to add a class, but they can still drop (so long as the “fully enrolled” criteria is being met): were this to happen before the midterm of a semester, all records of the course would disappear. After the midterm, however, students will receive a “W” on their transcripts to indicate initial enrollment and ensuing “withdrawal” from the course. When students withdraw from courses, they do not receive grades or credits for that particular class.
FINAL EXAMINATIONS - All students will sit for a summative final exam in each yearlong class, at least once during the course of the year (fall or spring). Most classes will offer exams at the end of both semesters. Some semester-long seminars, however, may opt for other forms of final evaluation, which could include presentations, research papers, or projects.

At the discretion of each individual teacher, seniors and post-graduates in yearlong classes may be exempt from final examinations at the end of the spring semester, if they have maintained an A average in the course for the year.

Note: Neither faculty nor students are permitted to reschedule a final examination during exam week. Therefore, parents are strongly urged to take the final exam schedule into consideration before confirming travel arrangements at the end of each semester.

Students enrolled in an Advanced Placement course are required to take the Advanced Placement examination in May in place of a final examination. For detailed information about Advanced Placement courses, please refer to the Course Catalog.

REPORTING STUDENT ASSESSMENT - Report cards are issued four times per academic year: at the midterm of each semester and at the end of each semester. Additional correspondence in the form of Advisor Letters will be interspersed throughout the year, culminating in a student-written letter of reflection that will be included in the spring semester report card.

ACADEMIC REVIEW, ACADEMIC ALERT, ACADEMIC PROBATION

At Cushing, our hope is that students are capable of exercising a high degree of independence in tracking/monitoring their own academic progress. Should a student begin to experience academic difficulty, however, Cushing employs a three-tier system that provides additional support to help individual students achieve greater success.

ACADEMIC REVIEW - Students may be placed on this preliminary level to provide additional oversight in monitoring weekly progress. Students are asked to complete a Weekly Report, which is then submitted to the advisor and reviewed with the student at the end of every week. Additional steps are considered on a weekly basis, based upon student performance. Students placed on Academic Review may also be required to follow a Mandatory Extra Help schedule.

ACADEMIC ALERT - This secondary level is implemented when a student appears to need additional support and structure in managing time outside of class. Students on Academic Alert are required to attend Structured Study Hall. Structured Study Hall takes place in the Dining Hall (as opposed to the dormitory) and is proctored by a faculty member.

ACADEMIC PROBATION - This culminating level is reserved for students who have demonstrated continued difficulty and have failed to meet the minimum expectations of their teachers in terms of effort and achievement. Students are also required to fulfill the conditions of Academic Review (Weekly Reports) and Academic Alert (Structured Study Hall). Placement on Academic Probation is a serious matter, and three successive terms on Academic Probation may jeopardize a student’s continued enrollment at the Academy. In order to be taken off of Academic Probation, students must earn a minimum grade of a C- in each of their classes.

Students can be placed on Academic Review at any point during a term if such action is deemed appropriate. Further steps, such as placement on Academic Alert or Academic Probation will likely result from a recommendation made by the faculty following midterm grades or at end-of-term/year meetings. Similarly, students may be removed from any of these tiers based upon demonstrated improvement and a faculty recommendation at end-of-term meetings.

COMMUNITY EXPECTATIONS

Every member of our community contributes to the daily atmosphere of our Academy. As a school we have—rooted in our fundamental values—a set of standards that we expect all of our students and faculty to uphold on and off campus. How these standards contribute to the quality of life of our community largely depends upon the action, or inaction, of our faculty and students. Each member of our community is part of something much bigger and more significant than any one of us. And yet, every action by every one of us comes to define each of us as individuals and as a community.

We are committed to developing curious, creative, and confident learners and leaders in an environment where students will experience meaningful challenges along with the necessary support to grow through those challenges. Through upholding standards, students learn the consequences of responsibility and how their choices lead to certain outcomes. With this understanding, our expectations and the discipline system are meant to be educational; they are how we uphold and support the values that make us what we are as a school. The job of discipline then does not lie with the Office of Student Affairs alone, but with each student and faculty member of this community. It is our school and, therefore, we all have responsibility for it.

Academy Expectations The Academy’s expectations outlined here serve to develop curious, creative, and confident learners and leaders. These expectations reflect the values of Cushing Academy, underscoring our belief in human worth and personal dignity. It is important that these
expectations from our Portrait of a Graduate be understood and followed:

- We act with empathy and compassion.
- We act with integrity.
- We act with personal and social responsibility.
- We act with courage on behalf of others and ourselves.

All rules at Cushing Academy are based on the basic principle that each student will experience meaningful challenges along with the necessary support to grow through those challenges. To live up to this principle, we want all of our students to take an active role in shaping the tone of our school community.

As described in our mission and Portrait of a Graduate, Cushing Academy values the character of our students. At Cushing, character means: we strive to be self-aware, self-disciplined, and self-controlled; we take initiative, adapt, and persevere; and we value, engage fully in, and contribute to the diversity of our communities. Character also refers to the acts of courtesy that we pay to one another in the dorms, on the playing fields and stage, and elsewhere. For example:

- Students demonstrate their care for the community by wearing proper school dress.
- Students demonstrate care for their peers by respecting school and personal property.
- Students demonstrate care for themselves and their teachers by engaging in the process of learning.

---

**LIVING OUR VALUES**

Cushing strives to cultivate a school environment in which all members of the community feel valued, safe, and part of something greater than themselves. We expect that all members of the community will work to understand the developmental needs of students, support their emerging identities, and promote their healthy growth, embracing the responsibility to provide a clear and consistent structure for students and engage them in conversation about our community values and expectations.

**ACADEMIC HONESTY** - Cushing Academy fosters a culture of discovery and learning and holds the Academic Honesty Policy, in concert with the Honor Code, in the highest regard. Understanding the Honor Code and the foundation it provides for all academic work is essential. Actions that undermine the authenticity of a student’s learning experience run contrary to Cushing’s mission statement and are corrosive to the ideals of scholarship.

**SAFETY AND WELLBEING** - Every member of the community has a responsibility to support a safe school environment by refraining from harmful and unsafe behavior and by reporting such behavior immediately to the administration when observed. Adults are expected to identify and report to the administration suspicions of harassment, bullying, hazing, abuse, and sexual or other misconduct and will not engage in such behaviors themselves. In addition to their reporting obligations to the Academy, all employees are mandated reporters of suspected abuse or neglect of students as specified by Massachusetts state law.

**INTERPERSONAL BOUNDARIES AND POWER DYNAMICS** - Adults and students must be alert to the power imbalance in their relationships, and be especially attuned to ways in which others may perceive their words or actions given that imbalance. Being mindful of the power they have, and always avoiding intimidation and abuse of authority. Adults must not lean on students for emotional support, share personal information with students to an inappropriate degree, or engage in any behavior which blurs the lines between adult and student. All members of the community must be conscious of their choices regarding language, dress, personal space, and physical touch, understanding that their choices affect others.

**MODELING** - All members of the community have an obligation to model, through language and behavior, the values and expectations we have as a school, being especially conscious of their actions at times and in places when students can observe them. Older and returning students must take seriously the power of their example on younger and newer students, embracing the responsibility to model and transmit the values and character of Cushing Academy.

**INFORMATION, CONFIDENCES, TRUST** - Knowing that information has power and value, members of the community must take special care to safeguard personal information with which they are entrusted, always striving to promote the dignity of others. Students and adults alike have an obligation to protect confidential information shared by others unless that information raises concerns that someone’s physical or mental health may be at risk. In such instances, adults must share the information through appropriate channels at the Academy; students are encouraged to do the same.

In the context of responsive and genuine relationships, all members of the community help others to develop a sense of belonging, encourage empathy and compassion, and promote an environment which is kind, generous, and embraces an open dialogue of ideas. As members of this community, we acknowledge that our actions reflect not only on ourselves but also on the Academy as a whole and strive to live in a way consistent with our values.
THE HONOR CODE AND MAJOR SCHOOL RULES

The Honor Code and major school rules reflect the guiding principles and core values of the Academy. Each member of the Cushing community is expected to embody the highest standard of behavior and conduct in areas of academic, personal and communal integrity. These standards promote academic and personal honesty; the health, safety and well-being of the individual and the community; mutually respectful relations; and the acceptable use of technology, all of which are outlined below. Academic integrity, theft, and lying are handled through the Honor Council. Major school rule violations are handled through the Discipline Committee.

Students who violate Cushing’s Honor Code or major school rules meet with the Honor Council or Discipline Committee. Depending on the severity of the infraction, the outcome of an Honor Council or Discipline Committee hearing could result in a warning, in-house restriction, in-house suspension, out-of-school suspension, dismissal, or other disciplinary action. Note: The Honor Council and Discipline Committee may recommend the dismissal of a student for a first violation of the Honor Code or a major school rule if the circumstances warrant such action. Final decisions regarding Honor Code and disciplinary violations are made by the Head of School.

Please note, all students, including international students, could be suspended if they are in violation of the Honor Code or a major school rule and would, therefore, have to leave campus for a designated period of time. For students who are international or live a significant distance from campus, an appropriate nearby (domestic) host will suffice as supervision for the suspension as arranged by the student and their family. Students are expected to depart campus within 24 hours of being suspended. The school is not responsible for securing accommodations and supervision in these situations.

Conduct that violates the law or reflects poorly upon the Academy, whether committed in school or elsewhere, and whether committed while school is in session or not, may be cause for discipline, including dismissal. Students who hold Academy sanctioned leadership positions and who violate a Major School Rule will likely be asked to resign from their positions. Students whose probation period has ended may be eligible to petition for reinstatement. The Head of School and Director of Student Affairs will determine eligibility.

ACADEMIC HONESTY POLICY - Instances of Academic Dishonesty generally fall into one of two categories: cheating and plagiarism. In A Writer’s Reference (7th Edition, 2010), Diana Hacker and Nancy Sommers offer the following explanation of plagiarism:

- Failing to cite quotations and borrowed ideas.
- Failing to enclose borrowed language in quotation marks.
- Failing to put summaries and paraphrases in your own words.

Students must make an attempt to acknowledge ANY resource that they have utilized. When students fail to do so, intentionally or unintentionally, they are in effect passing off the original work of others as their own, which amounts to the stealing of ideas. Similarly, cheating also involves a disingenuous presentation of secondary information. Cheating includes “borrowing” or “copying” secondhand material on homework, quizzes, exams, and papers and submitting it as one’s own. Students are expected to work independently of one another, unless a teacher gives explicit instructions otherwise.

More specific examples of academic dishonesty include (but are not limited to) the following:

- Turning in someone else’s work (material obtained from the Internet, or other published work, or even from other students) without offering citation, as your own.
- Copying answers from someone else’s exam (in-class or take-home), lab report, quiz, homework assignment, etc.
- Discussing questions and/or answers to an exam/quiz while testing, or sharing information regarding the exam/quiz with students who have yet to take the exam.
- Giving work to another student could also lead to a violation of the Academic Honesty Policy if the other student copies from you—even if you did not know he/she was going to do so. Please recognize that when you give your work to someone else, you are making a choice, and therefore, you are also complicit should an infraction occur.
- Using supplementary sources to complete a given assignment, beyond those that were specified by your teacher. Be particularly careful with all take-home work, and any work that is completed while using extended time.
- Employing additional/professional editing help without the permission of your teacher—including instances of translating original work to a secondary language.
- Submitting the same work to multiple classes.
- Falsifying data on lab reports, surveys, bibliographies, etc.
- Stealing examination/testing materials or teachers’ answer books or keys.
- Lying about details pertaining to an alleged incident of academic dishonesty.

The surest way to avoid committing an act of plagiarism or cheating is to ask questions in advance; when in doubt, ask.
Consequences for violating the Academic Honesty Policy are significant. All infractions will be reported to the Academic Office, which will either refer the case to the Honor Council or will set a penalty in accordance with guidelines established by the Honor Council.

In the case of a warning or suspension, the Academic Dean, in consultation with the teacher of the class in which the violation occurred, will determine whether or not the student needs to redo the assignment, for which the student will likely not earn credit. In addition, the student is required to participate in a three-day Academic Honesty Seminar that will be facilitated by Cushing's Library Director. The Honor Council's recommendation will be passed on to the Head of School, who will issue a final decision.

**DRUGS AND ALCOHOL POLICY** - Students are prohibited from using, possessing, and/or selling illegal drugs, hallucinogens, drug paraphernalia, alcohol, or prescription drugs (for which the student does not have a valid prescription). Students must remember that violating the Drugs and Alcohol Policy, whether committed in school, at any school function or elsewhere, and whether committed while school is in session or not, may be cause for discipline, including dismissal. This policy applies whether the student is in school, at any school function, or in the general neighborhood of the Academy, including Ashburnham and nearby towns.

No prescription drugs may be used at or brought to the Academy without the knowledge of the Health Center; medications must be taken through the Health Center. In addition, no student may accept any drugs or medication from another student or any adult or parent other than a Health Center employee. Students found selling drugs or alcohol or procuring drugs or alcohol for other students will, in all likelihood, be dismissed for a first offense. In addition, students who consume alcohol and who then drive or ride in an automobile will most likely be dismissed for a first offense.

A student may not be on the campus nor attend any off-campus school function possessing, consuming, or having consumed alcohol or drugs. Cushing Academy's Drug and Alcohol policy, as set forth herein, extends to day permissions even in the company of parents. Students who violate this Drug and Alcohol Policy will be required to undergo a formal assessment by the Academy counselors and agree to participate in ongoing work with those counselors if recommended. The students and their families must follow the recommendations of the evaluation.

All students aware that this Drug and Alcohol Policy is being broken in their presence and who do not make an immediate attempt to leave the vicinity are in violation of the Drug and Alcohol Policy. Questions as to whether a student was so aware will be resolved by a committee which might include, but is not limited to the Head of School, the Director of Student Affairs, and advisor.

**NICOTINE, VAPORIZER AND ELECTRONIC CIGARETTE POLICY** - Students are prohibited from using, possessing, and/or selling nicotine related products, vaporizers, and electronic cigarettes. This policy applies whether the student is in school, at any school function, or in the general neighborhood of the Academy, including Ashburnham and nearby towns.

Vaporizers and electronic cigarettes can be used to consume nicotine, marijuana, or other types of illegal substances; therefore, a student in possession of any type of vaporizer or e-cigarette device or any related paraphernalia, such as batteries, liquids, or pods, will be required to undergo a drug test in Cushing's Health Center. See the Alcohol, Drug and Nicotine Testing Policy for more information. A student who tests positive for substances other than nicotine will be in violation of the Academy's Drug and Alcohol Policy.

All students who are aware that an individual or individuals are violating the Nicotine, Vaporizer and Electronic Cigarette Policy in their presence and who do not make an immediate attempt to leave the vicinity are also in violation of this major school rule. These students may be required to meet with a Discipline Committee, the Head of School, the Director of Student Affairs, and/or advisor, and if it is determined that they knowingly remained in the presence of others who were violating this major school rule, there will be disciplinary consequences.

Additionally, students discovered smoking nicotine related products or other substances inside or in close proximity to any of our school buildings or are in possession of a vaping or electronic cigarette device may be in violation of Cushing's Major School Rule regarding fire regulations. This determination lies with the Head of School or the Director of Student Affairs.

**INVASION OF PRIVACY AND PROPERTY** - The Academy attempts to foster respect for personal property and the privacy of the individual. No student may invade the privacy of other members of the Academy community by entering dorm rooms, book bags, electronic files, lockers, or cars without permission of the owner.

**MUTUALLY RESPECTFUL RELATIONS** - The Academy seeks to cultivate a community in which mutually respectful relations are prevalent at all times. Communications of all kinds (verbal, non-verbal, written) must be made in a respectful manner. In addition, all students must abide by the guidelines and rules set forth in Cushing Academy's Harassment, Bullying, Cyberbullying and Acceptable Use policies.

**DEFACING ACADEMY PROPERTY** - No student may abuse or deface Academy property. Having this rule obviates time-consuming and costly repairs and an unsightly physical plant, both of which are detrimental to the morale of the students and the faculty.

**VISITATION/INTER-DORMING** - Students are to remain in their dormitories from the beginning of Study Hall until 6:00 am. They may only leave the dormitory to go to the Library, Structured Study Hall, Super Structured Study Hall, or to go study with a faculty member with
permission from a faculty member. After lights out, students must remain in their dormitory rooms. Day students are not allowed in dorms or day student room without permission after check-in and may return to campus at 7:00 am.

Absence explicit faculty permission and supervision, students are not allowed in the dormitory room of another student of the opposite sex, and may not host a student of the opposite sex in their own dormitory room. This policy extends to other unsupervised areas in any of the campus buildings. This policy also applies to conduct while students are on an Academy-sponsored trip.

**PERMISSIONS** - No student may be absent from school (including classes, study hall, assemblies, class meetings) without the permission of the Academy. Boarding students can access downtown Ashburnham between the hours of 7:00 am and 7:30 pm seven days a week. Students must checkout with a faculty member on duty, either in their dorm or in the Student Center, if they expect to be in the downtown Ashburnham area after 7:30 on Friday and Saturday night. All Academy rules and expectations apply when students are downtown and the Academy reserves the right to take disciplinary action against anyone who does not honor these expectations.

Students must remain on campus while in residence (this includes downtown Ashburnham). They may leave campus if they have properly registered for an Academy-sponsored activity, if they have followed off-campus visitation procedures, or if they have permission from an appropriate member of the faculty or administration. Students must submit a REACH Request if they are leaving campus.

**TECHNOLOGY** - All students must abide by the guidelines and rules set forth in the Cushing Academy Acceptable Use Policy.

**FIREARMS, WEAPONS, AND EXPLOSIVES** - Possession or use of real or simulated weapons, firearms and explosives, including fireworks and pellet guns, is prohibited.

**FIRE REGULATIONS** - The safety of the Academy community is our primary concern; therefore, creating a fire hazard is a violation of a Major School Rule. Examples of such actions include but are not limited to irresponsible or unauthorized use of fire extinguishers, matches, lighters, candles, cooking appliances in non-authorized areas, incense or other combustibles in or around an Academy building; misuse of, or tampering with, the smoke and fire detection system; and use or possession of fireworks. Matches, lighters, candles, incense, and cooking appliances are prohibited in the dorm rooms. Smoking or possessing a vaporizer or electronic cigarette in a building is a violation of fire regulations.

**MOTOR VEHICLE REGULATIONS** - Students may ride in or drive motor vehicles only when operated by, or under the direction of, a person approved by their parent or guardian, which must be on file in the Office of Student Affairs. This rule applies to all travel to and from destinations on weekends and day permissions, and arrival from and departure for vacations. Boarding students are forbidden from having automobiles or other motor vehicles on campus. Any exceptions to this rule must be approved by the Director of Student Affairs.

Boarding students on weekends may not drive cars to nearby towns, or the general neighborhood of the Academy, at any time during the weekend or at the conclusion of the weekend unless special permission is obtained from the Office of Student Affairs well in advance. Day students may not give rides to boarding students. A day student may, however, take a boarding student home for the weekend by car if both students’ parents have provided permission to the Office of Student Affairs via REACH.

---

## ACCEPTABLE USE POLICY

It is the general policy of Cushing Academy that computers and network services are to be used in a responsible, ethical, and legal manner in accordance with the mission of the Academy. Users of the Cushing Academy network must acknowledge their understanding of the general policy and guidelines as a condition of using the network. All users are responsible for adhering to these policies and procedures for network use. All students must read and agree to the Acceptable Use Policy (AUP) and Social Media Policy (SMP).

Use of the network is a privilege, not a right. Failure to act in accordance with the Acceptable Use Policy may result in a loss of network access, disciplinary action, or criminal penalties under applicable state and federal law. Information on observed or reported violations will be turned over to the Office of Student Affairs for disposition.

Acceptable use of the network includes activities that support learning, teaching and communication. Students and faculty are encouraged to explore and develop new ways of using technology to support Cushing teaching and learning objectives.

Cushing Academy makes no express or implied warranty for the Internet access it provides or the resources available through the use of our network. We cannot completely eliminate access to information that is offensive or illegal and residing on networks outside of the Cushing Academy campus. Cushing cannot guarantee the availability of access to the Internet and will not be responsible for any information that may be lost, damaged, or unavailable due to technical and/or other difficulties.
Cushing Academy is committed to respecting and protecting the personal dignity of all its students and community members. Cushing Academy does not tolerate hazing or actions which constitute harassment because of race, color, religion, gender, national origin, age, handicap, ancestry, sexual orientation or other status protected by law, or which create an intimidating, hostile or offensive environment. The Academy as a whole shares responsibility for ensuring an environment that respects the individual differences and personal dignity of all members of the Academy community. Any student who feels he or she is being harassed or hazed should tell the person to stop (if he/she is comfortable doing so) and speak promptly with a student leader, faculty member, an advisor or the Office of Student Affairs.

**GENERAL HARASSMENT** - Actions and behavior that create a hostile environment for an individual or group are prohibited and include but are not limited to the following:

- Playing abusive pranks.
- Subjecting someone to personal indignity.
- Stereotypical remarks, humor, jokes, epithets, posters, cartoons or graffiti.
- Threatening an individual; creating a fearful and unsafe environment.
- Initiation rituals (see Hazing).

**SEXUAL HARASSMENT** - Sexual harassment is any unwelcome sexual advance, request for sexual favors or any verbal, physical or suggestive misconduct of a sexual nature. This type of behavior may be between students or between a student and any adult member of the Academy community. This type of harassment may include but is not limited to the following:

- Unwelcome, offensive and unnecessary touching.
- Spreading false rumors or accusations of a sexual nature.
- Pressuring someone for sexual activity.
- Making suggestive or explicit sexual comments about a person’s anatomy, behavior or clothing.
- Engaging in unwanted and sexually suggestive letters, messages (including those sent via e-mail, computer systems or the Internet) or phone calls.
- Displaying sexually offensive materials or wearing offensive articles of clothing.
- Inappropriate personal questions.
- Any coerced sexual relations.

**HAZING** - Cushing Academy does not tolerate hazing. “Hazing” means any conduct or method of initiation into any student organization which endangers the physical or mental health of any student. As stated in Massachusetts State Law prohibiting this activity, hazing shall include “whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, beverages, drugs or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any person, or which subjects the person to extreme mental stress.” A copy of the law prohibiting such action can be reviewed in the Office of Student Affairs.

**BULLYING** - Cushing Academy does not tolerate bullying. Under Massachusetts law, bullying is defined as the repeated use by one or more students of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a target that does any of the following:

- Causes physical or emotional harm to the targeted student or damage to the targeted student’s property.
- Places the targeted student in reasonable fear of harm to himself or herself or of damage to his or her property.
- Creates a hostile environment at school for the targeted student.
- Infringes on the rights of the targeted student at school.
- Materially and substantially disrupts the educational process or the orderly operation of the school.

**CYBERBULLYING** - Cyberbullying is not tolerated at Cushing Academy. Cyberbullying is defined as bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectronic or photo optical system, including, but not limited to, electronic mail, Internet communications, instant messages or facsimile communications. Cyberbullying shall also include the creation of a web page or blog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying. Cyberbullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Bullying shall be prohibited on Academy grounds, property immediately adjacent to Academy grounds, at an Academy-sponsored or Academy-related activity, function or program whether on or off Academy grounds, on a Academy bus or other vehicle owned, leased or used by a school district or school, or through the use of technology or an electronic device owned, leased or used by Cushing and at a location, activity, function
or program that is not Academy-related, or through the use of technology or an electronic device that is not owned, leased or used by Cushing, if the bullying creates a hostile environment at school for the victim, infringes on the rights of the victim at school or materially and substantially disrupts the education process or the orderly operation of a school.

**PROCEDURES FOR ADDRESSING HARASSMENT AND BULLYING**

The following procedure will be followed if a community member thinks he/she is being or has been harassed:

1. The person that is being or has been harassed or bullied should, if he or she is comfortable doing so, let the offending person or persons know that he/she wants the behavior to stop immediately.
   - Silence encourages recurrent behavior; students are encouraged to say NO firmly; do not apologize. It is acknowledged that some students may find this difficult. If they are unable to do this, they should focus their response on #2.

2. Tell someone: other students, a proctor, the Academy counselor, an advisor, a teacher, someone in the Office of Student Affairs, or the Head of School. Singular minor incidents of harassment or bullying may be resolved through informal means. Major incidents of harassment will be resolved through the Office of Student Affairs and/or the Head of School's Office, or through the Disciplinary Committee.

It is important that the Academy supports and protects any individual who raises a complaint.

**RESPONSES TO BULLYING AND HARASSMENT REPORTS** - The Student Life Office or the Head of School will likely take the following steps in response to a complaint of harassment or bullying, while at the same time tailoring these responses to the uniqueness of each case.

- Conduct a full investigation, including speaking with all parties involved.
- Contact parents of all students involved, including victims, witnesses, and perpetrators, to explain policies, reporting, and responses.
- Decide on disciplinary responses, if warranted, and document all steps of investigation.
- Contact the appropriate government agency if a potential crime has been committed or if a student has been subject to abuse or neglect.
- Notify key faculty members to offer support for any persons who are the target of bullying or harassment, or for anyone involved in an incident of bullying or harassment in any way.

**HONOR CODE AND MAJOR SCHOOL RULE PROCESS**

**JURISDICTION** - The Honor Council will hear cases involving any form of academic dishonesty, theft and lying. The Discipline Committee will hear cases that involve violations of non-honor rules.

If a student under review of the Discipline Committee is found to be lying, this will be taken into account when the Discipline Committee determines the disciplinary response.

Please note, the Head of School will make every effort to use the discipline process herein, but retains final authority over disciplinary processes and decisions.

**HONOR COUNCIL** - The Honor Council oversees violations of the Honor Code, with a specific focus on cases pertaining to academic dishonesty, lying, stealing and theft. The Honor Council exists to uphold the standards of integrity and trust, and to strengthen the very bond of the community. Likewise, the composition of the Honor Council is inclusive and representative of the entire community, signaling the critical role that individual members play in preserving the integrity of the Academy.

The effectiveness of the Honor System lies in the cooperation of the student body. It is left up to the discretion of the individual student as to whether or not he or she reports an offender to the Deans and/or Honor Council. Faculty will report all violations. When a violation occurs and is reported, the Academic Office will explore the validity of the allegation and proceed accordingly. When appropriate, the Honor Council will be convened to further determine whether or not a student's conduct breaches the Honor Code. At that point, the student and his or her parents/guardians will be notified of the allegations.

**COMPOSITION AND PROCESS OF THE HONOR COUNCIL** - The Honor Council is composed of a faculty chair and three faculty members and three student leaders. Both faculty and students who serve will be selected from a pool of appointed and trained faculty and student groups who are available to meet at the time the Honor Council is convened. Ultimately, these six members will vote to determine a recommendation about a disposition to present to the Chair of the Honor Council and the Head of School. In addition to these six members, the student's advisor will be present, as well as one other advocate, who will be one of the student's current teachers, as chosen by that student. These proceedings are confidential.

The Head of School may accept, amend or reject the recommendation of the Honor Council. The Head of School may, in his sole discretion, revise any disposition in the Honor Council.

Parents, guardians, and lawyers are not permitted at Honor Council proceedings.
DISCIPLINARY COMMITTEE - When a student violates a Major School Rule, as described elsewhere herein, his or her case will be referred to the Office of Student Affairs, which will either refer the case to the Discipline Committee or will set a penalty in accordance with guidelines established by the Discipline Committee. Cases that involve violations of non-honor rules (Major School Rules) will be handled through the Office of Student Affairs. When, in the judgment of the Office of Student Affairs, a student has violated a rule or has exhibited a pattern of minor rule violations, the student may be required to meet with the Discipline Committee. These proceedings are confidential.

In cases in which Honor Code violations have occurred along with violations of other school rules, the Office of Student Affairs will collaborate with the Honor Council and refer the violations to the appropriate process.

COMPOSITION OF THE DISCIPLINE COMMITTEE - The Discipline Committee is comprised of a faculty chair and three faculty members and three student leaders. Both faculty and students who serve will be selected from a group of appointed and trained faculty and student groups who are available to meet at the time a particular Discipline Committee is convened. A representative from the Office of Student Affairs and the Chair of the Discipline Committee convene the Discipline Committee, and the representative from the Office of Student Affairs remains present for the proceedings to be led by the Chair. If any member must recuse him or herself, he/she shall be replaced by the Chair from the group of trained faculty and students in consultation with the remaining members of the Discipline Committee.

The representative from the Office of Student Affairs convening the Discipline Committee will present the case to the Committee. Following this presentation, the student will explain and account for his/her actions and the surrounding circumstances of the infraction. The student’s advisor, and, if the student chooses, a member of the community is also invited to the meeting to speak in support of the student, but no other representatives may participate in the disciplinary process. The Discipline Committee may question any witness, question the accused, and review all documentary evidence presented.

The Discipline Committee will consider all details and decide the appropriate disciplinary response based on precedent. A majority of the Discipline Committee is required to recommend a disciplinary response to the Head of School. In cases of an impasse, the faculty chair will then vote.

The Head of School may accept, amend or reject the recommendation of the Disciplinary Committee. The Head of School may, in his sole discretion, revise any disposition in the Discipline Committee process.

Parents, guardians, and lawyers are not permitted at Discipline Committee Hearings.

HONOR COUNCIL AND DISCIPLINE COMMITTEE MEETINGS

The faculty chair convening the Honor Council or Discipline Committee will present the case to the Committee. Following this presentation, the student will explain and account for his/her actions and the surrounding circumstances of the infraction. The student’s advisor, and, if the student chooses, a member of the community is also invited to the meeting to speak in support of the student, but no other representatives may participate in the disciplinary process. The Honor Council or the Discipline Committee may question any witness, question the accused, and review all documentary evidence presented.

The Honor Council and the Discipline Committee will consider all details and decide the appropriate disciplinary response based on precedent. A majority of the Honor Council or Discipline Committee is required to recommend a disciplinary response to the Head of School. In cases of an impasse, the faculty chair will then vote.

The Head of School may accept, amend or reject the recommendation of the Honor Council or the Disciplinary Committee. The Head of School may, in his sole discretion, revise any disposition in the Honor Council or the Discipline Committee process.

HONOR CODE AND MAJOR SCHOOL RULE RESPONSES

In any Honor or Discipline process the possible responses, described more fully herein, may include but are not limited to:

- Warning and/or Probation
- Restitution
- Detention
- Counseling
- Loss of privileges
- Removal from leadership positions in Student Faculty Senate or Proctors
- In-house restriction
- In-house suspension
- Out-of-school suspension
- Dismissal
IN-HOUSE RESTRICTION, SUSPENSION, AND DISMISSAL - In cases of in-house restriction or on-campus suspension, the student will go
to all of his/her classes, but will not participate in any co-curricular activities. Students may also be required to complete overdue work or to
perform other services or duties.

Suspension is the most serious penalty that Cushing imposes short of dismissal, and it should send the message that the individual has violated
Academy standards and that the community must exclude him/her for a set period of time. The Head of School automatically reviews decisions
involving suspension or dismissal. If a student has been suspended, he/she will not be allowed to return to Cushing after the suspension period
until he/she agrees to abide by the Academy’s rules, policies and standards. Please note, all students, including international students,
could be suspended if they are in violation of the Honor Code or a major school rule and would, therefore, have to leave campus
for a designated period of time. For students who are international or live a significant distance from campus, an appropriate
nearby (domestic) host will suffice as supervision for the suspension as arranged by the student and their family. Students are
expected to depart campus within 24 hours of being suspended. The school is not responsible for securing accommodations and
supervision in these situations. Parents/guardians of suspended students should ensure that the student does not use this period simply as
some free time. A student returning from suspension must meet with his/her advisor, the Director of Student Affairs and the Head of School; and
this student’s parent(s)/guardian(s) may also be asked to participate in these re-entry conversations. While we take suspensions seriously, we
also deliberately steward the returning process whereby the student can rebuild his/her place and opportunity to thrive within the community.

DISCLOSURE POLICY - At the Academy, it is our expectation that students will respond truthfully to college and university application
questions that require them to report any major disciplinary incidents. A member of the Cushing Academy College Counseling Office will work
with the student on the written report that the student will send and will follow up directly with the colleges. If such Honor Code or Discipline
measures occur after the submission of the initial application, Cushing will ask the student to report the information in a timely fashion and the
Academy will send updated information about the incident to the college.

LIFE AT CUSHING

STUDENT SUPPORT - As a school, Cushing Academy is dedicated to educating the whole child; therefore, we have created a web of support
that includes the whole community. Both students and adults are available to help meet the needs of individuals in a variety of areas.

COMMUNICATION - As an educational community we encourage open communication among students, faculty, and parents. Students are
expected to be the first advocate for their own experience, to then seek out adults in the community for guidance and clarification on assignments,
policies, or general concerns. It is necessary to establish a student-faculty relationship that is both formal and frank—a relationship based on mutual
trust, care and respect. Communication is essential for our community to work effectively.

ADVISORY - To honor our commitment to the growth of the whole student, every student at Cushing is assigned a faculty advisor. Such a
relationship provides Cushing students with the support and encouragement that will help them grow through meaningful challenges to develop
their personal potential and strengths across disciplines. An advisor serves as a primary point-person on campus for her/his advisees. Parents/guardians with questions and/or thoughts regarding their child should feel free to contact their child’s advisor.

OFFICE OF STUDENT AFFAIRS - The Office of Student Affairs helps to coordinate student clubs and activities, social events, and character
education. Managing the Academy’s discipline system is just one aspect of this office. The office also works closely with student leaders to
improve their student leadership and citizenship skills and to gauge the needs of the student body. While a teacher, advisor, or dorm parent, will
likely be the first place to turn with a problem, the Office of Student Affairs maintains an open-door policy and encourages individual students to
come with suggestions and concerns.

HEALTH SERVICES - The Health Center is located on the first floor of Sawyer-Hopkins Dormitory. The Health Center provides medical care for
illnesses, injuries, and referrals to off-campus specialists. The Health Center is staffed 24 hours a day, 7 days a week. Urgent medical problems/injuries are treated at Heywood Hospital in Gardner, Massachusetts. For more information on our Health Services, please refer to the Community Resources section of this Handbook.

COUNSELING SERVICES - Counseling services at Cushing Academy are designed to provide an additional source of support, intervention,
and care to students. Services are available to help students address the typical challenges of adolescence, as well as the unique demands of
boarding-school life. For more information on our counseling services, please refer to the Community Resources section of this Handbook.

A-TEAM - The A-Team is a group of faculty, led by the Director of Counseling, who respond in a non-disciplinary fashion to
concerns about student risk-taking behavior (especially alcohol and other drug use). Students can be referred to The Cushing
A-Team by any member of the Cushing community (peer, faculty, staff, parent, etc.) who is concerned about possible drug and/or
alcohol use, and wants to ensure the student has the opportunity to get help before more serious consequences ensue. The
A-Team employs a confidential, non-disciplinary approach through a tiered system of intervention. When referred, members of the A-Team will
intervene with the student at the level deemed appropriate for the information provided. Non-disciplinary intervention may include, but is not limited to, a conversation with the student to express concerns, a referral to counseling, a conversation with parents/guardians, or confidential urinalysis. To learn more about this program, please refer to the Community Resources section.

**SANCTUARY** - The health and safety of our students is of primary concern for our entire community. Students can help themselves or others without fearing disciplinary action when they are in physical or psychological danger as a result of the use of any drug or substance, including alcohol. Sanctuary is a non-disciplinary approach to illicit substance use when such use or behavior presents an immediate/acute or life-threatening situation. Sanctuary does not protect the student from disciplinary consequences if an investigation by a faculty member or administrator has already begun. If you have concerns about yourself or a peer related to an ongoing use and risk-taking behavior, please report your concerns to the A-Team. NOTE: The Office of Student Affairs reserves the right to determine in its sole discretion whether a student is seeking help or attempting to manipulate the discipline system. The latter will be handled via Cushing’s Discipline System. To learn more about this program, please refer to the Community Resources section.

---

**THE CONDUCT SYSTEM**

Our conduct system provides students with immediate feedback regarding their choices and behavior displayed at the Academy. It is a system designed: (1) to hold students accountable for their conduct and decisions; (2) to support student agency within the parameters of our school values; and (3) to indicate patterns of a student’s struggle to meet Cushing’s values and behavioral expectations.

A student might occasionally make the choice to be out dress code, forget to check in from a weekend or be out of their room past lights out; but if such conduct happens with regularity, that student’s conduct points will accumulate, resulting in heightened consequences at certain thresholds. We are concerned about students who, over the course of the term, cannot regularly meet expectations. If a student accumulates too many conduct points in a given term, it is a signal that the student is having difficulty managing his/her experience at Cushing. In this case the student’s advisor is likely to become involved in discussions about how the student can meet the Academy’s expectations more frequently.

Conduct points are cumulative for each semester. Students can access their point totals on their MyCushing homepage. Point totals are monitored by Office of Student Affairs and available to advisors. If a student has any question about the points given, he or she has 72 hours to address them with the teacher who assigned them. Excuses for conduct points will generally not be accepted after this date.

All faculty will speak with the student regarding his or her offense before submitting the offenses through MyCushing. Conduct points are generally communicated by faculty on the day of they were issued.

Please note the following penalties (note these are standard penalties, faculty may assign other points at their discretion):

- **1-point offense**: improper dress, cell-phone infraction, lights-out infractions
- **2-point offense**: did not submit Reach Request prior to Thursday deadline
- **3-point offenses**: late weekend sign-in or sign-out, missing Restitution or detention
- **4-point offenses**: habitually not meeting community expectations

Continued violation or abuse of an Academy rule or regulation may result in a more serious penalty than the one normally applied.

Conduct records are maintained on a semester basis. The fall term conduct records will close on Thursday, December 13th, the winter/spring term record will close on Thursday, May 30th.

**DISCIPLINARY RESTRICTION** - Students who have accumulated a total of eight conduct points in the first semester or 12 conduct points in the second semester will be placed on Disciplinary Restriction. Students will meet with their advisor to discuss their ability to meet their regular obligations at the Academy. Parents will receive communication from the advisor at this threshold and the Academy’s expectations moving forward.

Students on Disciplinary Restriction will serve two hours of Restitution and or other sanctions as determined by the Office of Student Affairs. They will be restricted to campus until all sanctions are completed.

**DISCIPLINARY REPORT** - Students who have accumulated 15 conduct points in the first semester or 20 conduct points in the second semester will be placed on Disciplinary Report, and their case will be referred to one of the directors of student affairs for their inability to meet basic Academy expectations. Students on Report for the first time normally receive four additional hours of detention or restitution and additional sanctions as determined by the Office of Student Affairs. In addition, parents will receive an official letter from the Office of Student Affairs regarding Cushing’s expectations moving forward. The Director of Student Affairs will automatically review the record of each student on Disciplinary Report at the end of the semester, or earlier if the situation warrants. Students placed on Report more than once will receive stiffer penalties.
RESTITUTION - When a student is assigned a Restitution, he/she is expected to do two hours of work for the Academy. This may take a variety of different forms such as running lines at a soccer game, cleaning science lab equipment, weeding gardens, helping with office work, or other jobs that can be completed with student labor. Restitutions result from an excessive accumulation of conduct points or absences, as described in the Conduct System and the Attendance and Absence Policy, or in response to other infractions at the Academy. Students who have Restitutions will not be permitted to take a weekend permission or go on school sponsored trips until this obligation is fulfilled.

DETENTION - When a student is assigned a Detention, he/she is expected to sit for two hours on Saturday night in an assigned classroom from 7:00 - 9:00 pm. Students who have outstanding Detentions will not be permitted to take a weekend permission or go on school sponsored trips until this obligation is fulfilled.

ADDITIONAL DISCIPLINARY RESPONSES - In addition to any disciplinary action, the Student Affairs Office will automatically review the record of each student on Disciplinary Report at the end of the term, or earlier if the situation warrants, and will confer with the Head of School for further action if necessary.

ATTENDANCE AND ABSENCE POLICY

The Academy takes very seriously a student's obligation to attend classes, academic programs, study hall, Community Weekend events and offerings, afternoon commitments, athletics, and other all school commitments and required gatherings that are part of the student experience. Since, meeting commitments is an expectation for all students, the Academy counts on the support of parents and guardians to ensure that students attend all obligations.

Students who miss a commitment will receive an unexcused absence, an email notification and risk disciplinary action. Students must correct any attendance errors with the Attendance Manager in the Academic Office within 2 academic days of being notified by of an unexcused absence.

Tardiness or lateness in excess of 10 minutes of any class period will be counted as an unexcused absence. Every 4 tardies within a semester will be counted as an unexcused absence.

Students who are ill and unable to perform their regular Academy duties must report to the Health Center before the beginning of the class.

A student who misses school due to illness should meet with his/her teacher(s) and, if necessary the advisor, to develop a plan to make up missed work. It is the student’s responsibility to make this plan within a day of his/her return to classes. If absences becomes excessive, advisors, along with the Academic Office, may take the lead in facilitating a plan.

If, for any reason, a student misses seven classes in a particular course per semester, then that student will have to petition for credit. A student may not receive credit for the work done in that course, as determined by the Head of School in consultation with the Academic Office. Exceptions include: school-sponsored activities, medical leave and religious holidays. The maximum number of missed will reset at the end of each semester.

UNEXCUSED ACADEMIC ABSENCE POLICIES AND RESPONSES - The following policies are designed to provide prompt and constructive intervention for those whose absences may be symptomatic of other difficulties. Unexcused academic commitments will result in the following responses:

**First Unexcused Absence**  Notification sent to student and Advisor

**Second Unexcused Absence**  Notification sent to student and Advisor
One Saturday Night Detention

**Third Unexcused Absence**  Notification sent to student and Advisor
Advisor contacts parents/guardians.
Two Saturday Night Detentions

**Fourth Unexcused Absence**  Notification sent to student and Advisor
Student must meet with the Academic Office and advisor to discuss his or her absences and determine an appropriate course of action. Academic Office contacts Parents/Guardians.
Two Saturday Night Detentions

**Fifth Unexcused Absence**  Notification sent to student and Advisor
A committee composed of the Academic Office, Office of Student Affairs and the student’s advisor will meet with the student to discuss his or her absences and determine an appropriate course of action. An official letter home to parents/guardians.
Two Saturday night detentions and in-house restriction
UNEXCUSED NON-ACADEMIC ABSENCE POLICIES AND RESPONSES - Absence from non-academic school commitments, including athletic practices and contests, afternoon activities, sit-down dinners, advisor meetings, Community Weekends and Assembly will result in the following responses:

- **First Unexcused Absence**: Notification sent to student and Advisor

- **Second Unexcused Absence**: Notification sent to student and Advisor
  - One Restitution

- **Third Unexcused Absence**: Notification sent to student and Advisor; Advisor contacts parents/guardians
  - Two Restitutions

- **Fourth Unexcused Absence**: Notification sent to student and Advisor
  - Student must meet with Director of Student Affairs or Director of Athletics, coach or afternoon activity director and advisor to discuss his or her absences and determine an appropriate course of action. The appropriate office contacts Parents/Guardians.
  - Two Restitutions

- **Fifth Unexcused Absence**: Notification sent to student and Advisor
  - A committee composed of the Director of Student Affairs, Athletic Director/Associate Director of Student Affairs, Academic Dean, coach/program director and advisor will meet with the student. An attendance contract will be established and is shared with parents/guardians.
  - Two Restitutions and an in-house restriction

If a student misses a Community Weekend event, an athletic contest or performance, the student will receive a stronger consequence than listed above.

Please note that in cases of in-house restriction, the student will go to all of his/her classes, but will not participate in any co-curricular activities, including athletic contests and performances.

**COLLEGE DAYS** - Students are allowed to miss three days during their time at Cushing Academy to visit colleges. These absences will be marked as ‘excused;’ however, these absences will count toward Cushing’s Attendance Policy. This policy states that if a student misses, for any reason, seven classes in a particular course per semester, then that student will have to petition for credit.

Any missed days due to college visits after the three absences will be deemed "unexcused absences” unless approved in advanced by the College Counseling Office.

Students are strongly encouraged to use Academy vacations and long weekends for college visits in order to allow them to use their college days for visits in late April after college acceptances have been received.

**COMMITMENT TO EXCELLENCE** - Sometimes unforeseen or special circumstances require parents or guardians to excuse their child from school. These circumstances may include personal commitments, athletic pursuits or unique enrichment opportunities. The Academy seeks to support students and families when these conflicts arise; however, missing school commitments during the year can result in gaps in learning, community events, lab, and classroom work that can create a deficit in the student experience. To that end, Cushing has a process that may permit students to miss up to 4 classes per subject over the course of the academic year.

If a student requests to be excused from their school commitments, they are expected to complete a Temporary Absence Form and a Commitment to Excellence petition. These forms should be submitted to the Office of Student Affairs as soon as the opportunity arises but at least seven academic days prior to their anticipated departure. The student’s petition must describe how the absence allows for further personal development and or enrichment; illustrate how this opportunity has resulted from a rigorous selection process; and why there is no other way to engage in this opportunity without missing Cushing obligations. Parents should also contact the Office of Student Affairs to verify travel plans and their support of their child’s petition. If the petition is granted, these absences will be marked as ‘excused;’ however, students are expected to make up all missed work without requesting extensive extra help from their teachers. If extensive help if needed, the student and their family should explore hiring a tutor, which can be arranged through the Academic Office. These absences will count toward Cushing’s Attendance Policy.

This policy does not apply to students wishing to depart campus early, return to campus late around school breaks, and approved college and university visits.

**VACATIONS** - In addition to the summer vacation, the Academy provides Thanksgiving, Winter, and Spring vacations. Before a student leaves for vacation, all major work in every course must be satisfactorily completed.
The dormitories will be open for twenty-four hours after the night of the final class day before vacation. When leaving for these vacations or for the summer, students must check out with the dormitory faculty to ensure that they have left their rooms in satisfactory condition. Students leaving their rooms in unsatisfactory condition may be assigned a Restitution, conduct points, asked to return to campus, and/or be billed for cleaning.

If students do not go immediately home for vacation, permissions and invitations must be submitted to the Office of Student Affairs just as if students were taking a weekend to a place other than their own homes.

Transportation arrangements should be made so as to permit students to attend all of their classes. **Unexcused absences will be assigned for class absences and afternoon activities due to early departures or late returns from vacation.** In addition, these days missed will count toward our Attendance Policies. Only under extraordinary circumstances will a student not be assigned unexcused absences for early departures or late returns from vacation. Special circumstances should be brought to the attention of the Director of Student Affairs and the Academic Office well in advance of departure. When arranging travel plans for students, parents should allow at least three hours for transportation to and from airports and train stations.

---

**DRESS CODE**

**GENERAL PHILOSOPHY** - Students are expected to dress at all times in a way that is consistent with the Academy’s values as expressed in our expectations. During the academic day, students should dress in a way that respects the atmosphere of learning and sets a proper tone for the primary purpose of school. Cushing recognizes that an individual’s manner of dress is an expression of personal style as well as a practical necessity. While the importance of personal style and all it represents should be honored, living and working within a learning community require that all community members balance personal expression and comfort with respect for the learning environment and the comfort of other members of the community.

**EXPECTATIONS**

- Clothing should promote a positive, focused learning environment
- Clothing should promote a safe, inclusive community
- Clothing should align with all other standards and rules of the Academy
- Clothing should permit students to participate fully in all school activities
- Clothing should be clean, modest and respectful

**DRESS CODE ENFORCEMENT** - The Dress Code will be consistently enforced through peer-to-peer interaction and influence as well as the use of the conduct system by the faculty and staff. Disagreements over whether one’s academic-day attire is in keeping with the dress code will be settled by the Director(s) of Student Affairs. A student should expect and anticipate that faculty members will address the student’s choice of dress if the faculty member believes that the student’s clothing may not be consistent with the expectations above. The Dress Code is meant to encourage students to consider how and why they choose to dress as they do. Therefore, interactions between students and faculty regarding student dress should always be framed as a constructive and positive conversation.

**MEETS DRESS CODE**

- Blouses, dress shirts, collared shirts, sweaters, turtlenecks, t-shirts (see Does not Meet Dress Code section) and Cushing sweatshirts
- Dress pants, dresses, skirts, trousers/slacks, khakis, corduroys, cargo pants, leggings, jeans (including blue), and non-athletic shorts

**DOES NOT MEET DRESS CODE:**

- Clothing with political messages, pictures, graphics, illegal substances, large writing and or writing on sleeves, print or graphics, offensive language, or images or language that is not in good taste
- Athletic wear, athletic t-shirts, plain white t-shirts, undershirts, and athletic leggings
- Clothing that is patched, torn, or in disrepair
- Non-Cushing sweatshirts
- Camouflage or military fatigues
- Hats inside any building except Watkins Field House, Heslin Gym, Iorio Arena, and dorms
- Shorts, dresses or skirts that are shorter than mid-thigh in length
- Tulip shorts, pajama bottoms, sweatpants, sweatshorts, rompers and romphims.
- See-through clothing, exposed midriffs, shoulders or chests (including shirtless), spaghetti-strapped tank tops
- Visible underwear (including wearing underwear as outerwear)
- Shower shoes or shower sandals

**SPECIAL ACADEMIC DRESS** - Special dress is required for special dinners and other special gatherings as announced. Students are expected to choose attire that shows respect for these events. As is the case for class dress, students are to dress in a way that respects the atmosphere of learning and sets a proper tone for the primary purpose of the Academy: attire for dances and parties is not in line with the spirit of special academic dress occasions. **Note 1:** Students are expected to change out of clothing, including team uniforms, worn during work-outs, practice, or games before going to the dining hall. **Note 2:** An exception to Note 1 is made for teams returning from away games or from late practices.
Meets Dress Code for Special Academic Dress:
• Dress shirt with folded collar (e.g. button-down, point, spread) should be tucked in and should be accompanied by a sports jacket, tie and, dress pants or dress shorts
• Dressy blouse or sweater paired with dressy pants or skirt (the length of which should be at least mid-thigh)
• Dresses (the length of which should be at least mid-thigh)
• Outfits representative of other cultures that are consistent with the formality of Special Academic Dress and are worn in an appropriately respectful manner.
• A sweater or jacket covering the shoulders of apparel that has shoulder straps less than 2 inches wide
• Dress shoes or dress sandals in good repair

Does not Meet Dress Code for Special Academic Dress:
• Clothing that is patched, torn, or in disrepair
• Cargo pants, army fatigues, and bib overalls
• Hats unless worn for a religious purpose
• Clothing that exposes the midriff, bares the back, has a plunging or low-cut neckline, is skin-tight, has spaghetti straps or is otherwise inappropriately revealing
• Clothing that is sheer
• Flip-flops, sneakers or construction boots

EXTRACURRICULAR CLUBS & ORGANIZATIONS - Clubs and organizations at Cushing encompass a wide array of activities, ideas and passions and seek to enrich the student experience outside the classroom. Central to the core values of the Academy, clubs and organizations are largely student driven and play an essential role in the health, well-being, and engagement of students. Students who have a keen interest or passion and do not see a club related to that passion should feel empowered to start one! The process is simple; please see someone in the Office of Student Affairs for the club registration forms.

Students should permanently label all clothing

OUTDOOR EXPECTATIONS

Because of potential damage to the lawns, windows and a variety of other objects, games should be confined to the athletic fields and the common.

Cushing assumes no liability for any student who chooses to participate in any unsupervised athletic experience. Students who choose to participate in such unsupervised activities assume all risk (i.e., sledding, bicycling, sliding, skateboarding, or rollerblading). Sledding and sliding are only allowed in safe locations on campus and only during daylight hours. Skateboarding and rollerblading are allowed, only on paved walkways and driveways. Additionally, Cushing recommends helmets and protective equipment while participating in bicycling, skateboarding, rollerblading, and/or sledding and sliding.

Students are not permitted to have hoverboards and motorized or electric modes of transportation on campus.

Sun bathing is allowed on campus; however, all students must wear shorts at all times. Students must put a shirt on if they are up and active (playing games, etc).

RESPECTFUL RELATIONS

SEXUAL INTIMACY - Students should exercise thoughtful and appropriate discretion in all of their relationships. Consensual sexual intimacy is a complex issue, and it is additionally complicated in a community comprised of students who may range in age from 13 to 20, and who hail from a range of cultures, beliefs, and values. While we recognize that romantic relationships may involve consensual sexual intimacy and that sexual curiosity during adolescence is common, we are committed to creating a learning and residential environment characterized by safety, trust, and dignity for all. Therefore, the school cannot condone or make judgments about individual students’ private sexual conduct but must be concerned about the safety and appropriateness of a student’s sexual behavior. The Academy’s responses to student intimacy may include, but are not limited to, conversations between students involved and the Director of Student Affairs, communication with an involved student’s advisor, referral to school health professionals, and notification of and conversations with parents/guardians. Repeated disregard of the expectations of conduct stated above may be grounds for further educational and/or disciplinary action.

The Academy has equal expectations for students regardless of their sexual orientation. We expect every student involved in intimate relationships—whether same-sex or opposite-sex—to respect their partner’s privacy, the privacy of others, and to uphold the expectations of conduct stated above.

The Academy offers education about sexuality and sexual health through relevant programming, and provides a range of counseling and advising resources, with the goal of fostering thoughtful and healthy decision-making.
In the Commonwealth of Massachusetts, The Academy has legal obligations, which must be clear to all students and parents. Massachusetts State Law stipulates that any person who engages in sexual intercourse or unnatural sexual intercourse with a person less than 16 years of age is subject to prosecution under state law. Often referred to as Statutory Rape, sexual activity with a person under 16 can never be considered consensual—that is, it is always considered rape.

The use of cell phones and other such technology in public and community settings (classrooms, dining hall, hallways, pathways, etc.) inhibits our ability to fully engage one another. Additionally, cell phone ringers should be turned off during study hall, after lights out, assemblies, and special events. Misuse of cell phones may result in the loss of cell phone privileges.

Cushing’s emergency response system is tied to cell phones; therefore we encourage students to carry cell phones with them when they are out of their dorms. Cellular service varies on campus; the most reliable carrier in terms of coverage is AT&T.

All students have access to Cushing’s campus-wide wireless network. Policies regarding the computer networks are outlined under our AUP in the “Major School Rules” section of this handbook.

ATHLETICS AND AFTERNOON COMMITMENTS

It is the expectation that all students are enrolled and participating in an afternoon activity or team sport each term or season.

- Afternoon commitments require a student’s involvement for two or more hours per afternoon, five days per week and in some cases on weekends and over long weekends and major school breaks. A student may also need to participate in performances, productions, publications, projects, competitions and/or tournaments.
- All commitments meet every day, rain or shine, unless otherwise determined by the supervisor. Attendance is taken at every session. Students must report, on time, to each session at the assigned time.
- Unless confined to, or restricted by, the Health Center, students are to report to each afternoon commitment every day, even though they consider themselves sick or injured.
- A student who has two or more absences in a day or misses a Community Weekend event is not allowed to participate in their afternoon commitments, athletic games, practices or performances on that day.
- A student excused from two or more classes for medical reasons is not allowed to participate in their afternoon commitments, athletic games, practices or performances on that day.
- Students must report every injury, no matter how minor, to the supervising adult before leaving the session.
- Students must meet their afternoon commitment obligations prior to leaving campus. A missed obligation may result in a detention or restitution and possibly a heavier consequence as determined by the Director of Student Affairs and Director of Athletics.
- Students must adhere to Cushing’s Commitment to Excellence Policy when missing multiple classes per semester and should make proper arrangements with the Director of Student Affairs to follow the policy accordingly.
- Team members are required to wear the proper Cushing practice uniform to all practices. Uniforms need to be washed daily in the Field House.
- We expect all of the team members to respect the officials, opposing coaches and players. Cushing teams have always been noted for their outstanding sportsmanship and we expect to uphold this tradition.
- Equipment and locker rooms: Students are responsible for all issued equipment and clothing, which should not be taken to the dorm. Students must contribute to the neatness of the locker rooms; no horseplay or rowdiness is permitted in the locker rooms.
- Profanity will not be tolerated at any time.
- All Major School Rules expectations and guidelines must be upheld at all times.

HEALTH AND WELLNESS REQUIREMENT - Athletics and physical activity play an integral role in the growth, development, and socialization of students at Cushing Academy. Both are a vital part of each student’s learning experience and an integral component of the overall curriculum. Each year, students are expected to meet Cushing’s Health and Wellness Requirement. If a student is cut from a team, they are expected to meet with the Director of Athletics the following day to help facilitate a better fit for students to meet the Health & Wellness Requirement.

Health and Wellness Requirement Objectives:
- To develop a healthy lifestyle through physical fitness
- To promote emotional and mental well-being
- To encourage competitive spirit and teamwork
- To demonstrate a mastery of skills
- To foster sportsmanship
- To learn the value of commitment and accountability to a team and among peers
- To learn how to win and lose graciously and overcome adversity

In order to meet these objectives, Cushing Academy offers varying levels of opportunities in team sports and afternoon activities.
At Cushing we are committed to developing curious, creative, and confident learners and leaders in an environment that allows students to experience meaningful challenges and growth. As a community we define leadership as “choosing to act with empathy, integrity, responsibility, and courage to help one’s group achieve its goals.” We have placed an emphasis on providing opportunities for students to have an actual impact on the everyday activity of the Academy. As an independent boarding school, we have the unique opportunity to know and value students in a manner not all schools enjoy. We come to know our students not only in our classrooms, but also in our dorms, as advisees, and as artists, musicians, athletes and actors. This opportunity to know students in a variety of settings allows us to develop lasting and authentic relationships. In a world where technology exponentially increases and, at times, seeks to push personal interaction to the fringes, Cushing Academy, with its small classrooms and emphasis on character and leadership development, is uniquely able to expose and teach students about these changes in our society while also continuing to help our students grow the emotional and social skills that are necessary for our world’s future. We strongly believe as future leaders, students must be ethically grounded and emotionally mature.

The students are the heart of the Academy, and ultimately we want them to be independent and engaged members of the community. Therefore, they should be involved, take active roles in all aspects of the Academy, and feel a sense of ownership over their school experience. It is their school and their experience; therefore, they also have considerable responsibility over it. It is also important for students to learn the consequences of this freedom, and how their choices lead to outcomes. We strongly believe that leadership begins with developing deep relationships between faculty and students so that we can foster a climate where students learn to fail successfully— to hit a dead end, learn from this misstep, and through iteration, inevitably move forward.

With greater responsibility and investment in the school, students learn to live up to expectations rather than conform to rules. The personal and intellectual freedom they enjoy allows them to learn how to learn and live.

**LEADERSHIP LABS** - Beginning with orientation, throughout the course of the year, students experience Leadership Labs for our elected student leaders. The purpose of these labs is to introduce students to our definition of leadership—“choosing to act with empathy, integrity, responsibility, and courage to help one’s group achieve its goals”—and to give students a chance to develop a shared language based around and our community values and standards. Through a process of collaboration, feedback, and reflection we use these labs to challenge our student leaders to develop goals and action plans for approaching and engaging in the year. It is through these labs that our students are able explore their curiosity, develop confidence in their ideas, and learn to creatively approach the school year to make the experience their own.

**STUDENT GOVERNMENT** - Although it is part of the mission of the Academy to develop in every student a sense of leadership and responsibility to and for the community, the Student Faculty Senate (SFS) and the class representatives serve as the leaders of student government at Cushing.

SFS is a group of seniors elected by their class, and its members sit on the Discipline Committee and Honor Council, share in the responsibility for the day-to-day conduct of the school’s affairs and help organize and implement some the schools most exciting and anticipated annual events. Class representatives for the freshmen, sophomores, and juniors are elected once each year, freshmen in January and sophomores and juniors in the spring for the following academic year. Class Representatives for each class are elected solely by the members of their respective classes. SFS members are elected in May before their senior year by the rising senior class. The entire student body elects two rising seniors as the student body presidents.

**CUSHING ACADEMY EXPECTATIONS AND PHILOSOPHICAL STATEMENT FOR STUDENT GOVERNMENT LEADERS**

I understand that serving, as a Cushing Student Leader requires the following of me:

- I will be principled in my actions, ambitious in my goals, energetic in my duties, open-minded in my interactions with others and respectful in my communications with everyone.
- I understand that the role of Class Representative is evolving and that circumstances may require difficult decisions and different tasks than have been required in the past.
- I will invest myself in the process of learning good leadership.
- I will work with my fellow representatives to construct an identity for my class that encompasses a diversity of viewpoints and serves the larger Cushing community.
- In order to act with authority, I will conduct myself in accordance with the Honor Code and with the highest personal integrity.
**PROCTORS**

Proctors are students selected by Dorm Heads and the Office of Student Affairs to serve as role models and leaders in the dormitories.

Proctors help with new student orientation, plan weekend activities, work with other student groups, facilitate dorm connection activities, sit on Disciplinary Committee and Honor Council proceedings, and conduct tours of campus. As a Proctor, students are held to a very high standard of behavior and conduct both in and out of school.

The following are the Academy's primary expectations of Proctors:

- Carry themselves in a way that embodies the balance of community membership and self-discipline expected in our residences.
- Be role models, following the rules of the school. (e.g. be in dress code)
- Have a fundamental role in building a strong sense of community in each residence.
- Be present and visible in the dormitories and around campus.
- Plan and facilitate events in their dormitories (at least three major events per year per proctor).
- Encourage and guide students appropriately.
- Work closely with Dorm Heads to establish expectations specific to the running of their particular residence.
- Reach out to other students to help ease their transition to a new school or a new residence. (Mentoring a small group of new students)
- Immediately communicate with dormitory faculty about major problems that arise in the residence.
- Support the other members of the dorm team and serve as a spokesperson for student concerns.
- Communicate as soon as possible to a faculty member or the Health Center if s/he has reason to believe that a fellow student's health, safety or place at Cushing is at risk. In an emergency, always call 911.
- Attend all Leadership Labs and programs designed for their growth and development.
- Develop trusting relationships with students in their dorms.

In addition to the above, the Proctors attend Leadership Labs over the course of the year as well as weekly meetings with their Dorm Head and team and monthly meetings with the Director of Student Affairs as a group. Proctors work in unison with Student Government and other leadership groups.

Leadership, of course, carries responsibilities. Students who hold Academy sanctioned leadership positions and who violate a Major School Rule will likely be asked to resign from their positions for the remainder of the school year. Students whose probation period has ended may be eligible to petition for reinstatement. The Head of School and Director of Student Affairs will determine eligibility.

**RESIDENTIAL LIFE**

**MISSION STATEMENT AND GUIDING PRINCIPLES** - The mission of our residential life program is to promote the health, safety, and educational advancement of our community by creating an environment that educates the mind, shapes the character, nurtures creativity, and fosters the well-being of each student.

Living on campus and in dormitories is one of the many reasons why Cushing Academy is a unique place to learn and grow. It is an environment where students can develop lasting relationships, discover their passions, develop and grow their talents, and learn to take intellectual risks. As a boarding school it is important to have residential expectations and rules that we all agree to follow and uphold so that we can ensure the personal and collective safety and health of all who live in our community.

Students who live in the dorms have the right to live in an environment that is clean, conducive to learning, and safe. While Proctors, Dorm Heads, and Dorm Parents play leadership roles in creating and maintaining this environment, all students play a vital role in upholding our fundamental expectations of care, honesty, and inclusivity.

The Dormitory room is furnished with a bed, bureau, desk, chair, and wastebasket for each student. Students need to bring or purchase a pillow, linens, blankets, washcloths, towels, and an alarm clock. Furthermore, we suggest bringing a small locking strong box or a trunk with a padlock to secure personal and valuable items.

**CARE OF ROOMS, HALLWAYS, COMMON ROOMS, AND BATHROOMS** - Cushing Academy is a small community; therefore, we all must be mindful that our actions and how we present ourselves affect others around us. With that in mind, our rooms and how they are kept should be inviting, safe, and conducive to study. Posters and wall decorations that display offensive subjects or glorify drugs or alcohol use are not permitted. Furniture may not be arranged in a manner that would violate fire laws. Each resident should also have a clearly defined study area, including a clear desk.
Expectations are as follows:

- Safety rules listed under Residential Regulations section.
- Mattresses may not be placed on floors. Furniture may not be stacked unless approved by the Dorm Head and the Director of Plant and Property.
- Posters may be placed on walls only with sticky putty.
- Pets of any kind are not allowed.
- Students cannot have TVs in room larger than 32 inches

CLEANLINESS - The primary responsibility for the care and upkeep of our rooms and facilities falls on each member of this community. Students are expected to maintain neat and clean rooms as well as dorm hallways and bathrooms and will be checked regularly by dorm parents. Any student who does not comply with this responsibility may be subject to the conduct system.

Rooms are expected to meet the following standards:

- Beds should be made.
- Floors are cleared and cleaned.
- Trash is emptied.
- Open food is removed from room.
- Closets are organized and clean.

ROOM INSPECTIONS - Dormitory rooms and furnishings, except those students bring themselves, are the property of the Academy. Rooms will be inspected by the Dorm Heads at the beginning of the school year and will be re-inspected at the end of the year. All damage found at the end of the year will be the occupant’s responsibility for repair or replacement charges. Furniture and room furnishings may not be removed from rooms assigned; if they have been removed there will be charges for their restoration.

ROOM SEARCHES - Student dormitory rooms, lockers, desks and other areas accessible and used by Cushing students, as well as personal belongings, may be subject to searches to the extent deemed necessary by the Academy in the interests of the health, safety, and/or welfare of its students or of the Academy community.

NIGHTLY SCHEDULE

5:30 - 7:45 pm  Dinner and Student Clubs & Organization Meeting Time
During this time students are also permitted to visit other dorms. Visits with students of the opposite sex must take place in the common room.

7:45 pm  Dorm Check-in
During this time student are required to check-into their dormitories, clean rooms and prepare for study hall.

8:00 - 10:00 pm  Study Hall (See Guidelines for Study Hall)

10:00 - 10:30 pm  This is the period where students may take showers, use the bathrooms, and make phone calls. However, this is still considered a period of quiet time and must be respected as such.

10:30 - 11:00 pm  Lights Out - This is the period where the dorm faculty will check the rooms for lights out. Students should be in their rooms, ready for bed at this time. Freshman and Sophomores have a 10:30 pm lights out time, Junior, Seniors and PGs have a 11:00 pm lights out.

Students must remain in their dorms after check-in and may not leave before 6:00 am on any day. After lights out, students must remain in their dorm rooms.

Unless otherwise noted, typical check-in times are as follows:

- Sunday through Thursday check-in is at 7:45 pm.
- Friday check-in is at 10:30 pm.
- Saturday check-in is at 11:00 pm.
STUDY HALL

A key part of life in the dorms is study hall. Study hall conditions will be observed Sunday through Thursday and will begin at 8pm. Students should be in their dorms ready to study by 7:45 PM. During the period of study hall (8:00 PM-10:00 PM) the environment is conducive to studying and are engaged in work for their courses. This nightly routine provides appropriate structure for completing academic work, while at the same time develops effective and enduring study habits. Because study hall is an important commitment at Cushing, students are not excused from study hall for non-Cushing athletic events and social activities. If a significant family event conflicts with study hall, please contact the Office of Student Affairs.

GUIDELINES FOR STUDY HALL

- After 7:45 pm check-in, students are expected to observe study hours in their own rooms or in other spaces designated by the dorm head.
- Doors must be open.
- Proctors and seniors are expected to help maintain quiet by being in dorm rooms with the door open or in common rooms.
- No visitors will be allowed in dorms after 7:45 pm.
- Students must be engaged in academic work for the duration of study hall.
- Students may work at their desks or on the floor.
- Watching television, playing video games, viewing DVDs, videos, and streaming television programs not related to coursework are prohibited during study hours.
- Students must remain in their own rooms.
- Music may be played with headphones only.
- Group work is generally reserved for the library; however, it may be allowed in the dorms for special circumstances at the discretion of the faculty member on duty.
- Students going to study in the library, Super Structured Study Hall, and Structured Study Hall must check out with the dorm parent and must be at their destination before 8:00 pm.

RESIDENTIAL EXPECTATIONS & PROCEDURES

SAFETY • The health and safety of our students is our primary concern and responsibility. Therefore, students must strictly adhere to the following safety regulations and codes:
- Nothing may hang from or near the ceiling fixtures or across the ceiling itself.
- Rooms may not be subdivided by furniture, sheets, blankets or hangings so as to prevent clear access or view to and from the door. Beds may not be placed in the middle of the room—they must be arranged with one long side against the wall. Bed legs must be on the floor, except when elevated by bed risers. Beds may not be suspended on bricks or cement blocks. Bureaus must have their backs against the wall, and desks are to have one side against the wall.
- Cloth coverings may not be used on any tables, chairs or pieces of furniture.
- Large stuffed or upholstered furniture is prohibited unless it meets current fire safety regulations or has been approved by the Office of Student Affairs
- Halls must be kept clear at all times. Bicycles may not be stored in dormitory rooms.
- No electrical cooking appliances (toasters, popcorn machines, hot pots, percolators, heating coils, space heaters, irons, heat lamps, etc.) are permitted.
- Candles and/or incense are prohibited.
- Halogen lamps are not allowed.
- No refrigerators are permitted in individual rooms.
- Tampering with lighting fixtures, outlets, switches and panels is forbidden.
- Students may not tamper with fire hoses and extinguishers.
- Fire doors should be kept closed at all times. No door should be propped open at anytime.
- Climbing onto roofs and balconies is prohibited.
- Window screens may not be removed.

Cushing is well equipped with a modern smoke and fire detection system that is connected directly to the Ashburnham Fire Department. Any misuse of or tampering with this equipment is a violation of a major school rule. To avoid overloading circuits, stack plugs are prohibited and extension cords may only be used if approved by the student’s Dorm Head and the Director of Plant and Property. Power strips may be purchased through the Academy’s Campus Store or at a local hardware store.

IN CASE OF FIRE IN DORMITORY:
1. Sound the alarm immediately.
2. Leave the building quietly and quickly using the nearest available exit. Each dorm will have evacuation routes posted on walls. Doors to rooms should be left open as you exit the building.
3. If time permits, take a blanket, coat, and shoes. Do not save other items
4. Assemble outside the building at designated areas
5. Dorm parents will begin to take attendance. Be sure you are quiet, cooperative, and attentive during this process.
6. Be sure you are always at a safe distance from the building and away from fire apparatus.
7. Never re-enter the building until instructed to do so by fire personnel or Cushing staff.

Please note, if you live in Lee or Sanborn, doors to rooms should be closed as you exit the building.

**MEDICATION** - We are guided by Massachusetts State regulations and established principles of professional practice among independent schools for the administration of prescription medication.

Every student who brings prescription medication to Cushing must have a plan for its proper administration, as developed by the prescribing physician and our Health Center. International students must bring directions in English. Misuse of medication or failure to follow the plan will result in disciplinary action. “Misuse” includes giving away, stockpiling or selling controlled medication. For more details on our policy please refer to our Health Services in the Community Resources section.

**SECURITY OF PERSONAL BELONGINGS** - Cushing Academy strives to ensure the safety of all students' personal belongings. Although dorm rooms are equipped with individual locks, students should never leave large sums of money in their rooms and should take care in deciding what personal and valuable equipment and jewelry they bring to the Academy. It is highly recommended that valuable items and clothing remain at home, however should a student bring valuable items they should have a small lockbox or trunk with a padlock. All personal items, including clothing, all electronic, sports, camera, stereo and computer equipment, should have some kind of permanent identification. Please note that the Office of Student Affairs must have access to secure equipment. Cushing cannot be responsible for items lost, stolen, or damaged. Parents are advised to list valuables on their homeowner’s insurance policy. Again, to be clear, our rooms are not equipped with safes; therefore, we encourage students to keep money at the local bank.

**ROOM CHANGES** - Room assignments are made at the beginning of the school year. As one of our core beliefs, we feel it is important that all of our students learn to respect and appreciate one another. Therefore, before allowing room changes we expect students to work with one another, their Dorm Heads, advisors, and other dorm parents to try to resolve their differences before the Office of Student Affairs grants permission for a room change. It should also be noted that it is not always possible to grant a room change. Room and roommate changes will not occur until after Parents Weekend.

**COMMON ROOMS** - The Academy provides a common space in all dorm where students can gather. These rooms are equipped with a refrigerator and a television and are for recreational and social use during free time.

These are communal spaces and should be treated as such. Therefore, all of our community standards apply. As is the case with the rest of the dormitory, it is essential that all students take on the responsibility for behaving appropriately in these common rooms and maintaining a level of cleanliness. Unseemly conduct or unreported damage to the furnishings will be considered grounds for closing these spaces.

**GUEST POLICIES** - Cushing Academy defines a guest as anyone other than a parent or guardian. Students who would like guests to visit must follow these policies:

- Any unannounced guest must report immediately to the Office of Student Affairs or Dean on Duty.
- Students must secure permission from the Office of Student Affairs for day visitors on campus.
- All guests must follow all Academy rules. Guests found in violation of any School rule will be asked to leave the Academy immediately.
- No guest may drive a car onto campus without prior notification.
- Under no circumstances will a guest, including family members, be allowed to stay overnight in a student’s room.
- No student who has been dismissed or has withdrawn during the academic year may visit campus without proper approval.
- All requests for guests and plans for that guest must be approved by the Office of Student Affairs 24 hours before the guest’s arrival. Such plans must include housing arrangements.

**FOOD DELIVERY** - Students can order food for delivery to their dormitory on weekends and on weekdays. Sunday through Thursday evenings, there should be no deliveries during study hall from 7:45-10:00 P.M. Deliveries should not be made after lights out. Delivery drivers will not be permitted to directly access dormitories.

**SUPPLEMENTS** - Certain muscle-building and protein supplements can be damaging to a student’s health; therefore, permission to have these in the dorm will be at the discretion of the medical director. Products containing creatine are not allowed.

**KEYS** - Room keys will be issued at the beginning of the year and must be returned at the end of the year. If a key is not returned, a lock change will result in a $75 charge. When a key is lost, it can result in a lock change for that door. The first replacement key is $10; second key, $25; third key, $50; fourth key, $75.
END-OF-YEAR EXPECTATIONS - Students are expected to leave their rooms in the same state they found them on move-in day.

- The only furniture in the room should be a bed, desk, bureau, desk chair, and wastebasket for each student
- All extra furniture must be removed
- Desk and bureau drawers must be empty
- Closets must be empty
- Lights off
- Windows closed
- Trash emptied
- Room must be “broom-clean”

CAMPUS PERMISSIONS

PROCEDURES, REGULATIONS, & INFORMATION WHEN LEAVING CAMPUS

Weekend and day permission sign-outs are based on the principle of the Honor Code that students will “be truthful in (their) interactions.” Since events at Cushing occur seven days a week, all academic, athletic, co-curricular, and other responsibilities and obligations must be met before a student may receive permission to leave the Academy.

Students must always physically sign out with an adult when leaving campus, unless they are on a school-sponsored trip such as a class trip or an interscholastic athletic competition. Discussing plans with the Office of Student Affairs or having parents call in does not relieve students of the responsibility of entering a REACH Request and signing out properly.

REACH AND SIGN-OUT PROCEDURES

- Students may not leave campus until all Cushing commitments and responsibilities have been met. If students do, they risk an academic, athletic and or a disciplinary consequence.
- Any time a student leaves campus (with the exception of class field trips, a special event or teams departing for athletic contests), a REACH Request must be submitted for approval from the Office of Student Affairs. A REACH Request should include the purpose for the campus leave, where the student is requesting to go, the method of transportation, who the student will be staying with and relevant contact information.
- Additionally, if a student must leave campus and needs to miss any Cushing commitment, they must fill out a completed Temporary Absence Form. Students must receive permission, in advance, to have an excused absence from school. This form must be completed 48 hours in advance, informing teachers, advisors, and activities/athletic leaders of the upcoming absence.
- Weekend and permission requests must be submitted to the Office of Student Affairs via REACH by 12:00pm on Thursday. For long weekends, permission requests may be due earlier. Conduct points will be assigned to students filing late requests and leave may be denied.
- Students may not leave campus without parental permission and the approval of the Office of Student Affairs.
- It is assumed that when students take their approved campus leave that they are going to a place approved on their REACH Request. The Academy expects that a parent or an adult approved by a parent will be present to supervise.
- If a student plans to attend a concert or other function prior to going home or to the destination identified on their REACH Request, the student must indicate this in their REACH Request and have obtained the appropriate permission.
- Students may not maintain a residence other than their family home.
- Students may not return to campus if they have signed out for the weekend, unless approved by the Office of Student Affairs.
- Students must return to campus from their weekend no later than 7:30pm. Failure to do so may result in future restrictions to campus or loss of weekend privileges. It also will result in a conduct offense. If an emergency arises and a late return cannot be avoided, the student must telephone the Academy as soon as possible, and in any event in advance of his or her return. Continued failure to sign in on time will be treated more seriously.
- When a student departs or returns to campus, they must check in at the Office of Student Affairs or with a faculty member on duty. Continued failure to check out or to sign in will be treated more seriously.

GUARDIANS - The Office of Student Affairs must be informed in writing of any person who is acting as a guardian of a student and can give permission for overnight visits. The letter designating this guardian must be from the parents of the student and include relevant phone numbers and an address for the guardian. A guardian must be at least 21 years of age.

ON-CAMPUS COMMUNITY WEEKENDS

While we understand that many families use their weekends for events such as college visits and outside team participation, we feel that our community is strengthened through student involvement, including being here on the weekend.

Weekends at Cushing come alive with exciting activities and events for students to enjoy. At the same time, Saturdays and Sundays on campus offer a respite from the hustle and bustle of the academic week and provide time for relaxation and camaraderie with friends and peers. We consider the weekend experience to be an integral part of boarding school life and an important component in the growth of our community.
While most weekends are "open," the following community weekends are considered "on-campus" and students are expected to participate in weekend life and may not sign out:

**DAY STUDENT LIFE**

Day students are an integral and important part of our community; as such, day students are expected to behave in a manner that contributes positively to the welfare of the community. Therefore, day students are strongly encouraged to participate in as many weekend or evening activities as possible; however, day students are not allowed to stay overnight in the dormitories without special permission.

**AUTOMOBILE POLICY** - The day student’s parent or guardian must submit an automobile registration form before that student drives to and from Academy. Forms are available in the Office of Student Affairs.

- Day students may use their cars only for transportation to and from school. They may not drive their cars for any purpose during the school day.
- Day student parking is assigned to a designated part of campus.
- Day students may not give rides to boarding students. A day student may, however, take a boarding student home for the weekend by car if both students’ parents have provided permission to the Office of Student Affairs.
- A day student may not garage a boarding student’s car at his or her home during the academic year.
- Parents of day students bear full responsibility for ensuring that rules regarding automobile use are upheld. A student’s failure to follow this policy may result in loss of driving privileges, conduct points, and other disciplinary action.
- A student’s car is subject to inspection to the extent deemed reasonably necessary by the Academy in the interest of the health, safety, and welfare of its students or other members of the Academy community.

**LOCKERS** - Day students are assigned lockers in the lower level of the Main Building. The Academy provides locks. Lockers may be subject to inspection to the extent deemed reasonably necessary by the school in the interest of the health, safety and welfare of its students or other members of the Academy community.

**INCLEMENT WEATHER** - Most faculty and students live on campus, and we hold classes regardless of the weather. Cushing supports the safety and wellbeing of our students and encourages families to please use your discretion in deciding whether it is possible to get to school on days when snowfall is considerable. When your child cannot get to school, please call the Academic Office (978) 827-7011 between 7:00 am and 7:45 am. Also, if a potentially dangerous storm starts during the day, feel free to pick up your child whenever you think it wise to do so. We also welcome day students to stay in dorms should families decide that this is the best alternative. Students who leave early should stop by the Academic Office to let us know that they will be missing class.

**REPORTING ABSENCES** - A parent should call the Academic Office (978) 827-7011 by 7:45 am if a student is going to miss classes that day for an unplanned absence due to illness or transportation difficulties. Permission for absence from the Academy for any reason other than illness must be requested at least two weeks in advance through the Office of Student Affairs. These days will count towards the Academic’s Attendance Policies.

**MEALS** - Day students are expected to eat lunch at school, and they are invited to eat dinner here. Day students who remain at school for dinner on nights when the Academy has sit-down dinners must be properly dressed. For the 2018-2019 Academic year, sit-down dinners will be held on Thursday nights in the Fall and on Tuesday nights in the Spring. A few times a year, day students are required to stay for an all-school or class dinner. These dates will be posted on the Academy MyCushing calendar well in advance.

**OFF-CAMPUS SIGN OUT** - Day students are not required to sign in when they arrive to campus in the morning or sign out when they leave at the end of their day. However, if a day student leaves campus for a portion of the academic day or has a pre-planned absence, he or she is expected to submit a REACH Request and follow sign-out procedures.

**DAY STUDENT ROOM** - All day students are permitted to be in the day-student room when they are at school and do not have a commitment. Like common rooms in the dormitories, the day student room is meant to be a shared public space. It is essential that students assume responsibility for both behaving appropriately and maintaining a level of cleanliness in the room. Unseemly conduct or unreported damage to the furnishings will be considered grounds for closing the room. **Please note that boarding students must be hosted by a day student in order to be in room.**
COMMUNITY RESOURCES

FUNDRAISING GUIDELINES - Cushing takes care to ensure that fundraising by student, faculty, parent, and school groups is coordinated throughout the school year, in order to avoid over solicitation of members of the local and school community. All activities that involve solicitations of support, including advertising, goods, or monetary contributions, must be proposed, in writing, and approved by the Head of School. When preparing this proposal, please indicate how the fundraising aligns with the Academy's mission, the purpose of the fundraiser, indicate who will be solicited and the estimated timeframe for the fundraiser.

HEALTH SERVICES - The Health Center is located on the first floor of Sawyer-Hopkins Dormitory. Medical care for illnesses, injuries and referrals to off-campus specialists is provided through the Health Center. The Health Center is staffed 24 hours a day, 7 days a week. Urgent medical problems/injuries are treated at Heywood Hospital in Gardner.

Students who require nursing intervention must come to the Health Center before school begins or during a free period, except in the case of urgent medical problems.

Please note: When a student feels ill, he/she must report to the Health Center to be medically excused from classes.

PRESCRIPTION MEDICATION POLICY - We are guided by Massachusetts State regulations and established principles of professional practice among independent schools for the administration of prescription medication. Every student who brings prescription medication to Cushing must have a plan for its proper administration, as developed by the prescribing physician and our Health Center. International students must bring directions in English. Misuse of medication or failure to follow the plan will result in disciplinary action and may lead to suspension or dismissal from the Academy. “Misuse” includes giving away, stockpiling or selling controlled medication.

Our policy states:
• Parents must submit to the Health Center the school-required health forms regarding prescribed medications prior to the student’s arrival on campus. If a student begins any new medications while enrolled at Cushing, the Health Center must be immediately notified to update the student’s health records.
• Upon notification that a student is taking any prescribed psychoactive medication (i.e. antidepressants, stimulants and non-stimulants used for attention disorders, sedatives, tranquillizers and similar medications), the Health Center requires an order form to be completed by the prescribing physician. This form is included as a part of the required health forms.
• All psychoactive medication must be delivered directly to the Health Center by the parent or guardian, either by hand or by mail. The Health Center must be notified in writing of any changes in medication, including frequency or strength, by the prescribing physician.
• The Center, in collaboration with parents, the prescribing physician, and the student, creates an administration plan for each controlled medication. Prescription medication will be dispensed through the Health Center dose by dose. Students are not allowed to keep psychoactive or controlled medication in their dormitory room or accumulate excess medication. Violation of this policy may result in disciplinary action.
• When a student is away from campus for any reason, a parent must call the Health Center to give permission for the release of prescribed medications. Parents must call the Health Center each time a student requests off-campus permission.
• Under Massachusetts law, a parent who is a physician may not prescribe certain drugs for their children, whether the parent is a physician licensed to practice medicine in the Commonwealth or otherwise. Cushing Academy strongly discourages parents who are physicians from treating their children while they are at Cushing Academy, especially with regard to prescription medications.

Medication ALLOWED in the dorm and in student possession - Cushing Academy allows for certain over the counter and prescription medications to be kept in the students’ dorm rooms and self-administered by students. Any such medications must be in their original containers with pharmacy label including student’s name, name of medication, strength, dose, time and duration of administration. Examples of medications allowed would include antibiotics for illness, antibiotics and creams for acne, asthma and allergy medications, Tylenol, Advil, stomach remedies, homeopathic remedies (excluding melatonin), vitamins and contraception. All of the above medications should be in manufacturer’s container. 100% whey preparations are also allowed. Prescribing medical professionals and parents must be sure that instructions and possible side effects of all medications are clear to the student as school staff cannot be responsible for monitoring this.

Medications NOT ALLOWED in the dorm or in student possession - Certain groups and types of medications, under NO circumstances, are to be maintained in the dorm or self-administered by students. The Health Center is responsible for handling and administering these types of medications according to the school’s medication policy. In general, these include psychoactive medications and medications regulated by the federal government as controlled substances. Medications required to be maintained at the Health Center include but are not limited to the following: Ritalin, Strattera, Concerta, Dextedrine, Focalin, Adderall, Fiorinal, Tylenol #3 (with codeine), Robitussin AC (with codeine), Zo-loft, Celexa, Paxil, Lexapro, Prozac, Wellbutrin, Ambien, Alprazolam, and Xanax. Over-the-counter or prescription products containing nicotine are not allowed in a student’s possession. Cough/cold preparations containing alcohol and/or dextromethorphan are not allowed in a student’s possession. Muscle building preparations/products containing creatine are not allowed. Other muscle building and protein supplements (except 100% whey) can be damaging to a student’s health and, therefore, permission to have these in the dorm will be at the discretion of the medical director. Melatonin is not allowed in dorm rooms but can be dispensed by the Health Center if needed.
**MEDICAL LEAVE OF ABSENCE** - In some circumstances, medical leaves of absence may be necessary for effective management or treatment of a medical or emotional issue. Leaves of this nature may be implemented when requested by a student and his/her parent or when a member of the health services staff/administration/Head of School deems it necessary. Medical leaves can be required by the Academy for diagnostic evaluation or treatment. A medical leave may be implemented when a student requires a level of care that surpasses that which is available on campus. A follow-up letter will be sent to the family outlining the leave (see Academic Guidelines for Leave).

**COUNSELING SERVICES** - Counseling services at Cushing Academy are designed to provide an additional source of support and intervention to students. Services are available to help students address the many typical challenges of adolescence, as well as the unique demands of boarding school life.

Counseling and evaluation services are free of charge and voluntary. Counseling may be initiated or requested by a student, a parent, a faculty member or a health care professional in the Health Center. Counseling services are provided on campus in a safe and private space. Services are available during the school day, after school and as needed for emergencies or urgent situations. Some psychological issues may be referred off campus for further evaluation and/or ongoing treatment as requested or determined by the counseling clinical staff. Referrals for psychopharmacological (medication) evaluations may be requested by parents or coordinated by counseling and health services and provided either on or off campus. All requests and referrals to counseling are arranged through the Director of Counseling Services.

**ALCOHOL, DRUG AND NICOTINE TESTING POLICY** - In situations when a Cushing employee determines that a student’s behavior, presentation or circumstance indicates recent alcohol consumption, drug or nicotine use, or both, Cushing’s Health Center will administer an alcohol or drug test, or both, in order to safeguard a student’s health and welfare. If such testing reveals the use of a substance or substances outlined in Cushing’s Drug and Alcohol Policy, or if the students refuses the test, the discipline processes described herein will take effect. A refused alcohol and drug test will be considered a positive test. All alcohol and drug testing will be billed to the student and their family.

**SUBSTANCE USE AND COUNSELING SERVICES** - Cushing Academy is committed to establishing an alcohol/ drug free environment for students. We believe that student use of alcohol, nicotine and other drugs is detrimental to the health and well-being of the individual, disruptive to the community and incompatible with the purpose and objectives of the Academy. The Academy rules pertaining to alcohol/drug possession or use are clearly outlined in this Handbook. A possible outcome to discipline for substance use may result in a required administrative decision for mandated substance abuse education classes through the Counseling Office. This service may be delivered as a group or individual class at the discretion of the administration or counseling department.

**THE A-TEAM** - To provide a confidential response to suspected alcohol or drug use, Cushing Academy has established an intervention team, known as the A-Team. The A-Team is composed of faculty who receive training and supervision from the Director of Counseling. Faculty, students and others who are concerned that a student might be using alcohol or other drugs can refer their non-urgent concern to the A-Team, our school assessment and intervention team. The team’s strategy employs a three-step process for addressing the concern with the student.

- First, two members of the team will talk with the student as an intervention to suspected or potential use. If the concern is valid, several non-disciplinary options exist for the student including counseling and treatment on or off campus as determined by the counseling department. If concerns continue or heighten, the second step may involve a recommendation to the student and parents of specific actions to be taken.
- The third and final step may involve enough concern to require the student to submit to random non-disciplinary urinalysis testing. A student who is willing to follow the recommendations from the A team will receive support to examine any potential use and maintain non-use. A student not able to maintain non-use may need further intervention and/or services recommended and/or required by the Academy.

The Office of Student Affairs, at its discretion in unique circumstances, may intervene in a non-disciplinary manner and require a student to take a urinalysis test. As in the third step outlined above, a student will remain in the non-disciplinary arena after the initial baseline, if subsequent tests continue to show non-use.

The decision to utilize a non-disciplinary response is made by the Academy in its discretion. The availability of this non-disciplinary alternative does not preclude the Academy’s pursuit of disciplinary action when a student has violated the Academy’s drug and alcohol policies.

**SANCTUARY** - The health and safety of our students is of primary concern for our entire community. Students can help themselves or others without fearing disciplinary action when they are in physical or psychological danger as a result of the use of any drug or substance, including alcohol. Sanctuary is a non-disciplinary approach to illicit substance use when such use or behavior presents an immediate/acute or life-threatening situation. Sanctuary does not protect the student from disciplinary consequences if an investigation by a faculty member or administrator has already begun. If you have concerns about yourself or a peer related to an ongoing use and risk-taking behavior, please report your concerns to the A-Team (see page ?? in the Community Handbook for more information) NOTE: The Office of Student Affairs reserves the right to determine in its sole discretion whether a student is seeking help or attempting to manipulate the discipline system. The latter will be handled via Cushing’s Discipline System.

A student or students seeking help through Sanctuary should contact (via conversation, text, or phone call) any adult in our community to request help. There must be confirmation that your communication has been received and that adult can help you. If not, you need to seek help from another adult nearby who can offer you the immediate help you need. When approaching an adult, the student should make clear his or
Cushing Academy

The following courtesies are expected of all students:

- In the company of friends. Students are expected to show the same courtesy in the Cushing Dining Hall as they would at home or a friend's house.
- Computers with whole classes or individual students, or both.
- The librarian is happy to collaborate with teachers to give lessons on research topics they are teaching, either individually or in classes.
- Library/Faculty Collaboration
- The librarian is happy to work with teachers, classes and individuals on the use of our databases, for general use, or for research purposes.

DINING HALL - Meals at Cushing are relaxing times when students and faculty can share ideas, recount the experiences of the day and enjoy the company of friends. Students are expected to show the same courtesy in the Cushing Dining Hall as they would at home or a friend's house. The following courtesies are expected of all students:

- Students are not allowed to take silverware, glasses, plates, cups, food or drink from the Dining Hall.
- Students are expected to clean up from the table and dispose of waste food, dishes, and silverware at the dish window.
- Students must dress properly for meals. Hats, unless for a religious purpose, are not permitted in the dining hall.
- Cell phone use is discouraged in the dining hall.
- Students who disregard the provisions of this policy may, at the discretion of faculty members, be asked to leave the Dining Hall or be subject to conduct points or Restitution.

FISHER-WATKINS LIBRARY - The mission of the Fisher-Watkins Library is to provide equitable physical and intellectual access to the resources and tools required for learning. The school librarian collaborates with teachers to empower students to be lifelong critical thinkers, independent readers, skillful researchers and ethical users of information.

As such, the library plays an important role in helping to prepare students for academic success at the college level. Students develop crucial 21st century research skills using our extensive collection of authoritative print and digital resources. In addition, the library offers an array of print and eBooks for students' recreational reading. Through these resources and other programming, the library strives to provide each student with a strong foundation in information literacy, academic research and lifelong learning.

In this quiet academic space, students are expected to protect the integrity of the library environment. The space should be conducive to study at all times as soon as students enter the space; whether they are sitting at tables, reading areas, doing group work, or when passing through. Coursework that necessitates collaboration may require a private space and students should work with the librarian to find an appropriate spot that is not disruptive.

Borrowing library materials - All materials available to be borrowed, i.e., DVDs, printed books and digital devices, may be checked out at the circulation desk. As a circulating library, materials should be returned by their due date. Vacation loans are also available. If a student loses or fails to return a library item by the end of the term, they will be charged the replacement cost plus a $10.00 service fee. Students and faculty are encouraged to recommend books that they would like to see in the library.

Database Instruction - The librarian is happy to work with teachers, classes and individuals on the use of our databases, for general use, or how it relates to a specific project.

Library/Faculty Collaboration - The librarian is happy to collaborate with teachers to give lessons on research topics they are teaching, either with whole classes or individual students, or both.

Computers - The library is equipped with wireless Internet access for laptop users. In addition, there are ten desktop computers and two printers available for student use during library hours.
Headphones - The library has a limited number of noise-reduction headphones for in-library use.

Food/Drink - Is allowed in the library insofar as students demonstrate responsibility for cleaning up what they bring in. Food or drink containers without lids, such as cereal bowls, ice cream cones, coffee mugs, are not allowed in the library.

Chargers - Phone chargers are available for use at the circulation desk, however we do not have a supply of laptop chargers.

Reserving Materials - Teachers may place library materials on reserve at the circulation desk where students may check them out for use in the library only.

Reserving Space - To avoid overcrowding, faculty and club leaders are requested to sign up for library space for various classes or club meetings. Email the librarian directly to get the event on the library calendar.

Library Study Hall Guidelines - Monday - Thursday Nights, 8:00 - 10:00 pm
The library has thirty spaces available for study hall. Students must reserve a space by emailing the library at studyhall@ushing.org by 6:00 PM on the day of their request. When the spaces are filled, an announcement will be posted on the CA Community Forum. Students must sign out of their dorms and arrive at the library by 7:50 PM and sign in. Any student who is not signed in by that time will be asked to return to their dorm. All residential students in Library Study Hall must stay in the Library until the end of Study Hall at 9:55 PM and check in at their dorms by 10:00 PM. Day students must also sign in and sign out. Use of the silent room is at the discretion of the faculty on duty. Any inappropriate behavior during study hall will result in the student being asked to leave, plus conduct points. Note: Only juniors and seniors may use the library study hall from the beginning of the school until the Parent’s Fall Weekend. After that, freshman and sophomores may also come.

STUDENT CENTER SERVICES - The Student Center is the main location for student services and the Student Activities Office. Student services include the post office, campus store, ATM, recreation area, weekend activity sign-ups, facsimile machine, and dry cleaning, laundry and linen service.

Student Center Hours:

<table>
<thead>
<tr>
<th>Day</th>
<th>Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday - Thursday</td>
<td>9:00 am - 7:45 pm</td>
</tr>
<tr>
<td>Friday</td>
<td>9:00 am - 10:30 pm</td>
</tr>
<tr>
<td>Saturday</td>
<td>12:00 pm - 10:45 pm</td>
</tr>
<tr>
<td>Sunday</td>
<td>12:00 pm - 7:30 pm</td>
</tr>
</tbody>
</table>

Student Center expectations and rules:

- Athletic equipment of any kind is not permitted in the Student Center.
- Board games, pool cues and ping pong paddles may not be removed from the Student Center.
- No horseplay or gambling.
- No tampering with any of the games, change machine or HD TVs.
- Footwear must be worn at all times.

The Campus Store - Students may purchase school supplies, personal items, snacks, drinks, clothing and other necessities here.

Post Office - The mail at Cushing is picked up from the U.S.P.S. each morning, except Sundays and holidays, and is delivered as soon as possible to student mailboxes. The post office is open Monday through Friday.

The Academy has the right to open or require students to open in the presence of a faculty or staff member any package or letter which the Academy has reason to believe is suspicious in nature, subject to applicable law.

Student Activities Office - The Student Activities Office coordinates on-campus weekend activities, weekend trips, charter bus service for vacation breaks, dry cleaning, laundry and linen services, and provides access to a facsimile machine.

Weekend activities and trips - Weekend activities are posted in the Student Center. Each weekend, a number of activities are offered to all members of the Cushing Community: current films; dances with student DJs, professional DJs or a live band; games and tournaments; special shows featuring magicians, hypnotists, musicians or comedians; and recreational gym time, open studio, and ice skating year round. In addition, there are other special events, such as Spring Fling.

Complementing the on-campus activities are a wide range of weekend excursions to Boston, shopping malls, amusement parks, concerts, fairs, ski resorts and professional athletic and cultural events. Students interested in an upcoming weekend event should sign up in the Student Center by noon on the Thursday before the trip. Penguin Points accounts will be debited for the cost of the bus trip and tickets involved.

Both students and parents should be aware that if a student signs up for a trip, transportation is planned according to advance numbers. If the student does not show up for the trip, he/she will be charged for transportation, unless a replacement has been found. Similarly, if tickets have
been ordered in advance for concerts or the theater, the student who has ordered the tickets is responsible for finding a replacement if he/she decides not to attend. Parents are urged to discuss with their children the number of trips they will be allowed each term.

**Please note:** These trips to Boston, shopping malls, amusement parks, etc. are often scheduled on weekends; while a faculty member accompanies the students on the bus, close supervision at the mall, park or events is impossible. Parents who are not comfortable with their child's attendance on such off-campus excursions should notify the Office of Student Affairs in writing prior to the start of the year.

**Dry cleaning, laundry and linen service** - A complete bed linen, laundry and dry cleaning service is available at a reasonable cost from E & R Cleaners. Students may sign up for this service in the Student Activities Office. In addition, there are free washing machines and dryers located in each dormitory.

**Charter Bus Service** - At the start and end of each vacation, Cushing provides chaperoned buses to or from Boston, Logan Airport, and New York City (via Hartford, Fairfield, Darien and Greenwich). Students can sign up for these buses at the start of each term in the student center and appropriate charges will be debited from the student's Penguin Points account. Cushing does not provide bus transportation at the beginning or end of the school year.

**Limousine Service** - There are a number of services offering private transportation, and students are of course free to choose any one that they prefer. The following is a partial list of companies in this area. Cushing Academy does not assume any responsibility for or have any relationship with (and inclusion on this list does not mean that Cushing is recommending) any limousine service, and this list is provided solely for students' convenience.

Worcester Airport Limo   (508) 756-4834 or (800) 660-0992
North Leominster Limo   (888) 434-5466 or (978) 815-9861

First Choice Limousine  (978) 345-6450 or (800) 370-5466 fax
Butler Limo            (978) 632-8300 or (978) 537-4840 or (978) 874-1758

**IMPORTANT PHONE NUMBERS**
Cushing Academy's telephone number is (978) 827-7000. Please use the numbers below to expedite your calls during business hours:

## 2018-2019 Vacations, Breaks and Free Weekends

**Academy Vacation Dates** - To avoid conflicts, parents are asked to arrange all student vacation travel plans in the summer preceding the academic year. When arranging travel plans for students, parents should allow at least three hours for transportation to and from airports and train stations. Students are permitted to stay overnight on campus 24 hours after their last Cushing commitment to facilitate early morning flights.

### Fall Family Weekend
- There are no outgoing buses scheduled for Fall Family Weekend.
- Return to school by 7:30 pm on Monday, October 29, 2018.
- Students can leave campus after their last Cushing obligation.

### Thanksgiving Break
- Break begins at 12:00 pm on Friday, November 16, 2018.
- Dorms close at 12:00 pm on Saturday, November 17, 2018.
- Return by 7:30 pm on Sunday, November 25, 2018.

### Winter Break
- Break begins after last exam.
- Students are asked to leave campus within 24 hours after their last exam.
- Buses depart campus on Wednesday, December 12, 2018.
- Dorms close at 12:00 pm on Thursday, December 13, 2018.
- Return by 7:30 pm on Tuesday, January 2, 2019.

### Winter Free Weekend
- Free weekend begins at 12:00 pm on Friday, February 1, 2019.
- Return by 7:30 pm on Tuesday, February 5, 2019.

### Winter Family Weekend
- There are no outgoing buses scheduled for Winter Family Weekend.
- Return to school by 7:30 pm on Monday, February 25, 2019.
- Students can leave Campus after their last Cushing obligation.

### Spring Break
- Break begins after class on Thursday, March 7, 2019 at 12:00 pm.
- Dorms close at 12:00 pm on Friday, March 8, 2019.
- Return by 7:30 pm on Sunday, March 25, 2019.

### End of Year Seniors
- Leave by 4:00 pm on Saturday, May 25, 2019 (Graduation Day).

### Underclassmen
- Summer Vacation begins after last exam.
- Students are asked to leave campus within 24 hours after their last exam.
- Exams end on Wednesday, May 29, 2019.
- There are no outgoing buses. Dorms close at 12:30 pm on Thursday, May 30, 2019.

Enrollment is the affirmation by the parents and the child that they willingly enter into a contract with Cushing. This contract states that the parents and the child accept the structure of Cushing Academy and that they, individually and collectively, agree to abide by all established policies and procedures of the Academy as outlined in the current Handbook and elsewhere in the Academy’s published materials. Failure by the parents, the guardian or the student to comply with the Academy’s policies is a violation of the contract and may lead to the dismissal of the student from the Academy.

Enrollment contracts are for one year only. An offer of re-enrollment is normally made to students during the Spring Term. A student who has demonstrated difficulty in complying with the policies and procedures of the Academy will be denied re-enrollment status. Grounds for denial of re-enrollment include, but are not limited to, the following: any type of Probation, academic failure, one or more violations of a major Academy rule, attendance difficulty, evidence of substance abuse, failure to observe dress code and insubordination. Decisions regarding re-enrollment status are made by the Head of School in his judgment, upon the recommendations of the faculty as a whole, a discipline committee or the counseling staff.

The rules and policies of Cushing Academy are set by the Trustees, faculty, and administration, and may be revised without notice during the Academy year.

The rules and procedures outlined in this handbook apply under normal circumstances. However, from time to time there are situations that require immediate, nonstandard responses. In such circumstances, the Academy reserves the right to take actions deemed to be in the best interest of the Academy, its faculty, and its students. This document as written does not limit the authority of the Academy to alter its rules and procedures to suit any unusual or changed circumstances.
## WHERE TO GO FOR HELP

There are many people on campus who are available to help you and answer your questions about Cushing life in general. This list is a guideline of whom to see about what subjects.

### Absences
- Academic Office
  - Email: academicoffice@cushing.org
  - Phone: (978) 827-7012
