Bioethics at the Bedside: Caring for the Critically Ill during COVID-19

An Ethics Bowl Event

During this ethics bowl competition, teams will analyze a fictional patient case with ethical issues and respond to questions and comments from the other team and a panel of judges. Ethics Bowl competitions promote respectful, supportive, and rigorous discussion of ethics. They demonstrate for people how to think through ethical issues together, and discuss them civilly, respectfully and constructively as fellow citizens in a complex moral and political community.
