LONG ISLAND LUTHERAN MIDDLE & HIGH SCHOOL IS A FAMILY IN CHRIST, WORKING TOGETHER TO DEVELOP COMPASSIONATE AND EDUCATED LEADERS FOR THE FUTURE.

LONG ISLAND LUTHERAN MIDDLE & HIGH SCHOOL IS A FAMILY IN CHRIST, WORKING TOGETHER TO DEVELOP COMPASSIONATE AND EDUCATED LEADERS FOR THE FUTURE.

Surround yourself with people who lift you up

LuHi is more than a crest or a grading rubric. The LuHi experience is the sum of every teachable moment, personal insight, and lifelong connection that occurs on our campus or within our community.

LuHi is a faith-based, college prep school developing tomorrow's leaders. We empower every member of our close-knit community to achieve and grow personally, academically, and spiritually. With outstanding outcomes, wide-ranging athletics and extra-curricular programs, and a rich tradition of service, LuHi inspires excellence at every turn.

LuHi
AT-A-GLANCE
2018

LuHi provides students with a rigorous college preparatory curriculum focused on educating the whole child. A commitment to outstanding achievement ensures that students become knowledgeable and skilled in areas of critical thinking, communication, technology, and moral and ethical decision-making.

We are passionate about learning

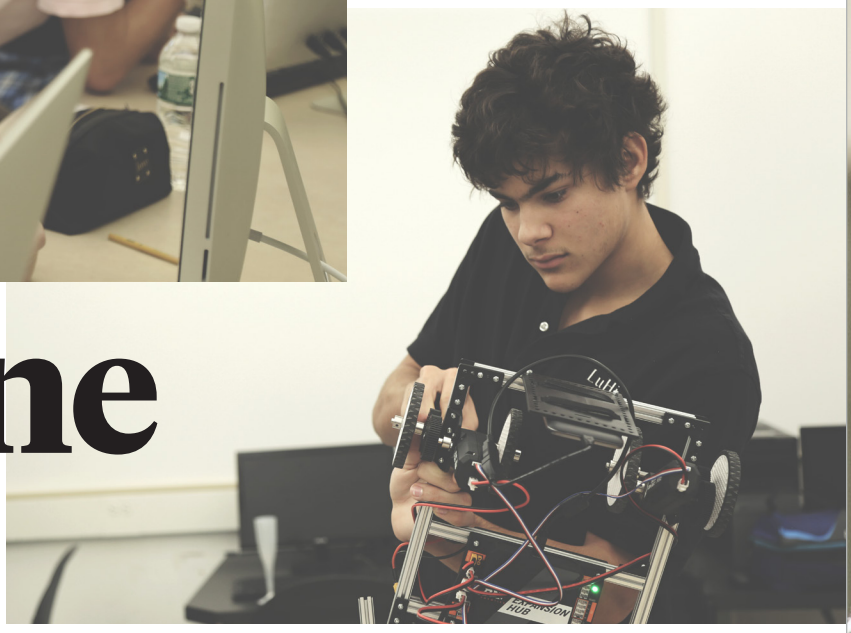
Serving the educational needs of the community since 1960, LuHi is committed to helping students become college prepared, well-rounded, knowledgeable, passionate about learning, grounded in Christian faith, and rooted in love.

Located on a 32-acre estate in Brookville, LuHi is a leader in Christ-centered education, serving students in grades 6 through 12. We are proud to be recognized as a School of Excellence by the U.S. Department of Education and accredited by the New York State Association of Independent Schools.

Where dreams are discovered

The middle school program provides the stable and supportive atmosphere necessary for students to excel in English, math, history, science, world languages, and the arts. With a respect for diverse learning styles and interdisciplinary teaching, the middle school program is infused with cooperative and exploratory learning experiences, allowing students to flourish in an environment that recognizes the developmental needs and interests of early adolescents.

High school students are encouraged to pursue a level of study appropriate to their individual abilities, interests, and personal growth. Honors classes are available to students who demonstrate superior achievement in their core subjects. A wide range of Advanced Placement and dual-enrollment courses allow students to advance more rapidly, explore subjects more fully, and prepare for the rigors of college work.



Imagine the possibilities

LuHi delivers an education for a changing world. Our forward-looking curriculum and extra-curricular programs provide learning opportunities that prepare students for the future – whatever that might look like. We teach students how to acquire, connect, and apply knowledge to solve complex and interesting problems. Student-centered, collaborative, contextual, and integrated with the community, our approach gives students valuable skills they can use in any situation. Our students graduate not just having learned, but knowing how to learn.

LuHi

Always aiming higher

ALL LUHI STUDENTS GO ON TO PURSUE HIGHER EDUCATION FOLLOWING GRADUATION.

LuHi ensures that students are well-prepared for college and the future. Our students graduate having established the academic foundation and good habits they need for success in higher education and their careers. We combine academic rigor with the support of a community to guide our students towards transformative outcomes.

Our college counselors work carefully with students and families to help maximize college choices and match each student with the college or university that can best meet their academic, emotional, and social needs.

The arts department promotes artistic self-development through the emphasis on creativity and mastery of skills. Students choose from a broad range of course offerings in both fine and performing arts and are able to use their gifts for self-expression, critical thinking, and creative problem solving.

WELCOME TO
CRUSADER
COUNTRY

Together we soar

At all levels of play, athletics help students develop confidence and learn important life lessons. LuHi student athletes are challenged to grow in discipline, determination, cooperation, and teamwork. Competing in a variety of independent school leagues, our athletic teams emphasize participation at the middle school level and skill development and inter-scholastic competition at the junior varsity and varsity levels.

Growin
in spiri

While owned by an association of Lutheran churches throughout Nassau and Suffolk Counties, LuHi welcomes students of all faith backgrounds. Our spiritual life programs provide students with the opportunity to development their faith as part of a caring, Christian community.

All students attend religion classes, which use the Scriptures as a basis of faith, commitment, and moral living. Our weekly chapel services provide students and faculty the opportunity to worship together as a school. Students participate in the process of planning and leading services and perform for their fellow students in a variety of choir, music, and dance ensembles.

Faith in action

Christian Ministry programs at LuHi strive to help students develop a personal faith that is evidenced by a life of commitment and service. Opportunities for Christian service are provided in and out of the classroom that actively engage students in the spirit of giving and help foster lifelong service to the community. LuHi's service opportunities reflect our students' dedication to activities that feed the hungry, aid the homeless, comfort the sick, and advance racial and cultural tolerance.

The power of community

Community is at the heart of the LuHi experience. As a community we work together to bring out the best in each other and to ensure that all voices are heard and supported. From collaborative learning to the wealth of opportunities to get involved, LuHi encourages participation and inclusivity at every turn. Lifelong friendships are made here, and students, faculty, family, and alumni all enjoy rich, ongoing ties with our community. With programs, opportunities, and outreach that speak to all interests, LuHi is more than a place to learn – it's a place to belong.

LuHi

THE ADMISSIONS PROCESS AT LUHI IS DESIGNED TO HELP US IDENTIFY STUDENTS WHO WILL THRIVE IN OUR SCHOOL ENVIRONMENT. WE WELCOME APPLICATIONS FROM STUDENTS WHO ARE BRIGHT, CREATIVE, AND MOTIVATED.

Families interested in admission to LuHi are encouraged to attend an Open House beginning in September (for admission the following fall). In addition to submitting an application for admission, records release form, and application fee, students are required to take our entrance examination. A review of previous school records and a personal interview with each candidate and family are also required. For additional information about admissions procedures, please contact:
