THE ACADEMIES

For more information visit landmarkchristianschool.org or contact Associate Head of School, Dr. Daniel Wesche - dwesche@landmark-cs.org.

AVIATION ACADEMY

The Landmark Aviation Academy is a uniquely intentional platform for students interested in becoming professional airline pilots or pursuing other careers within the aviation industry. The Aviation Academy addresses the growing worldwide commercial airline demand for qualified pilots and prepares Landmark graduates for a role in the industry.

KEY CONCENTRATIONS

• Aviation History
• The Physics of Flight
• Mechanics and Engineering
• Aviation Management
• Flight Training

ACADEMY OF ENGINEERING AND TECHNOLOGY

The Landmark Academy of Engineering and Technology (LAET) is on track to be one of America’s premier educational experiences for high school students who are passionate about further study in STEM related fields at the collegiate level. The LAET builds upon the mathematics and physics sequence at Landmark and uses research-based practices around design thinking and problem-based learning to equip students to engineer solutions to real-world problems, thereby preparing them for advanced engineering study at the university level.

KEY CONCENTRATIONS

• General Mechanical
• Electrical and Computer
• Aerospace and Aviation
• Biomedical Technology
• Civil Environmental
• Industrial and Systems
Landmark Christian School encourages students to find their passions and develop their talents. Our Academies give students the opportunity to explore a variety of interests. Through partnerships with industry leaders and experts, Landmark students obtain real-world experiences that empower them to take their interests to the next level.

**ACADEMY OF ARTS AND MEDIA PRODUCTION**

The Landmark Academy of Arts and Media Production (LAMP) is a unique platform for students who are passionate about Arts and Media related fields at the collegiate level. It partners with cutting-edge industry leaders to provide students with real-world industry experience supported by a robust professional network. LAMP attracts the younger generation of music, media, and fine arts related talent in Atlanta to Landmark, developing emerging leaders for a dynamic future in the arts and media industries.

**KEY CONCENTRATIONS**
