

ST. ANNE'S SCHOOL  
**TRUMPETER'S  
NOTE**

*September 15, 2022*

Dear SAS Parent,

As we lean into the culmination of a full academic week, I could not be prouder of the enthusiasm the students have displayed in all areas of school life. From community building at Muskoka Woods to athletics programming and academic classes, it is safe to say the First Cygnets are taking flight.

The students have certainly taken hold of the opportunities presented and are beginning to find comfort in their new home. Each student brings a unique perspective, and it has been heartwarming to observe the respectful sharing of these perspectives. This past week has reinforced the unique opportunity that the First Cygnets and the entire SAS team will experience; we eagerly await all that is to come.

This week, student laptops have been updated and most programs are functioning. Edsby, the school's primary platform for student, parent, and staff check-in, is in operation. Over the next few days, parents will receive an email invitation to activate their Edsby account.

We look forward to seeing many of you this evening at the Welcome-Back-to-School reception at the SAC Head of School's house on campus and next Tuesday evening at the St. Anne's School Curriculum Night. Please see below for all the Curriculum Night details.

Thank you for your continued partnership as we strive to create the best possible program for your daughter.

Sincerely,

Sabrina D'Angelo  
Head of School
