From the Chairman of the Board of Trustees

When it comes to giving, NA certainly sets the standard. Last year, NA students gave over 14,000 hours of community service which is remarkable in an era where so much is about “me.” Recently, the school offered spaces, free of charge, to as many as five students displaced by hurricane Katrina. The NA Parents Association (NAPA) continues to set new standards for support with their wonderful auctions, fashion shows, dinners, and volunteer hours. Our teachers give their lives to the students, and our staff gives their all to keep NA running smoothly.

As you will see in this report, giving at NA is beginning to have an impact on the school’s Annual and Capital Fundraising in ways we could have only dreamed of a few years ago. The timing couldn’t be better, and the cause couldn’t be more important for the long-term health of this wonderful school.

In these sometimes harrowing and often uncertain times, people take time to reflect, to take stock of what is important to them. We don’t as often take for granted our families and our health, our friends and our future. We gain insight into that which is most dear to us. With this backdrop, it is remarkable to me the amount of support so many of our constituencies have shown for NA. Then again, I suppose the rise in charitable giving to the Academy makes sense in that our extended community is letting us know that they believe in NA and hold our values close in their hearts. This school stands for something that will brighten any dark day—it stands for building the kind of character in young people that over time and through generations makes a positive difference in our world. A gift to NA is really a sign of optimism, of belief in the human spirit.

If you have given to NA in any way, I thank you. If you haven’t but you believe in securing a future for generations of NA graduates to come—generations of bright, compassionate youngsters who will serve at the helm—please make NA a priority in your charitable giving. Help us light the way for these young people; soon enough they will be holding the lantern.

Sincerely,

William D. Green ’69
