In the middle school at Malvern Prep, we combine timeless values with a curriculum that reflects the best and latest in educational thinking. It’s the perfect combination for boys at an age of pivotal growth and change. Here, they are part of a community founded in Truth, Unity, and Love, while they are immersed in lessons that deeply engage their energy, imagination, and eagerness to learn.
A School for Boys: Visit Malvern, and you will experience the energy, spirit, and sense of brotherhood that come from our single focus on educating boys.

“Malvern’s middle school is a gem. The balance between nurture and challenge is just right, and the faculty is spectacular.” — PAUL KENNEDY, ALUMNUS, PARENT AND TRUSTEE EMERITUS

Strong Foundations
Malvern Prep welcomes its students into a warm, loving, and supportive family. Guided by St. Augustine’s teachings, our students experience a transformation from the day they enter our school as boys, to the day they graduate as young men of strength and character.

An Exceptional Place to Learn and Grow

New Frontiers
Our middle schoolers achieve the mastery in each core subject area needed for success in upper school. They also do much more: First-person interviews with immigrant families and Skype sessions with reporters; prototyping and presenting engineering projects; connecting ideas from one discipline to another, and collaborating at every stage. It’s an exciting way to learn. It’s also backed by solid research, with the clear goal of nurturing deeper understanding and higher-level intellectual skills.

Wide Horizons
Malvern offers boys opportunities that go far beyond what most middle schools can match—from the resources of a 103-acre campus to arts activities like our middle school musical, to the chance to take part in one of the region’s strongest interscholastic sports programs. The result is multiple chances for each boy to explore his full range of talents.

Faith and Values:
Malvern’s identity as an Augustinian and Catholic school is at the heart of all we do, inspiring us to nurture not only great students, but good young men.

“The friendship you see here between the boys and also between the students and teachers is something truly special.” — LEO KINDON, FACULTY MEMBER AND PARENT

“The innovative academic program in the middle school is very impressive. It’s a tremendous value-add.” — STEVE CLOETINGH, PARENT AND TRUSTEE
