hello!
When the Sisters, Servants of the Immaculate Heart of Mary opened Marian in 1959, they continued their tradition of offering young women the finest Catholic education possible, providing a strong academic program in the classroom accompanied by a commitment to serve others in the world beyond. We cherish that vision as we look toward the future.

For sixty-one years, Marian’s faculty and staff have provided an environment marked by academic excellence and Christian community. Our experience proves that our challenging program leads to acceptances at colleges and universities of choice. Our focus on the development of the total person results in young women who are prepared for all that life has to offer. The student body represents a diverse population, each bringing her individual talents to school, each student enriching the others. Marian is a place to grow intellectually, spiritually, socially, emotionally, and physically.

We look forward to having you visit us soon to personally engage in the Marian experience. For additional information, please contact the Office of Admission at (248) 502-3033 or admission@marian-hs.org.
Strong Women of Mind and Heart

Where do your strengths lie? In science and sports? English and the arts? Social studies and service? Language and leadership? Whatever your academic and co-curricular interests, you will explore and discover new strengths at Marian. Strengths you may not even realize you have. Strengths that will help you succeed in college and carry you through life. Marian students are strong women of mind and heart.

Because Marian is an all-girls’ high school, students are free to be themselves. They proudly wear uniforms, no make-up, and messy buns. They encourage and support each other. They find confidence in their abilities, feel empowered to challenge themselves, and grow in their faith. They learn to lead from within. They learn lessons that last a lifetime.

An All-Girl Atmosphere

Many families prefer an all-girl high school because it provides an environment where girls come first, and excellence is viewed as the norm. Marian students are encouraged to assume leadership positions in a wide variety of venues in preparation for becoming leaders in the world beyond Marian.

Our location adjacent to Brother Rice High School, a college preparatory school for boys, provides a number of unique co-ed opportunities including shared clubs, social activities, outreach projects, and even some classes. Marian dances are well attended by boys from area high schools including Brother Rice.
Marian Parents

At Marian, parents are considered to be the most important partners in the education of their children. With that in mind, Marian communicates regularly with families through monthly newsletters, e-mails, daily announcements, PowerSchool (our Learner Management System), our Google-hosted Community Resource pages, and scheduled meetings with faculty and guidance counselors. Parent knowledge of assignments, test dates, and course requirements can serve as an impetus for discussion about a student’s progress, successes, and challenges.

Marian believes that it is important for parents to be involved in the lives of their daughters by being involved in the life of the school. The Mothers’ Club, Dads’ Club, and the Marian Athletic Club each offer a variety of opportunities for parent involvement. Parents can share their time and talents with their daughters and with the Marian community in many ways, including volunteering, social groups and networking, service and philanthropy, and Christian reflection, among others.
Technology

Marian High School has committed to advancing the use of digital technologies in the classroom as basic engaging and learning tools. Technology skills and outcomes are necessary in preparing students for college and beyond in a constantly changing world. Working toward that end, Marian strives to offer students a variety of technology-related courses and increasing technology experiences in all of its classes.

Technology offerings include use of dedicated photographic hard/software, dedicated yearbook/publishing tools, Marian’s Library Media Center on-line data search/retrieval and web-based research solutions, and a variety of jointly offered specific technology-related classes with Brother Rice High School. Our main focus is on preparing students for daily living with the tools of technology while having fun, making mistakes and learning.

Marian High School’s technology infrastructure includes building-wide wired and wireless networking, three student computer labs, specialized workstations (photography, journalism, yearbook layout), data recorder science devices, networked TI-graphing calculators in math classrooms, 25 classrooms with SmartBoard and/or Elmo projectors (all other classrooms have LCD projection capabilities), and high-speed school Internet access via fiber optic cabling. In addition, Marian has 100% faculty use of PowerSchool, with classroom management software, digital grade books and on-line student/parent portals with continual posting of classroom material, progress reports, and live viewing of assignments/grades as they are recorded by the teacher.

Uniforms

Uniforms set an atmosphere and tone for education. Marian’s uniform regulations are intended to promote self-respect in the area of dress and personal grooming, as well as respect for others. In general, students wear a uniform skirt with either an oxford blouse or a Marian monogrammed polo shirt. Students may also wear a Marian monogrammed sweater, sweater vest, varsity sweater, blazer, or fleece. Socks or tights and proper footwear must be worn as well. In addition, every Friday is Spirit Day at Marian when students may wear an imprinted Marian shirt, fleece, or sweatshirt, and sneakers with their uniform socks and skirt.

Transportation

Each morning, students from 45 Detroit metropolitan communities located within three counties commute to Marian. Public school bus service is available to students who live within the Birmingham school district. Limited bus service to the Rochester area is also provided through Brother Rice High School; however, carpooling is the most popular way to get to school. Marian is open before and after school hours to accommodate early arrivals and late departures. Adult supervision is provided after school in the student lounge on most afternoons.
Strong Women of Mind and Heart

Thank You

Happy Valentine's Day!

Thank you to your friends for their kindness. You are pretty impressive!
Spiritual Life at Marian

Marian strives to offer its students a place where they can live out their faith and experience spiritual growth both in and out of the classroom. Because Marian is a Catholic school, four years of theology are required.

Beyond the classroom, Marian students are actively involved in writing daily morning prayers, planning school liturgies, organizing outreach projects, completing community service hours, and participating in class retreats. Liturgies are an important part of the Marian experience. Each school year at Marian begins with an opening Mass and the commissioning of the school, class, and club leaders. Monthly Masses are scheduled throughout the school year to celebrate the holy days and seasons of the Church. The Mothers’ Club and the Dads’ Club plan special liturgies for parents and their daughters followed by a breakfast. Many students take the opportunity to attend Mass, celebrated in the Chapel, once a week. The end of the school year is celebrated with a closing Mass.

The Chapel, near the front entrance, is always open for students to spend a few minutes in prayer during their busy days. They take these moments to re-focus and re-energize for the rest of their day. During Advent and Lent, reconciliation services are planned for the student body, as well as Stations of the Cross weekly during Lent.

Campus Ministry

The Campus Ministry office at Marian offers programs and events to help students develop and enhance their spirituality as they grow to become young women of faith and service. Since prayer is at the core of our lives, a member of the student Pastoral Team leads the school in prayer each morning. Students may wish to join the Pastoral Team if they are interested in assisting at school liturgies. The Marian community has empowered members of this team to serve as lectors, Eucharistic ministers, servers, cantors, and sacristans.
Marian Acts in Christian Service

Marian Acts in Christian Service (MACS), the Christian service component of Marian’s curriculum, is a requirement for graduation. The program calls students to explore their talents through performing the corporal and spiritual works of mercy. Students discover how they can use these talents to better this world and the lives of others in the metropolitan community. Marian students are known as dedicated and caring volunteers at a variety of community organizations. In many cases, students continue to actively volunteer long after the required MACS service hours are completed.

Christian Outreach

Throughout the year, Marian’s classes, clubs, teams, and other organizations sponsor many outreach projects. During the 2018-2019 school year, students raised and donated over $34,000 in cash, goods, and services to 42 organizations. Students may also join Project Care, a group of students who coordinate the school’s Christian outreach projects throughout the year and engage in hands-on service projects.

Class Retreats

Each year at Marian, students participate in two class retreats. Every retreat has a different concentration that allows participants to further explore their relationship with God and others. The retreat themes are connected to the theology curriculum that the students are studying; therefore, topics the students are exploring in the classroom become the basis for small group discussions and other activities during their retreats. The freshmen take part in two retreats on campus, while the sophomores spend one retreat day off-site and another on-site. Juniors complete a day of service at several sites in the community, along with an on-site retreat, and the seniors participate in an overnight retreat that begins to focus them on the transition of their faith life from high school to college. Upper class students have additional occasions to participate in smaller and more contemplative retreats with an emphasis on individual spiritual growth. Each retreat helps to foster and develop students’ spiritual growth during the years they attend Marian.
By the Numbers

Credit Requirement
A minimum of **24.50 credits** is required for graduation from Marian.

Classes
A typical daily schedule consists of **seven classes**. Average class size is 20 students.

Honors and Advanced Placement Courses
Marian challenges motivated and academically talented students by offering **21 honors** and **16 Advanced Placement** courses.

Distinguished Faculty
Approximately 68 percent of Marian’s **40 faculty members** have earned graduate degrees. The student to faculty ratio is 20:1.

Student Body
Marian’s nearly 450 students represent **45 communities** throughout Macomb, Oakland, and Wayne Counties.

Accreditation
Marian is fully accredited by **NCA CASI**, an accrediting division of AdvancED.

Library Media Center

The Library Media Center is the **multi-faceted learning hub** of the school. It serves as a resource center for research and provides instruction on information skills. A wide variety of print and electronic resources are provided in support of Marian’s curriculum. Electronic resources include eBooks and a full complement of databases, creating a virtual library that can be accessed both in and out of school. The instructional focus is on developing lifelong skills that involve locating, accessing, evaluating, applying, and creating information. The Library Media Center also offers a variety in recreational reading, a quiet environment for homework, and a computer lab.
Courses include English, mathematics, social studies, science, modern language, theology, fine and performing arts, computers and business, computer science, engineering, physical and health education. Community service hours are also required for graduation.

* Classes marked with an asterisk are shared with Brother Rice

The study of English includes knowledge of the language itself, development of its use as a means of communication, and appreciation of its artistry as expressed in literature. The development of these reading, writing, speaking, listening, and observing skills is a lifelong process.

**Mathematics**

Mathematics education at Marian is designed to prepare students for the future by increasing their knowledge of mathematics and its applications. The mathematics curriculum provides students with the knowledge and skills that will allow them to function as productive citizens in a society which extensively utilizes technology and information processing. The overall design is to develop mathematical concepts, techniques, and problem-solving skills so students can become responsible for their own learning and apply these skills to other disciplines, educational pursuits, and life situations.

The Social Studies Department at Marian believes that America’s binding heritage is a democratic vision of liberty, equality, and justice. To preserve this vision and bring it into daily practice, students are taught how American history was shaped by the past, what events and forces either helped or obstructed it, and how it has evolved to the circumstances of our time. Through various academic courses and the option to participate in the Diversity Matters Club, students also explore the diverse cultural heritage of the world’s many peoples, for a comprehensive study of history and people keeps them in touch with these realities. Marian students are made aware that this knowledge is essential for informed judgment, responsible democratic citizenship, and respect for the dignity of all individuals. Finally, the Social Studies Department offers students the opportunity to learn about the fascinating topic of human behavior and mental processes through its robust psychology curriculum and the Mental Health Awareness Club.

Within the context of the Marian philosophy, the Science Department recognizes the joint partnership between teachers, students, and parents to impart positive learning and thinking skills to students. As a result, the Science Department presents opportunities to accommodate diverse learning styles and levels of knowledge and stresses the importance of scientific processes, as well as scientific content. In recognition of the importance of the STEM (Science, Technology, Engineering, and Math) initiative, all science teachers are aligning their curriculum to Next Generation Science Standards. The Michigan Department of Education states that students are more likely to be college-ready if they take courses in biology, chemistry, and physics; therefore, beginning with the Class of 2020, physics is a graduation requirement.

Biology Honors Biology Principles of Chemistry Chemistry Honors Chemistry Principles of Physics Physics Anatomy and Physiology I Anatomy and Physiology II Earth Science Environmental Science I Forensic Science Genetics Microbiology AP Biology AP Chemistry* AP Physics I AP Physics II*
The mission of the Modern Language Department at Marian is to facilitate proficiency in the four skills of a target language: listening, speaking, reading, and writing. The students will develop an awareness of and an appreciation for the culture of the countries whose language they are learning; they may study more than one language. Freshmen and/or transfer students with previous language studies, who demonstrate proficiency, will be placed accordingly.

The Marian Theology Department seeks to educate young women in an environment permeated by gospel values of love, compassion, justice, reconciliation, and concern for the poor and vulnerable. Students are encouraged to integrate essential elements of the Catholic faith, develop critical thinking skills, and recognize and articulate their faith experience. The theology curriculum, grounded in the liberating mission of Jesus, is designed to maximize the spiritual, intellectual, and personal growth of the student; classes are designed to lead to an internalization of the teaching of Jesus, a personal relationship with God, trust in the wisdom of the Spirit, and a clear understanding of what it means to live as a person of faith.

**Freshman Theology:**

Computers and Business

The Computer and Business Department offers classes to prepare students to become effective users of technology. Students engage in “hands-on” activities to develop the technology skills needed for college and beyond.

Accounting I*  Computer Applications I  Computer Applications II  Computer Science

Engineering

Students will be provided the opportunity to learn fundamental concepts and skills that will prepare them for a challenging university program in engineering. All engineering courses are taught at Brother Rice. The following courses may be taken for elective credit.

Architectural Drawing*  Advanced Engineering Design*  Advanced Engineering Technologies*

*Varying-on-demand engineering, business, computer science, and technology classes are offered at Brother Rice High School.

Physical Education

Nothing is more basic than the development and maintenance of good health. The Physical Education Department instills an appreciation and an awareness of good health and physical fitness by providing students accurate information and activities that promote good health practices. The department strives to improve the health and fitness of all students by helping them incorporate positive attitudes and behavior patterns into their lifestyles.

Health  Physical Education
Marian’s guidance counselors are licensed and state-certified professionals who assist all students with their academic, personal, and college/career development through high school. Marian’s freshman counselor gives special attention to ninth grade students in their social and academic transition to high school, ensuring a solid foundation for success throughout their four years at Marian. All counselors maintain regular contact with students through individual planning meetings and monthly large-group class meetings to address student needs throughout the year. Students are engaged in a comprehensive counseling curriculum that includes course planning, resume building, standardized test preparation, career exploration, college research and application, and, finally, the transition to college.

Preparing for College

Each step in Marian’s counseling curriculum prepares students to achieve their college goals. Marian offers a comprehensive standardized testing program to prepare students to be successful on college admission tests. Students begin their preparation with the Pre-ACT exam in 9th and 10th grades. During 11th grade, students have the opportunity to take a practice ACT test; then they take the ACT college entrance exam with their classmates at Marian. Students also have the opportunity to practice for the SAT college entrance exam by taking the PSAT test both in 10th and 11th grades. Marian’s college counselor works individually with students and parents in the college admission process. The counselor arranges networking and information programs with top colleges and universities to provide students with numerous opportunities to find their best-fit colleges.

Class of 2019 Highlights

- 118 Graduates
- 3 National Merit Commended Students
- 1 National Merit Finalist and Scholarship Winner
- 76 President’s Award for Educational Excellence Honorees
- 18 President’s Award for Educational Achievement Honorees
- $13,428,860 in scholarship money offered to the Class of 2019 (as of May 6, 2019)
- 7,838 service hours committed to the greater Detroit community

* Class of 2019 test averages not available at time of publication

**The large increase in the State ACT Composite Average between the Classes of 2016 and 2017 is a result of the State of Michigan’s public schools transitioning from the ACT to the SAT, thus narrowing the testing pool significantly.
College and Career Exploration Day

Beginning with freshman year, counselors help guide Marian students on the path to college. All ninth grade students participate in a College and Career Exploration Day where they actively explore their strengths and interests and begin to form goals to guide their academic plan for high school. Students engage in small group activities that show the importance of co-curricular involvement and community service in shaping their high school experience. They are introduced to Marian’s online college and career program, Naviance, and use it to perform a college search. College and Career Exploration Day is an excellent opportunity for Marian students to set college and career goals and begin on the path to successfully achieving them.

Naviance

All students use the Naviance online program beginning with their freshman year. Counselors use Naviance’s excellent resources to guide each student through her academic planning, career development, and college choices. Students take online interest inventories and career surveys, develop their four-year plan of courses, and research over 4,000 colleges and universities to find their best-fit college options. Parents can view their daughter’s progress through their own Naviance parent account.

Field Day

Field Day at Marian is a day away from the traditional classroom setting and an opportunity to become involved in community and class team-building activities. Leading up to Field Day each fall, friendships are made, pride in each class is strengthened – and students get to create costumes from colored garbage bags! Each class meets to determine its theme for the event which is then incorporated into every facet of the day including t-shirt and costume designs, song writing contests, parades, stunts, and banner contests. Weeks of preparation by each class culminate in one very special day filled with activities. Students can also participate in events such as the wheelbarrow race, water balloon toss, buddy boards, tug of war, volleyball, tennis, soccer, hallway decorating contest, and more. Year after year, classes put in weeks of hard work and dedication simply to earn the bragging rights of being named Field Day champions!

Marian Walk-a-thon

Marian students obtain pledges to walk a six-mile route through the surrounding neighborhoods in the annual Walkathon to benefit nonprofit organizations. Students also enjoy a delicious lunch provided by the Dad’s Club followed by an afternoon of sharing mission trip stories, picture slideshows and yearbook distribution. In 2018-2019, Lighthouse’s South Oakland Shelter and Angels’ Place were the recipients of Walk-a-thon proceeds. Students also packed 500 “snack pax” for the Song and Spirit charity.
**Tuition and Fees for the 2019-2020 School Year**

Cost of Marian Education* ................................ $16,035  
Marian Leadership Grant* ................................ ($2,400)  
Tuition (Parent Cost) ........................................... $13,635  
Registration Fee ................................................ $225  
General Fee ......................................................... $350  

A $1,000 non-refundable deposit is due at registration. The general fee includes annual membership in the Mothers’ and Dads’ Clubs, yearbook, Guidance Department materials, and Library Media Center services. Families are offered three payment plans, either one, three or 10 installments.

*Each student receives a Marian Leadership Grant of $2,400 to cover the difference between the actual cost of a Marian education and tuition (parent cost). Parents may elect to help offset the cost of the grants through a tax-deductible gift equal to all or a portion of the Marian Leadership Grant via Marian’s Parent Partnership Program.

---

**Tuition Assistance**

**Tuition Assistance funded by Marian**
The primary objective of the tuition assistance program, funded by Marian, is to help students from moderate and low-income families attend Marian. Families are able to apply for tuition assistance awards which are determined by the Tuition Assistance Committee.

**Tuition Discounts**
Tuition discounts are offered to families with two or more daughters at Marian as well as to those families with sons at Brother Rice High School.

**Archdiocesan Grants**
Archdiocesan Grants are offered to qualified families who are active parishioners.

**Student Work Program**
The student work program offers students an opportunity to work within the school, outside of class hours, earning minimum wage which is applied toward their tuition.

---

**Scholarships**

**Marian sponsors several Freshman Scholarships:**
- Academic Gold Scholarship (2)
- Academic Blue Scholarship (2)
- Christine Else ’90 Memorial Art Scholarship (1)
- Courtney Elizabeth Johns ’96 Memorial Scholarship (1)
- Margaret T. McMahon English Scholarship (1)
- Mary Ann DuBay Leadership Scholarship (1)
- Raymond J. Nagle Memorial Scholarship (1)
- Service Scholarship (1)

These scholarships are awarded to incoming freshmen based on their applications, accomplishments, previous school records, test scores, teacher recommendations, and, in student interviews. Additional general scholarships are awarded to the incoming class. Please see the website for more detailed information.

**Several endowed scholarships are available to other Marian students; some scholarships are renewable:**
- Elizabeth O’Donnell Baer ’89 Memorial Scholarship (1)
- Caritas Scholarship (1)
- Dolores Chapman Memorial Scholarship (1)
- St. Marguerite d’Youville Scholarship (1)
- Sr. Elizabeth Girardot, IHM Scholarship (1)
- Mary Anne Harahan Scholarship (2)
- Courtney Elizabeth Johns ’96 Memorial Scholarship (1)
- Sr. Christa DePrimo, IHM Science Scholarship (1)
- Sr. Dorothy Peltier, IHM Science Scholarship (1)

- Sr. Lenore Pochelski, IHM Endowed Scholarship (3)
- Samyn Akao Science Scholarship (2)
- Taunt Family Memorial Scholarship (3)
In September 2019, Marian began its 61st year of educating women leaders! We are proud of our alumnae who are prominent in their professions, their communities, their churches, as entrepreneurs, mentors, coaches, and volunteers. They are role models for our current students, as Marian helps each student discover and develop the leader within herself.

Personal Perspectives

We have had three daughters graduate from Marian and have been a part of this exceptional institution for ten years. Our expectations have not only been met but have been far exceeded since attending that very first open house ten years ago. Marian truly is “a place set apart” - one where our daughters grew into independent, self-confident, and compassionate young women of faith; women who are not afraid to voice their opinion, who stand up for their values, and who care about the community around them and beyond. They have accumulated the knowledge to articulate their values and why they believe what they do. Their Marian education has been worth every penny - the reward was well worth the sacrifice.

— Marily Fassett
Mother of Marian alumnae Victoria (2013), Catherine (2015), and Anika (2019)

A recent graduate of the class of 2019, our daughter was the beneficiary of Marian’s rigorous academic curriculum, superb athletic program, and faith-filled education. She found immense support and guidance from Marian’s faculty, counselors, and staff, who consistently challenged and encouraged her to explore and reach her potential, both academically and spiritually. She cultivated friendships and family relationships that will endure beyond her time at Marian, where the administration instills in each student the sense of dignity, self-respect, and discipline which are fundamental to success outside of the classroom. Our daughter is not only well-prepared for the academic undertakings before her, but has acquired through her Marian experience a set of life skills predicated on hard work, compassion, service, and humility. We are eager to see how the Marian way inspires and enriches the course for our younger daughter who will be joining the Class of 2023 in the fall.

While Claire may have achieved academic success at another high school, we believe that it is only at Marian where she could emerge with the kind of poise, character, and confidence she will now bring to the next promising chapter of her young adulthood.

— Stephanie and Kevin Fanning
Parents of alumna and class valedictorian Claire Fanning ’19 and current student Emily Fanning ’23

From a student

Marian has instilled in us qualities that will allow us to go out and be great leaders in this world. It has strengthened our hearts, motivated our drive, and molded us into the strong intelligent women that we are today. I am forever grateful and extremely excited to see how our class will continue to set themselves apart in the next stages of life.

The best way that we can show our gratitude and appreciation is by making the most of the opportunities we’ve been given. Go forward into the world with the intention of making it a better place.

To the place I will always call home, and the people I will always call family, thank you for the best four years.

— Nadine Abro ’19
Class President
Mission
Marian is a Catholic college preparatory school for young women, sponsored by the Sisters, Servants of the Immaculate Heart of Mary. The mission of Marian is to ensure, within a Christian environment, an excellent education built on a strong academic curriculum, which will enable young women to value human diversity and live responsible lives of leadership and action based on gospel values.

Vision
An enduring tradition: guiding young women spiritually, challenging them academically, and inspiring them to a life of leadership and service.
