COMMUNITY & SUMMER EUCHARISTS

Community Eucharists, planned regularly throughout the year, are always lively and inspired services. African drumming, liturgical dance, and worship customs from around the world are often included in the liturgy. The community of faculty, staff, students and their families gather together in the evening to worship at the Community Eucharist and to share dinner in the refectory following the service.

At Summer Eucharists, members of the community remaining in the area during the summer break and new students and their families gather on Wednesday evenings for an informal Eucharist celebrated in the VTS chapel. The service is usually followed by a potluck barbeque on the patio of the refectory.
